The songs on this album were sung through my consciousness from the consciousness of the Cosmic Dolphin Family who are the actual creators of the human angelic race line. The story of how much our Oraphim Cetacean family loves us is told in this album. They have come to remind us to see ALL AS LOVE AND LOVE AS ALL. They have come to tell us that their love for us is unconditional and unlimited. Their songs actually describe how they will weave their rainbow of frequencies through the Earth and through their angelic raceline in order to re-create the original divine creation they had always envisioned for us. As my Oraphim Mother, Cinderella sang through me continuously for four hours, I recorded as much of the original breath and words of her channeled transmission as possible. I couldn't stop crying as the words were woven through my consciousness which causes the blurriness in the clarity of words. It should also be known that this transmission was directly from the Cosmos, into the Elohim of Hearing who did the direct translation of the Frequency Language of the Oraphim Family. My Dolphin Family consists of Cinderella, Shajinka, Winifred, Ziegfried, Tinker Bell, Renee, Flipper, Zeena, Marcus, Zaurak, Uriel, and Lacodemus. They have all contributed their loving messages and directions of how their complete plan of our resurrection and ascension will be performed.

Long ago, the Braharama Oraphim Cetacean were the loving Guardians and creators of our human angelic Taran Race line. They were the most loving, kind, generous races ever to enter this Cosmos. During the Electric Wars, the Red Dragons possessed the entire race line of Braharama Cetaceans. That means they became the Fallen Red Dragons. Once a race has fallen that far, there is only one way to bring them back online with Source. That is to do exactly what aDolphino did. He allowed himself to be possessed. That created the opportunity for our Maharaji Family to implant one of his Higher Selves from the Cosmic Matrix in his body who would be able to direct the demonic possessors out to Space Dust for a fast return to Source. That placed them in the possibility of being born again into the divine matrix. At the same time, aDolphino exchanged his original third dimensional personality for a higher self, walk- in which would allow the transformation of the original Aquari race line to blend and transmute the Equari - Red Dragon race line- back into the needed Divine Blue Print which was established into the Sphere of Amenti when aDolphino returned to Earth after his abduction. The return to Earth was completely from the level of Source, as the rebirth of all on Earth will be. The return to Earth placed those needed Aquari codes into the Equari codes so that the entire Oraphim Race could be given a second chance.

The Oraphim Braharama Cetacean Race left their imprint within the Earth's bioenergetics field by creating the dolphin and whale races who are very light in complexion, vegetarians who live in warm water. That race line has been on Earth as the transmission field of frequencies of communication, which has been allowing the Cosmic Consciousness to remain on Earth until this time.

Now, is the first time in billions of years, that the original Amethyst order Oraphim Braharama Cetacean Race Line will be allowed to become re-established on Earth as a possible regeneration of the original divine species -- our actual parents. So, basically, what aDolphino did for the Oraphim Cetaceans, besides creating the ascension portal for our families within the oceans to rise into the Cloud Cities of the fifth dimension, was to bring our parents, our families, our friends from millions of years ago, back on line with Source by streaming their original Soul's Codes or Frequencies into the Sphere of Amenti within the Heart of Mother Earth.

The forgiveness for the pain, the demonic possession, the terrible holocaust, and all that has been done in the name of the Red Dragon, can and will be forgiven because we know that they were originally the very Dolphins who we all love so very much. We will always see them for who they originally were and therefore, always will be in the Mind of God.

This book will share the facts given to me by the Guardian Races and our creators from dimensional realities beyond this Earth's 15 dimensional Matrix.

First, you will learn how to make your own space ship.

Next, you will learn how you are actually reconnecting your Consciousness to your entire Higher Dimensional Families in Tara (4,5,6), Gaia (7,8,9), Aramentena (10,11,12) and the Cosmic Consciousness where our original Templates of Creation were formed.

Then, you will learn how to connect to the Frequencies that activate the space ship.

Finally, you will meet the Great Ones who will be entering your Consciousness - which is your field of Reality - as you shift into fifth dimensional perception.

The entire scientific reason why we can turn our bodies into a lighter frequency than the gravity field, which will allow us to orb out of this reality field in our own light bodies - or space ships, is because we can shift our consciousness into dimensional realities of much less dense particles. We can shift into particles that are so etheric they no longer need the negative charge to bond the positive charge. We shift into a realm where the outer bands of light energy, which is the Frequency of Source holds together all inner light bands, regardless of their density.

We are held within this Consciousness of Source, which is the Mind of God, which is who we are. This is why we don't actually leave, or move. We just stay right where we are, but in a less dense form. However, we can choose to travel if we want to because once we have moved out of the energy levels of negative positive into neutral, we can travel beyond the speed of light.

The reason that we will soon be able to participate in this multidimensional phenomena of traveling three times faster than the speed of light in our very own spaceships is because our Guardian Races, including Zionites, ZionA's Ranthians, Oraphim, Tarans, Elohim-Elohei, Sirians, Aquarians, Aquafarians and many other Cosmic Councils have realigned the Earth's angular rotation of particle spin into alignment with a Parallel Universe that has a past, present and future of the Divine Blue Print of the 12 DNA Angelic Template of our original PERFECT CREATION.

We have been out of alignment with that reality for many millions of years. Our Guardian Alliance Families of Cosmic Creation have brought to Earth the details of the billions of years including our original creation, our families that have been involved, the Fall of Tara and the three seedings of the Race of Tara that were each destroyed in complete obliteration of the species. We are in the fourth seeding of the Race of our original birthing in Gaia. There have been many families of creation involved in our destruction and many families being involved in our rebirth.

Our rebirth began in the year 2000 when masses of Star seeds from the Melchizedek Cloister brought in the frequencies that would carry our fifth and sixth dimensional frequencies. We've also had help from race lines who carried the 12th dimensional frequency back to Earth and those of us who are the Oraphim Race Line have returned the 24-48 DNA template from the Cosmic Matrix back to Earth. These frequencies have been brought into the Earth's Crystal Heart - named called the Sphere of Amenti by our Cosmic Councils. All of our original 12 DNA sub harmonics have been restored to the template of Earth's Core. This was completed during 2000-2012. December 21, 2012 was the date when Earth was pulled completely back into alignment with the Parallel Universe of her Divine Likeness which also holds the 12 DNA template.

DNA can only be repaired from within the Planetary body upon which the body template is attuned to. Each time a soul is brought into fetal integration it must go through the stellar wave cycle of the planet it is born on. When the babies born during the past 12 years who carried the 12 DNA strands needed, they each helped to weave back a part of the immortal perfection that had been taken away from our race line.

Now those 12 DNA strands are a part of the essence of Mother Earth. They are established within her Crystal Heart - her Sphere of Amenti. Now, our Soul Families of Tara, Gaia and Aramentena can turn us back on. First they will activate the 5 DNA template within our bodies as they allow the frequencies of the Sphere of Amenti to flow out into the Earth's particles and antiparticles within the Cosmic Elemental level of her creation. Next, those frequencies of 5 DNA will flow into the bioenergetics fields of our bodies from the Earth's crust. The 12 level frequencies of the Earth's crust are 12 inches below our feet and 12 inches above our head. We must focus on aligning our consciousness into the sphere of Amenti in Earth's etheric core and breathing that 12 DNA template into the sphere that is 12 inches around the body and connecting to the Earth's 12 coded bioenergetics field. This is how we begin reconnecting to our Divine Perfection of who we once were and will soon be again.

HYDROLAISE CONVERSION PART TWO

Crystalai (c) 2013
cosmicdolphinmagic.ning.com
(Teachings from the Cosmic Mystery School of the Omniverse)

We must go through this hydrolaise conversion to get to that place in Urtha, which is the star holding Earth inside of her.

We connect the Light Energy of Phonons from the sun into the sound that is created from the consciousness of the same dimensions.

Eiron light flow of hydrolaise is the light of Source so we must connect it to the Sound or Frequency of Source.

Gamma is the Light of the Sun, so we connect to the eighth dimension of Galactic Consciousness. The Helium that is the element of transformation is with the 14th

dimension. the Cosmic Light. This transforms protons into neutrons. This heliotalic light must unite with consciousness of the cosmic frequency.

This pattern of light and sound must be used at this time to begin the transformation of our bodies and the Earth's body into the light and sound of the stardust from the fourteenth dimension created by Source Consciousness.

We must connect consciousness into the helium the hydrolaise, the stardust, the Source light of Eiron Flow or the crystal liquid light.

We use the Elohim of hearing to translate the crystal spheres of light into the Breath of Creation or the Sound.

The Light of the Sun and Stars will be very intense from mid August to mid February.

This is our window of opportunity to connect the Sound with the Light.

Bringing the Eirodonis Light Body into the Body brings the ability back to the body to go through this hydrolaise conversion that is natural in a star system.

We actually started this hydrolaise process in 2008 when we were in Monterey. Once the process is started it is started by our consciousness interacting with Aquafarian in Urtha.

Aquafarian shield begins hydrolaise conversion process in the body.

Our bodies can take something more than oxygen from the air We can see the streams of light coming in. These are streams of light plasma that is coming in. The communication between the Aquafarians and myself is done through these streams of light. They paint pictures in the sky using the clouds in the cloud cities that become a visible tool of communication. I have given many examples of these pictures in past posts.

These light streams of plasma are air born forms of hydrolaise. It is releasing into our stargates through the poles and it is pouring into the core of Earth to transmute the core of Earth into the Light core of Urtha that will link us into Agartha temporarily.

It will begin a process that we can use for transformation.

IF WE DONT USE IT, IT WILL DISAPPEAR

We use it through our breath, through the sound frequencies.

If we don't use it, it will evaporate and loose its charge and then it will go into the matter base and be stuck in reverse spin reality,

Christic beings have the natural ability to utilize this star born hydrolaise substance because it is a natural part of the star we once lived on, so it has always been a part of us. It is the part of us that will connect us back to the star we came from.

Our natural symbiotic relationship with our star would give it back something that it needed and it would give us what we needed. This is the natural eternal life process of an entity and the star that it is a part of.

Our Aquafarian family that we swim with at night sings this reality into us and through us so that we may sing it back out into the atmosphere in order to transpose Earth back into Urtha.

The solar symbiosis process is a process in which the Central Sun sends through solar winds electrons and protons and many other substances. There are supposed to be certain things above the chromospheres and something below the chromospheres called Orons. These Orons are a type of oxygen bound with helium, That is how they manifest elementally. They pick up solar charge energy that are emitted from the central sun they store them for awhile until they reach a critical mass of storage. They become densified and come down the fire chamber.

There are 12 sets of fire chambers that go into the light body and Rasha body structure. There should be phasing periods several times a day where the Orons descend with a solar charge. They should go into the Earth's crust and into the tissue of our skin. These gelaisic fibers should be running through our muscle structure and skin tissue.

The spiritual gelaisic elements are the crystal gel in the sphere.

The hydrolaise elements are the crystal liquid light in the sphere.

The plasma is the crystal dust in the sphere.

We use these three spheres of light energy that we can envision as the stardust falling into the pores in our skin and into the poles of the Earth. We connect that light energy from the photons into the phonons of conscious breath.

That is the formula of eternal life creation of a breatharian.

When the Orons that make up the stardust bring the solar light down they would go into the gelaisic base of the planet. That would stimulate the crystal gel substance and create a reverb that would go down and stimulate the crystal liquid light that is deeper down and then create the fertilization process of the crystal liquid light gelaisic substance coming up to the crystal dust and then going back down to connect to the crystal gel and crystal liquid light in inner earth to form the three spheres of crystal light energy that will transform our bodies, our consciousness and our reality. That continuous interaction or flow of the crystal substances is the eternal prana exchange cycle where there are sparks made and a cycle of the light body charging and then a flash off point in hyper space for a moment of recharge. then you are pulled back into light and then come back out in a rebirth cycle.

Through this process the natural activation of a substance called hydrolaise goes through a conversion process where that energy that is brought in and stimulated by the solar light that is brought in by the Orons creates the reaction in the three crystal spheres. That process has to do with activating the fourth sphere of Christ Consciousness and the fourth element in the hydrolaise. This causes the body to initiate chemical changes in the Earth's body.

The cells of the body would get regenerated as a natural part of breathing. Cells would never die. In normal system, the cells would finish filling out the cellular blue print of the 12 DNA angelic human or indigo at age 33.

At that point there would be hydrolaise conversion forever until the return to Source- whenever the entity chooses.

We communicate only with those beings who have chosen to stay in their Divine Coded Blue Print and have risen to become our Guardians for the past 250 billion years.

The Aquafarian Host that links Earth to Urtha can only sustain our consciousness because our consciousness, the Christ consciousness of the human angelic and Indigos can anchor us into Urtha's consciousness.

However, Earth cannot.

We our consciousness ascended with Urtha. We left Earth behind. We are in a New Earth. However, we haven't woken up to that new consciousness yet.

We must use the hydrolaise conversion to glide into Urtha. It is the process of creating celestiline. The chemical that allows the chemical system to release the bio lock on the atoms so that we can go through the atomic shifts. This hydrolaise conversion is a part of the celestiline process.

Celestiline is the substance that allows the dimensional chakras to connect to the 12 sub harmonics of the DNA.

We have a natural symbiosis breathing process with the star we came from. There will be waves of this hydrolaise from the stars being spun into the Earth's core down the poles or the staff or the central column and then back out the stargates and then it will expand into the chambers within the portals.

We the human angelics and indigos MUST CATCH THAT WAVE of hydrolaise that is flowing from the stardust and bring it into our bodies. We can use the hydrolaise to activate the celestiline that activates the divine dna template.

That process will bring the Adonai side first 8 cell cluster back into our bodies to begin our rebirth.

That 8 cell cluster will open up the Illuma Un Point in our Tail Bones.

Enough energy to transmute the seal in our Pineal Gland.

Once we begin that process it will create enough hydrolaise conversion on the planet to bring back the ability to breathe krystically as a natural Christos being that gains the cellular divine blue print at age 33 and then just continues the ka ha ra sa ta ha la flows of Khristiac energy forever.

Once we take the hydrolaise into the body through our breath connecting to the plasma streams, we can begin breathing it into the water and the water will send it to the atmosphere. We can begin the process that transforms the piece of Earth that we live

on into Aquafaria.

The Stardust Ascension Grid has been created on Earth in order to transpose the Frequencies of the Earth from within Earth's Etheric Core of Urtha into the Veins or grids of Earth that will flow out into the atmosphere and into our biological structure. This process of preparing this grid included moving the Earth into a different Earth. There are many Earth's and many of each of us standing in the exact same place in the universe. However, we are shifted in different angular alignments which gives us completely different realities.

The Guardians couldn't even begin this process until we were moved into a New Earth. Now Our Consciousness must become aligned into the New Earth or we just keep seeing the old Earth.

The Earth must be tilted 45 degrees in order to align back with Tara. However, there was a problem with that alignment. The Guardians knew that humans would need to have at least 4.5 DNA activated to make that 45 degree shift. They were afraid that they wouldn't be able to save the majority of the population.

So, instead, they created what was called the Bridge Zone Project where we could shift half way at 22.5 degrees, which would align us with the accretion level of Inner Earth - Agartha and Shamballa.

This bridge zone makes it possible for those who are not ready to orb into Tara and Gaia to be able to shift into our glorious Inner Earth, and from there those may begin their ascension training that will allow them to ascend into Tara and Gaia at a time when they are prepared.

The frequencies of the Sphere of Amenti which holds the 12 coded divine blue print of our race line has been placed in the Etheric Core of Earth. The frequencies of that divine blue print will be released completely into the body templates in 2017. Those who prepare their 5DNA template now and learn how to turn their body into a light orb, can rise into Tara. There will be many who can activate their 6DNA and 8 DNA and rise as far as the Meta Galactic realm.

This reality that awaits for us is the realignment of the Spirit Body which is now rotated 23 degrees clockwise from the Physical template. We can engage in realigning the

liquid light spirit body into At One Ment with the Physical Template by breathing Stardust Frequencies from our Aquafarian Families into the Quarks in our Atoms. We align into the Aurora Field of Plasma Energy which is Aquafaria. That is the portal of Oneness of Atunement with our Entire Soul Matrix in Tara and Gaia. That portal is open and available now. Our Aquafarian Family has been sending in Stardust and Singing through my Atoms for five years now. That is why my activations are in high speed.. The Ascension Grid will be reactivated within the Crystals of Earth's Grids beginning in mid August-2013- as more of our own Stardust Energy flows from Aquafaria into our Atmosphere. The Christ Consciousness is being reborn through each breath we take.

HYDROLAISE EIRON FLOW

CRYSTALAI (c) 2013

(Teachings of the Cosmic Mystery School of the Omniverse)

The true story of Jesus changing water into wine means the water of this earth must be transformed into crystal liquid light energy called hydrolaise. This will transform the blood into the blood of Christ, which was originally called the Krystal Lava Flows. This meant that the Eiron Flows of Chrystal Liquid Light Energy was flowing from the mind of God into the mind of Man. When that reality occurred, as it always did in the NORMAL UNIVERSE, man was the IMMORTAL MAN of the divine creation, or the image and likeness of God.

The water in the atmosphere must completely transform into hydrolaise. That crystal liquid light energy is what metaphysical science knows as Cosmic Consciousness. It is an etheric substance that is not countable or visible to scientists in this realm. The hydrolaise is created through the Aquafarian Shield. The Aquafarian Shield is made by

those of us on Earth who contain the ability to change the water into wine. We work together with the Aquafarians, who were the Zionite Race who came to our Time Matrix to pave a way back to our original Reality Matrix..

The Zionites became the Water People or the Aquafarians so that they could easily work with us interdimensional. The Ranthians are also here working with us as Light Energy. They appear as Spheres of Ultra Violet Blue. The Zionite water people are six level man- our angelic elemental creators who are re-creating us at this moment. Those are the Aquafarians of interdimensional Inner Earth who are transforming us from the inside to the outside. They are the elementals of the Divine. This is a different reality than the elementals of this 3D world.

The process of Ascension is achieved through Water. The chemical form of water will be changed to Hydrolaise. We will breathe this water. When we breathe this water from Aquafaria by connecting our consciousness into their frequencies and taking astral journeys into Aquafaria to swim with the dolphins, we are breathing the frequencies of transformation. When we exhale, we are creating the music of the spheres- the new tone of home- the breath of creation.

Many of you have asked me about this hydrolaise substance, and some of you want to understand it through physics of the third dimensional scientific mind.

This process can be broken down into the quantum physics which only has the meaning of Consciousness at this time in history. Have any of you ever asked yourself what is Consciousness? It is a word we knew as a knowingness, but we couldn't actually definite it.

Consciousness is the etheric in-between reality that seems invisible. However, it is only invisible to us because we are not in tune with divine reality. Scientists know about neutrons, protons and electrons. However, they don't know about the divine cosmic electricity in between, which is called Keylons. Since keylons have been unknown to man until very recently through the help of our Guardian Alliance and Cosmic Councils, we have been given keylon codes and songs and frequencies to help us to TUNE IN to that unknown substance.

Scientists don't know about the D6 Ionone and Mlons, the D7 Eons, The D5 Meons, Reons and Dions, and the Ectoplasm made of the D8 Ectrons, the D9 Razonx, The D10 break down of Reons Meons and Deons, and the break down of DIONS into Miyons, Tryons and DEons, or the D11 Trlons.

Our Rebirth into our NORMAL SPIRITUAL ETERNAL bodies is done by turning on the INBETWEEN New Chemicals, which we have used the term consciousness for.

As we awaken into our new reality we will learn that every thing in the invisible realm is just as scientifically verifiable as the physical domains that we have experienced so far.

We all have a RADIAL BODY that is basically an invisible sphere around our body. It is made out of the advanced units of Trlons, Rayons, Meons, Ionic Particulates. This is how we can create a pre sound and pre light field around the smaller currents.

The Density Four Divine Blue Print is made from the D10 Ta-a, which is an aspect of the EirA

D11 Tara are Trlons which are density four electrons or Mlons

D12 Ma-a Rayons form the Radial Body currents frequency tissue capsules and ionic particulate capsules.

These are made out of density four frequency. They hold within them smaller frequencies of densities below them. These are what are called the Radial Bodies. They are the smaller radial bodies around each density level.

Large Radial Bodies form around your entire fifteen dimensional self. We can take our Radial Body into the God World.

The God Seed begins within 15 spheres of the Earth Matrix Time or Reality field. There are fifteen radial bodies. Everything in Existence is in the same place or the same angular rotation of particle spin. All energy fields that create holographic bubbles that we walk around in actually exist in the same place, but they are a different frequency and different shift in the angle of their particles that are rotating in.

If you want to move between one and the other, you shift that angle. The radial body is the key to understanding how spheres within spheres fire or ignite. The key to programming things that don't belong here back out of here.

Radial bodies serve the purpose in manifestation process. It is like you are standing in a bubble and your consciousness through the vessel or projector of your body is projecting holographic beams out.

Hydrolaise is the Eiron Flow of crystal liquid light from the Spark of Source. It is the divine manifest substance of divine creation. When Jesus spoke of turning the water into wine, he was talking about aligning consciousness with the crystal liquid light of the Eiron Flow from the Mind of God into the Mid Brain. Once that flow of Crystal Liquid Light- the divine substance that our consciousness is made of begins to flow into our mid brain area through the pineal gland, it sends celestiline into the chakras and into the cells and between the cells to transform the body.

The first stage of transformation caused by the Krystal Lava Flows or the Eiron Flow from the Mind of God is a change in the blood crystals. Those blood crystals have been frozen for eons. The blood crystals will awaken and transform the blood into a living substance of eternal life. Next the bones transform into a sound or a frequency that allows them to align into the template containing Hova bodies and sound bodies. The final transformation is the skin. The skin becomes light energy and begins to glow from the inside out. In the Biblical days the Angelic Humans were called the Shining Ones. Their skin would glow because they had been transformed by the hydrolaise from the Mind of God.

Those divine teachings that were originally brought to Earth by Jesus Christ Avatar 12 were completely destroyed. The first time that they were returned to Earth in their complete original form was beginning in 2003. That Keylontic Science of the Star Language began transmission through CDT plates that could only be transcribed through consciousness from the Adonai Side-- the Spiritual Inner Earth. **THOSE WHO COULD CONNECT CONSCIOUSNESS INTO THE INNER COULD TRANSLATE THESE PLATES.**

All of the music on the CDs- beginning with the Ascension Kit- Ascension Vortal, Ascension Portal, Ascension Vortex and Magic Vortal contain these frequencies of transformation through codes. The more recent CD's contain breaths only of pure Aquafarian Shield of Transformation interacting with the crystal water, crystal light, crystal gel and crystal dust which is the magical transformational chemistry that is changing our bodies and planet. These foundations of energy and light through Crystalai's breath will form the perfect foundation for the transformation that will occur between 2017 and 2022, which are the two waves of ascension into harmonic universe two and harmonic universe 3.

Those who have one of these CD's and especially those who have their own Individual Immortality CD or ETERNAL LIFE mp3 will have the Frequencies of Transformation that will align them harmoniously and harmonically with the magical transformation of our shift into the second Harmonic Universe. We will be lifted from harmonic universe one into harmonic universe two in December. We will be changed from the third dimension into the fifth dimension. The Individual Immortality CD's were created to align the frequencies of the individual into the path of frequencies that are particular to them. Some were aligned with Sirius B, some with Aquafarian Shield, some with Sun Ra, some with Sun La, some into Inner Earth, some into Tara or Gaia. Each individual has an individual path. All align into Ra, but each of us had an individual path from Ra.

Most who are attuned enough to even want an INDIVIDUALIZED ETERNAL LIFE ALBUM, are here on the most important mission of all - attuning us back into the

Aquafarian Shield that allows our transformation through hydrolaise.

The contents of your DNA template and scalar template are like the film that is used in a camera. Whatever is in the DNA template is the image that is projected into the holographic bubble. The out here is the screen that it gets projected on to. The Radial Body is the screen that the picture bounces back to you the contents of what is inside of you. and makes it look like its outside of you.

We bring back the correct Math into our Radial body and that takes the Blue print clear back to the template to reset everything back to the blue print.

Thought becomes form

Primal Life Force currents ManU EirA and ManA break themselves down into all of the smaller currents, muons, treons, ions

15 Rays go into planetary merkaba field and matter units spiraling vortices of electromagnetic energy are merkaba fields that form around all things. Primary Life Force through planetary merkaba field take energy and move it. Take arches of light in PartiKI units and bend them into spirals.

Spirals are flash lines and spiraling flash lines mathematical coding makes arches turn

into spirals The whole cosmic matrix was structured on this formula of partikl polarized into partikai and partikum. This goes into maharic shield of the divine blue print and goes into planet shield and then into our shield. It goes into the keyons thought and morphogenetic field. This is where partiki polarize and form idea. Keylons

Keylon field is crystal body or crystal thought form field. First place where thought form crystallizes and thought takes on form. It goes into the merkaba field in my body.

It goes into the body template of the DNA and RNA. My DNA is the RNA of anti particle double keylon thought form field and merkaba field to DNA template to axiotonal lines into hoova bodies, into auric field, to chakra and meridian lines into Trion miaji field. The five radial body levels or density levels into radius each of five radial bodies have from radial body into little radius streams Breaks it down into omnions and Dions into electro magnetism into quarks, muons, miasms and subatomic and atomic particles

into blue print translation of nuclei, molecules, elements, compound chemicals, chemical DNA template and chemical lenses of manifest body form hologram.

This is the chemical lenses of the projector that these frequencies move through, bounce off the radial body. We generate our own projection screen around us. We don't see the screen but our consciousness comes through like a beam of light on to the projector. It passes through all these phases of light breaking down into specific things and takes this image that is stored in the DNA and scalar template and projecting it out there onto projector It bounces back because it is curved. We are inside of a sphere. The projector is curved. The image bounces back and we see what our DNA and our Template projected out into the Hologram.

The screen bounces the light back and we see it.

So, if we create in our DNA the movie of us winning the lotto, that movie will project from the screen back to us.

We must become saturated with light and sound at the etheric level of crystal light crystal gel and crystal dust. We must breathe from the Azure or the crystal heart and breathe from the seed atom. Breathe from the Elohim of Hearing the Angels thoughts are the breathe of Source breathing into plasma, atomic radiation

String theory beyond atoms, quarks, sparks the light and sound of strings.

Like harp strings of light and sound streaming from the cosmic mind of God. The strings create universal atonement.

We had to learn out real body is cosmic. Relativity this is to that as this is to that all

strings come from Source all strings tie us together with light and sound.

There are many different densities of consciousness, but it is all the exact same consciousness. We now live in a physical density that will transform to a density that is half physical and half etheric in 2017. If we move up to dimensions seven, eight and nine, the density is angelic or etheric. The density of the twelfth dimension is zero or pure white light. We are in reality within the full spectrum of light or the multidimensional reality of all that is within the mind of God.

EVERYTHING is made from a basic unit called Keylon. Keylontic Science is the science of the language of the stars. The stars are made of keylons. A Keylon is like a Watt in the 3D reality. However the Keylon is cosmic electricity.

Oscillation bends energy and creates arches of energy to create electromagnetic force of light and sound merging to become dimensionality.

There are twelve domains and fifteen rays. the Cosmic Sphere of the thirteenth, fourteenth and fifteenth dimensions are called kee Ra Shay and have Rays that form arches. The arches are formed by the suns feeding energy to each other that creates Eternal Life. The arches are formed from the Cosmic into the Universal. The Rays form arches This is where the story of the arch of the covenant came from.

Oscillation is when you have standing waves oscillating near each other. They create fields around them that create arches of energy. Light and Sound merge to become dimensionality Partikum forms from more consciousness from Source and begin to group by like mathematical programs so partikai attracts more partikai and partikl an Partikum attract likes.

They build up in form one dimension at a time.

Finally they build three dimensional partikai grids that form keylons, a keylon is like a watt or unit of energy

Quantity of Consciousness thrust contained within a thing or a unit. Keylon is how much consciousness measure of life force. Keylons break down into Sound vibration and light fields.

Each dimension of consciousness remains and more and more builds upon it.

This is how I record the music.

I breathe one keylon code, one unit of Source Consciousness on top of each other. I breathe crystal sphere of energy, crystal light radiation is the sparks of source creating

the keylons . This pure energy is prepared for a Re Birth of a new idea. Each level of currents have specific keylon amounts of partikl partikai units.

Keylon level has to do with accretion level in the DNA How difference much frequency the DNA template can hold and how much it is holding.

The amount of DNA you have determines which stargate you can go through

Keylon is wattage of consciousness in a template

As frequencies step down and replicate and break and polarize themselves to make a smaller set. Step down creation. Literally the whole breaks itself down into smaller and smaller pieces.

We get 12 domains and from that we get 12 dimensions . Each step down creates a different type of current. Sound tones break down into smaller units that have only frequencies. Natural automatics keeps polarity in balance New ideas are created through polarity of frequencies. BUT, when unnatural mathematics are used, bad polarity can occur. Original creation had balanced polarity balanced movement.

It created a free will matrix.

Mathematics of Divine Blue Print was created in a way to allow this to be a perpetual motion eternal life system.

When someone takes away someone else's free will, it jeopardizes the hologram.

You can have all the Free Will you want as long as your free will doesn't jeopardize someone else's free will. THAT IS THE LAW. Free will within a co-creative frame work. If you are oscillating you can see yourself. To become something you must become nothing. Spin frequencies until you feel invisible.

Cosmic Nothingness is what we came from and what we return to.

Mlons and Dions before omnions.

We need a Tri Veka Merkaba to shift into the God World.

Putting mathematical formula back into Kathara grid in order to clear the core template

Activating DNA

The coding gets sent out through the DNA Most rapid way to create change

Using the body to generate the process within of spinning on the merkaba field

Merkaba has been spinning in reverse for about 200,000 years.

To clear miasms we use symbols activate twelve to forty eight currents. Use the body's currents to get critical mass.

When I sing the songs I am triggering codes in the DNA template. The listener becomes that wave spectra that corresponds to the DNA. The listener allowing it to activate in the shields that which makes it activate in the merkaba fields are the vector codes of the chromosome blue print. The scalar waves that create chromosomes. Base codes and acceleration codes in DNA template have two scalar wave patterns.

12 VEKA CODES equal one DNA fire letter

God fire alphabet

Fire letters are specific groupings of scalar wave forms that carry the mathematics of the universal and cosmic divine blue print. it has a base 12.

humans created on core krystic template of a base 12DNA template made of mathematical fire letter math arrangement of the divine blue print fire letters compose DNA and dimensions of the 12 strand matrix is the silicate matrix template . Crystalline is silica. It is the eternal life substance of a certain type of crystals and stars.

Those of us on planet Earth have been mutated into carbon based bodies. Our real bodies are crystalline silica. Indigo children have the 12 vector code of one DNA fire letter. They have twelve fire letters per one DNA strand template. One strand equals twelve fire letters and that equals 144 vector codes.

Our 1727 selves are in a vector code and all must be cleared. The only way to clear out all of this error is with energy High frequency energy, but the frequencies must be cosmic consciousness or Source Consciousness first activity of the Kristi or Universal 12 DNA to begin the clearing.

Celestiline is a transient element with short life span. It does something to the body to create internal molecular structure infusion. It allows the particles to shift so that you can turn into light and disappear and as a wave form move someplace else to turn into you merkaba.

Then you lower your frequency and put your body back. The celestiline comes from hydrogen bonds. They link two sides of the double helix together. The celestiline talks to the DNA and turns on the 12 sub harmonics. We need hydrogen bands to make this happen.

Getting our chemicals in our body back to doing what they were meant to do.

Now, our bodies points themselves because the chemicals created through gene code are inorganic. Hormones are created in the body that are unnatural. The hormones are causing the body to eat itself to death.

Celestiline Music or the Arias are used to open stargates and for braiding the DNA into the 12 strands.

DIRECTIONS FOR USING THE ETERNAL LIFE MP3

CRYSTALAI (c) 2013

cosmicdolphinsmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

The question that is asked most often after a client orders their Individualized Eternal Life MP3 is how often should I listen to it. The answer to this question is how often would you like to be completely immersed within the entire Divine Blue Print Template of the Breath of Source that originally created you? We would all like to do this as often as possible. However, if you are still preoccupied with the 3D world, begin with one hour or two hours a day, which is enough to listen to all of your songs at least once. Find songs that resonate with you the most, and listen to them one hour a day. Those songs might be the ones that are healing something in you that needs the most attention at this time. You will eventually get tired of those songs, because that item that needed attention is healed. Soon, another song or two will resonate with you the most. You see, when I am collecting frequencies and aligning consciousness into the certain places and certain codes, I am going through a process of healing one miasm at a time, as well as always aligning your template within your five merkabas into the Etheric Inner Earth Stargates where we will eventually walk through the doors at the 14th dimensional frequency level. I am also always aligning your template through your merkaba into the outer realms of the D4 Christic Realm of Aramatena--our 12th stargate, and then on out into the Cosmic

Time Matrix and into the pre sound and pre sound light fields. Once the frequencies are aligned and collected I transmute all of those frequencies into pure Source Frequencies. This guarantees the original spark of Source is penetrating your body from the zero point within your cells out into the Infinite Unknown.

So, there are all of these breaths of consciousness aligning your consciousness into the Inner and the Outer Domains of Eternal Life Frequencies. Now, your body is fully within the flame of the complete light and sound spectrum. It looks like a crystal light body. I see that light body standing within a candle flame. The flame holds all of the light codes from hertzian, infra red, visible light, invisible light, x ray, gamma-plasma and pink white light. That light is the total light of Source. So, I hold your crystal light body within the flame, which we call the Amorea Flame and the Ekasha Flame. While I am doing this I am using codes such as Uma A tra Ena A Ekasha. This means the spiritual all ness of this one being held within the spark of Source Flame. We hold this flame within the pineal gland and within the crystal heart chakra area where the fourth and the eighth chakras meet. The Amorea Flame contains the frequencies of D4 Christ Consciousness or Universal Consciousness and D5 Cosmic Consciousness ignited by the breath of Source and wrapped around the body.

Now that your body has been firmly wrapped and penetrated with Source Frequencies that transpose you from the zero point within out into infinity, your new light body rides in the merkaba down into the Etheric Core of Earth to plant the seed of your original perfect self that will be reborn from the Core of Earth out into the Crystal Grids of Earth and then flow into the atmosphere and into your personal biosphere. You are now living within a sphere of Etheric Reality - the self that you once were and were supposed to be.

Now that your seed has been planted in the future, your rebirth is now possible. Our original 12 coded self was not planted into the Earth's Core at the time of our incarnation because of the frequency fences and misalignments created by Fallen Races.

It was not until this time when the Founders Races brought in enough Indigo Star seeds to raise the frequencies of the Earth and to implant enough of these frequencies into the Core of Etheric Earth, that this Sphere of Amenti, which at once carried our complete 12 coded blue print of our race line. Our race line had to be returned in pieces, one at a time. So there were 12 races that had to be returned. The Indigo Children brought in one frequency at a time to re-establish our original birth right.

Now, it is our time to travel into the Earth's Core and plant our seed into the Sphere of Amenti. Now we have aligned with the correct perfect template. Next, I use that template- your personal template to transmute the miasms and seals that were placed in your body by the fallen race lines over the past millions of years. There were these beautiful perfect codes or symbols within our templates. When the symbol is perfected within the chakra, the DNA can then begin to connect to the 12 sub harmonic strands that are supposed to be on each and every strand of the double helix, triple helix, or

whatever template the body is now carrying. Where the scientists see junk DNA is actually an invisible etheric template where the 12 sub harmonics belong.

These sub harmonics naturally appear once the miasms are removed from the physical template and the spirit body template.

Once the breath and spark of Source enters into the pre sound and pre light chambers of Cosmic Consciousness, there is a divine coded template that is formed. It is made out of star dust- the language of the stars, the frequencies of the Cosmos. When we tune in to these frequencies within our cells and within the Etheric Inner Earth and within the Stardust that will be coming from Comet ISON and other Solar Wind activity, we are re-igniting our or keylon codes or our star language codes. We are allowing the communication of our Starry family to become our new consciousness which is called SUPER.

The ETERNAL LIFE MP3 is created from certain frequencies of Cosmic Consciousness. The frequencies sometimes include codes which are like mathematical formulas that do certain things. Our Cosmic Creation Family knows about everything that has happened to their Soul Families over the past millions of years. They know exactly how each miasm, distortion, misalignment was placed within our field of Consciousness. They know how the Fallen Angelic groups sacrificed our divine templates to create magical powders for their own recreational uses. They know how we were tortured, they know how we were misaligned from the Mind of God.

AND----THEY KNOW HOW TO FIX EVERYTHING

The codes, the frequencies, the training, the Consciousness alignment with Elemental Crystal Spheres of Energy, are all a part of the Scientific Formula for FIXING THE MESS that was created by Fallen races over the past millions of years.

Crystalai was given these formulas, activations, codes directly from her own Over Soul and Monadic Families who directed the perfect flow of the Sound and Light from Cosmic Consciousness- the Rishi Self that is too etheric to contact directly. The flow of Consciousness of density one and two etheric light and sound frequencies coming directly from the Grand Yana Creation Races at the Pre Sound and Light Fields of Consciousness guarantee the frequencies to be completely uncontaminated by any of the Frequency Wars that have taken place over the past 250 billion years.

Once the Frequencies come through the Breath of Consciousness, they begin to transmute the negative blockages that were placed in the templates of Angelic Humans on the Earth. Once all of these Miasms or Errors that were placed in the light fields are removed, an entire new reality is revealed to Consciousness.

The Guardians know about the miasms in the sexual organs, they know about the miasms in the pineal, they know about the vesica pisces creating a mortality loop that guarantees death. They know that these problems were created at such high levels, that they can't be healed through chakras alone. They problems existed as far back in the creation template as the light fields only steps down from the pre light fields of Source Consciousness.

The original Electric Wars that took place many millions of years ago, were a war against Source itself within the Plasma Level or within the Original Sun.

The only way the problem could be completely removed was to clear the memory all the way back to our original self- our original divine blue print. This is what we are doing with the Eternal Life MP3. The Breaths of Consciousness streaming from Cosmic Consciousness are programmed with the codes of transmutation, that will dissolve the miasms within the template eternally.

Once this process is complete, the Angelic Human will remember how Instant Manifestation was always a part of normal reality. Instant Healing wasn't even a concept because there was nothing to heal. The IDEA MAN was, is and always will be perfect, complete and whole. Abstract concepts such as Orbing, teleporting, telecommunication with multidimensional reality are all a part of the Normal System, once these Distortions are removed from the DNA template and our 12 coded Divine Template is restored.

ASCENDING Through Frequency Alignment WITH MOTHER EARTH

Crystalai channels Mother Earth Consciousness
through the breaths of Cosmic Angels
Listen to Mother Earth:

Those who are standing on Mother Earth are also a part of Mother Earth's Body. We are in the same Sphere. We contain the same Frequencies. Mother Earth's Frequencies are our frequencies. Mother Earth also has a Sun deep inside of her Core. Her Sun is deep inside the Etheric Chambers, the Liquid Light Mantels. Mother Earth has braided and woven her Sun's Frequencies up through her body and into three spheres to connect with and unite with all of the other Suns in the Third Sphere or the Galactic Sphere. As our bodies stand on the Earth's Surface, we are conduits of all of this Aqualene Sun's Frequency streaming up out of Mother Earth from below and from the Galactic Suns streaming down from above. Mother Earth needs us to become a part of this process. She needs us to be ascending with her. As we flow together Mother Earth is very happy to feel all of her family rising with her.

Listening to the ULTRA VIOLET BLUE SUN streams these frequencies from Mother Earth's Core, her Sun out through the body of the listener and up into the galactic suns and the Milky Way's Stars.

Please listen here:

<http://cosmicdolphinmagic.ning.com/>

We can absorb frequencies from Mother Earth's Crust where the Divine Christ Consciousness is stored. We can also absorb frequencies of Divine Love, Unconditional Love, Intelligence and many more Divine Qualities from her Crust. When we travel down into Mother Earth's Core we can absorb qualities of Divine Creativity, Divine Substance, Divine Principle. We can ask AnWa to send the Crystal Star Merkaba down into the Heart of Mother Earth to collect all of these Frequencies of our Divine Substance- our Divine Essence--our Divine Plan-- all of the Divine Consciousness that we share with and reflect through Mother Earth. We can send our physical bodies down deep into the Earth's Core and beyond into the Liquid Light Chambers and absorb our original Complete Body. This etheric dust body contains all of the keys and codes or remembering all that we really are.

We can journey down and collect this iridescent spiritual body.

As we combine our physical body with this iridescent crystalline silica based body, we can then allow the Suns' energies to remove all that is unlike the original selfhood from our physical body and become one with our true Divine Self Hood.

When the physical and spiritual unite into Oneness this is Zero point energy of Oneness. We must unite into Mother Earth's Body and Frequencies to return into this Oneness.

This process of obtaining Oneness with the original Divine Self will happen naturally when there is enough light frequency brought into the body as the body absorbs the

Sun's Aqualene Frequencies of the Galactic Suns and Mother Earth's Ultra Violet Blue Suns frequencies. Once these two bodies become one, then the crystal cells that contain the eternal memory of the Immortal Self Hood Cells are the Crystal Dust Silica Based Cells of our Original selfhood.

Mother Earth shares the same planetary body that we do. We share the same Merkaba Body with mother Earth. We are both in the Earth's Matrix of Five Spheres.

These are the spheres of the Planetary, Solar System, Galactic, Universal and Cosmic. We must merge our Frequencies into the earth. The Earth's Core contains our Divine Principle, our substance, and deep inside the Earth's Etheric Core is our spiritual Body. There is also grids of Love, Unconditional Love, Atmosphere Divine, Truth, Intelligence and the streams of Divine Alignment from our Etheric Twin Matrix.

All of these energies of source consciousness are woven into the Earth from above. The original Fifth Dimensional Essence of the mother Earth's Body is where our Scientists have placed the Photon Belt in our Science Books. This photon contains the frequency that shifts our entire matrix into the home frequency or the fifth. Van Allen Belt as been drawn in our science textbooks. This Etheric Galactic home has remained in this location as the Ursa of our Mother Earth. Ursa contains the Divine Image and Likeness of Mother Earth, just as our Crystal Dust Spiritual Body in the Earth's Core contains our Divine Image and Likeness.

As Mother Earth returns into her Divine Selfhood, so do we return with her. The Cosmic and Galactic Entities of Light have been streaming Stellar Wave infusions into the Earth's plane to raise her frequencies back into these etheric realms of Consciousness. The photon belt contains fifth dimensional home frequencies of transformation to be drawn into Mother Earth.

When Mother Earth rises into the Van Allen Belt of frequencies, she will completely be one with her Urtha, her Original selfhood. She will then be at the Zero G level of transforming into the Golden Galaxy.

Mother Earth's Sun, deep inside of her Core Domain is also streaming energy upward through pillars into her Crust. This liquid light energy flows up as the stellar and Aqualene Energies flow inward.

This Liquid Light cleansing of Mother Earth and our bodies is transforming us together to rise into our original Divine Tone of Home. We help raise our frequencies together with the help of the Sun's Energy Streams, through the Earth and through our Crystal Hearts. We spin our Merkaba from our Crystal Heart down into the Earth's Core - deep down inside where the Earth's Sun resides. Collect this energy, Walk into the Earth's Sun and absorb the Frequencies. Bring those frequencies into the Crystal Heart. Now ride the Merkaba to the 8th and collect the Sun's Energy. Ride up to the 14th and Collect all Etheric Frequencies and all Galactic Sun Frequencies. Bring them into Crystal Heart. Become one with all Suns Energies.

When we absorb the Frequencies of Mother Earth into our Crystal Cells, we awaken our Crystal Dust memory, - the Crystal Dust Memory of all that we really are. These records of our Eternal Being are stored in our Crystal Cells in our Spiritual Body.

Our Spiritual Body is in the Etheric Core of Mother Earth which is in at onement with our Crystal Heart. We bring in the essence of our immortal body into our Crystal Heart to ignite our Immortal Being of Oneness. When our spiritual Body is aligned into our Physical Body our memory will be restored.

ASCENSION FORMULA

Search for me in your Heart

<http://www.cosmicdolphinmagic.ning.com>

Dr. Angela Barnett (c) 2013

My angelic team of "thought adjusters" told me my formula of ascension was to create the music, listen to the music, write about the music, and then write more music. They told me that I would continue this process until I ascended as a result of KNOWING.

The knowing meant searching within myself for the questions and the answers until there were no more. Some people might be able to finish that task very quickly. I've had hundreds of classrooms of students who could never come up with more than one question and one answer.

The formula of ascension that I have found has included hundreds of thousands of questions and a lifetime of finding the answers. What is most interesting about my personal search was the circular process of how some of the answers that I received when I was only four or five years old keep returning as the correct answers, even though I keep searching deeper and deeper to understand more of what it all means.

When I was four years old, I learned in Sunday School that God is Infinite, God is Omnipresent, God is all knowing, all seeing, all acting, all wisdom. I learned that God is Omnipresent, which meant that God was in every cell of my body and in every atomic structure of every particle in the Cosmos. It was that original background knowledge at such a young age that made that reality the very value and belief system of my entire existence.

I knew that these truths were the absolute truths. However, there were times in my life when I wondered why it was that sometimes I could heal myself instantly and other times it took a week, and why some things just never seem to go away.

I wondered why I could reveal some of the realities of God's identity such as instant healing, and yet not so much instant manifestation of things like a lot of money. I wondered why it was that even though I had plenty of intelligence, good grades, lots of diplomas and credentials that it was so hard to ever get a job and even harder to keep a job. I wondered why it was that I could obviously do some things like teaching and performing music far better than anyone else that I had ever encountered, and yet all of the other people were chosen for the job or the part instead of me.

These were the questions that allowed me to realize that I needed to know a lot more about myself, and a lot more about who God really is.

When my husband and I were being directed by the All that Is God of our being to create the music that would allow us to know all that there is to know about yourself, the music that revealed itself to us was The Promise Album. The words that were presented to me to sing and the music that was given to my husband to composed came to us completely separate from each other. I was to find a way to find melodies and rhythms that would fit into the harmonies, rhythms and chord structures. As I kept rearranging the wording to fit the music, the understanding of the words became clearer and clearer, and sometimes the arrangement of the words completely changed along the way to gain an even clearer meaning. And I was always guided by my thought adjuster angels and God.

After the introduction announces The promise of the perfect kingdom, before the world began, comes the most significant phrase of our entire existence:

Search for me in your heart. You shall find me in your heart.

That phrase riddled me for years, because I kept wondering what I was going to find in my heart - this organ that went thumpity thump.

My search finally led me to Keylontic Science. I am certain that the Christian Science that I was raised to understand is the identical science to Keylontic Science; except, the

Keylontic Science gives the absolute formulas and meanings down to the quantum level of understanding the formulas that were first given in Christian Science. Christian Science was revealed by Mary Baker Eddy as the Divine Comforter, which would give us comfort in understanding the basics of the complete Divine Science until the full Science was revealed between the years 2000 and 2012.

Now, that I have spent the past twelve years studying Keylontic Science, I have a much firmer understanding of Christian Science, and I find them to be in complete agreement.

The final step in my ascension process of searching in my heart, is understanding completely what the CRYSTAL HEART is, where it is, how it connects me to the Mind of God, how I will find myself in that Crystal Heart, and how I will learn everything there is to know about myself through the understanding of that Crystal Heart.

My thought adjuster teams have done a splendid job of directing me to every experience, every book, every person during my lifetime to be led through the unfolding of these questions and these answers.

As an aside, before I continue on the topic of the searching process, Talea also reveals the truth about the burden that has been placed on the shoulders of so many was the belief that the question asked at death is "How many have you served, and how well?" Talea reveals that question actually is being asked by Cosmic Awareness and not by All that Is, or the one I call Source.

This old problem of believing that it is ones duty to serve others comes from fallen angelics at the Cosmic Consciousness frequency. I have interfaced with that frequency when I breathe in Cosmic Consciousness in it's most pristine form of pre sound and pre light that is breathed directly from Source, but includes Cosmic Consciousness as the angelic understanding potential of the breath. Just, as it is very easy to get fallen angelics communicating through one's light bands, so is it a problem when gathering the corrected frequencies that will transmute those distorted fallen frequencies.

The actual meaning of an archangel came from the frequencies within the music of the spheres created by arches and angles. The correct arches and angles create eternal life and freedom through the formulas of Source Consciousness. However, when an identity takes control of those arches and angles and distorts them, or changes the angle in order to block the arch that connects directly into Source Consciousness, that Arche Angle or archangel is blocking the flow of crystal liquid light, which is the quantum physics level of Source Consciousness.

That is exactly what many of the Archangels that are channeled and revered by many New Agers. The belief that we must serve others, or that we must serve a Lord God, or the one who calls himself the Lord God has always come from a Fallen Angel -

not from Source.

The way we know if our direction in our search is coming from Source or from a Fallen Angelic who wants to control us, is this very test of whether the entity is wanting us to serve him or her, or the entity is guiding us to search within the God of our own Being to find out who we really are.

Now, this leads us back to the first sentence in the song, The promise of the perfect kingdom IS before the World began.

This World that we have lived within was a false creation. It was created by the genetic imprints of Fallen Angelic Races. It is a completely distorted illusion. It does not contain the truth of reality.

We must go BEFORE this world began to find the truth. We must go to the place where our DNA had not been scrambled into a receiving station for distorted information. After, we go to this place where our 12 DNA is flowing through on the sub harmonic level, then we can go into our Crystal Heart, which is our God Seed Atom within our Thymus, create a flow of Source Consciousness from within the Seed Atom containing our original divine blue print that was created long BEFORE this world began. Within that Crystal Heart - which is actually our Soul, we find the longing to know everything about ourselves.

It is the purpose of our Soul to continuously search to know more about everything. It is the Soul that is within the Heart, that will reveal to us all that is within every fabric of our DNA, within the crystal cells as they bloom forth into mansions containing the billions of lifetimes contained within our At One Ment with All That is or Source Consciousness.

If I had stopped my search with what I learned in Sunday School, I would had never learned that our Crystal Heart had been blocked from the Flow of Source Consciousness, because the formulas given in both Christian Science and Keylontic Science help to unblock that flow of At One Ment with Source.

The truth that we have been blocked from Source Consciousness all of this time could not be revealed to the Earth until it was almost time for our Ascension. This truth had to be revealed to us at this time.

For some reason, those entities who actually created the Arches and the Angles that would block the flow of Source into our Consciousness, so that they could make themselves the Gods of our Beings, became the Gods who are worshipped in churches and by New Age groups.

The truth about who created those angles that blocked us from Higher Earth must be revealed now, because we are very, very close to finally being able to realign into Higher

Earth. Those who continue to choose alignment with the Arched Angles who call themselves Lords and Gods, will never experience the heavenly revelation that is about to occur on Earth.

The test of our ability to ascend is very simple. Have we searched within our Crystal Heart to find the alignment back to Source Consciousness. When we find ourselves - our Soul - our complete multidimensional consciousness of our Over Souls, Avatar and Rishi Self, we find the Christ of our self in our Soul, in our Crystal Heart.

We have learned through the help of Keylontic Science that there was a very specific formula used to create the block of Source from our Crystal Heart. That formula was revealed to us through the Vesica Pisces, the Golden Mean, the Fibonacci, the Metatronic Formulas. All of these formulas were created by and brought to Earth by Thoth, AA Michael, Lucifer and Jehovah. These were the identities who chose to make themselves gods and lords over our beings instead of allowing us to find the At One Ment with Source Consciousness through our Crystal Heart.

My name was given to me to help me remember my mission on Earth. Crystalai is the name of a Council of High Cosmic Beings. It was named after the Crystalai formula that connects us directly from our Crystal Hearts to Source Consciousness.

That Formula of Creation is in direct contradiction with the Flower of Life teachings that originated from Thoth and are found in the publications of Drunvalo Melchizedek. Talea reveals that Drunvalo uses the reversed spin ratio of 34:21 which is 34 times Counter Clockwise over 24 Clockwise and the vehicle around our bodies forms a disk of 55 feet in diameter Talea continues if we refer back to figure 2 in her book on page 216 we can see that these numbers represent the Fibonacci approximation toward the golden mean ratio. The 55 metatronic spin is what was being used to pull us into the Black Hole Phantom Matrix on December 21, 2012. It was the Crystalai formula of holding us completely within the true merkaba spin rate of $33 \frac{1}{3}$ clockwise over $11 \frac{2}{3}$ counter clockwise magnetic and then doubling that proper energy into a 90 to over ride the 55. That is what saved us from the Black Hole.

We were shifted from the outer domains into the middle domains. It is only in the outer domains that a system can be pulled into black hole.

Everything in the Thoth teachings, Metatronic teachings, Flower of Life Teachings, Golden Mean, Fibonacci sequence, and everything related to these formulas, including Solfege, Pythagorean Theories, BiVecas, Vesica Pisces, and a long list of other formulas that have been used to cut us off from Source and pull us into the Black Hole.

We can no longer be pulled into the Black Hole; however, that old technology will continue to thrive and try to prove itself as the correct formula until those are awakened

through ascension into the Higher Earth or die and then shift into the Higher Earth. It is guaranteed that those who continue to use those eternal death formulas will need to die before entering Higher Earth and those who have used the correct ascension formulas will walk into Higher Earth.

Originally, the Guardian Alliance said that only those who shifted into the correct 12 DNA sub harmonic alignment before December 21,2012 would be able to walk onto Higher Earth through ascension. However, there was the second possibility given for those who decided to correct their formulas and align through the Crystal Heart, there would be help given by the Aquafarian Hosts.

I work directly with the Aquafarian Hosts. My family lives in Aquafaria, and I have the codes that directly connect me to that realm. I can connect frequencies into the Aquafarian Host Matrix for assistance in ascension.

Everyone has the freedom of choice to follow whatever belief system of formulas they desire. There is no judgement. Some will walk through the stargates between 2017 and 2022, and others will need to die or bardoah into their new bodies in order to align into Higher Earth.

In order to ascend into Higher Earth, it is just a matter of angular rotation of particle spin. We are all standing on Higher Earth right now. We just haven't adjusted our particle spin, our perception, our 5DNA alignment into multidimensionality. Those alignments require the crystal heart to be plugged directly into Source Consciousness. And those old formulas do not allow that plug in to occur.

RESURRECTION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

RESURRECTION is Song #2 on the new JOY ALBUM is also the last song on THE PROMISE album. Please come listen to this song and many other samples of Frequencies that have been a part of the alignment of our New Earth into the new COSMIC TRINITY (also made available to listen to) of our new reality.

The Priests of Ur and the Elohim from Gaia, along with the Maharaji from Sirius B have been working on this Cosmic Plan of Ascension for thousands of years.

More recently, the Promise of our Mass Ascension was announced officially in 1991 and finalized in 1994 by our Guardian Races. 1994 was the year that the Guardian Races began guiding us in our understanding of this Promise. We really had no idea what they were talking about or what we were being guided to do until the past five years, when it all became very clear to us. We have been guided to write songs for the fifteen years. And each and every song was a part of the story of what has been happening on Earth for the past 550 million years. 1994 began with the PROMISE album and the RESURRECTION album. This Easter, 2013, is the resurrection of those albums and the new understanding of what they meant, all along.

The story was always about the 12 morphogenetic field signatures from the 12 planets representing the 12 universes realigning by 2012, which would allow the 12 DNA sub harmonic templates to be replaced in the Sphere of Amenti within Earth's Core. This was one of the final steps of the mission that started in 1367B.C. when Akhenaton was endowed with the 12 DNA morphogenetic sphere of Amenti to use in ascending the tribes through Giza. That plan was destroyed through Akhenaton's favoritism toward the Anny and his prejudice toward Serres-Egyptians.

The Priests of Ur and Elohim had to create a new plan to prevent the prejudice factor in Ascension. Ascension was to be available to all 12 tribes. The arc of the Covenant and Sphere of Amenti were locked until that time presented itself.

The next plan of returning the races ability to ascend through the sphere of Amenti by 2017 was established by sending a 12th level avatar. Jeshua-Melchizedek Avatar12; who was to realign the sphere of Amenti and the Alcyone Morphogenetic field and to bring together the factions within the Essenes.

Under the direction of the Azurite s of Ra Confederacy in 12 B.C., the 12th level avatar from Tara was born in Bethlehem. This soul essence was a harmonic universe four avatar- Sananda. He was born to the house of Solomon under custody of the Priests of Ur.

His birth through the portal passage of the Arc of the Covenant would open that portal between Earth and Tara to allow the Ascension in 2017.

Jeshua 12 reintegrated the Melchizedek morphogenetic field in Alcyone into the Sphere of Amenti. This was done to realign Earth's density 2 Morphogenetic field that had lost its integrity under Akhenaton reign.

Jeshua 12 was the savior for the races as a result of his birth the Halls of Amenti could be opened, and preparation for 2017 would begin.

(Note that Jeshua 12 was born to an Blue Flame Essenes Melchizedek Mother and Father . His mother was Jeudi and his father was Joehius.

His life story was mixed up with the story of a 9th Level Avatar born to Joseph and Mary who were ET Nephilium.

Neither of those births were Immaculate. They were extraterrestrial. Neither of the Joshua's were crucified. The crucifixion story was created by the Elohim to protect the Avatars. The man Arihabi was a look alike who was crucified, to allow the Avatars to Flee the country and have their children as planned. Arihabi was crucified as a holographic movie created by the Elohim. The man actually was allowed to Ascend as a reward for his mission.

Jeshua 12 did his teachings and healings in Egypt 8A.D-21 A.D. Jeshua 9's teachings were much more popular than the absolute Essenes teachings of Jeshua 12's Law of One.

It was the teachings that were lost and hidden from Earth until now. They are the teachings of the true man who was always supposed to have the 12 DNA sub harmonic frequencies who could ascend to harmonic universe four as a 12th level avatar. This Jesus taught all of his students that they could do all of these things that he spoke of. He taught this Science of Reality then and it is being taught again Now. The man that was created in the 12 DNA divine blue print - the image and likeness of God. That God meaning the Raceline of Tara and Gaia. There were many other raceline that did not have the 12 DNA divine blue print. This man was created through the breath of Source and the idea manifested as Cosmic Consciousness and lowered in density into the Galactic and Solar planes. This man has always had the same Soul as the one in the harmonic universes four, three and two. We are that Soul that was once a Star in the Universe. We were created to have Eternal Life and to return to Source. It was these teachings that were lost and hidden from Earth until now.

They are the Divine Science teachings regarding the Real immortal man or the Human Angelic Race line who has 12 DNA sub harmonic frequencies. This is the real man who can ascend to Tara and Gaia and beyond. This is the man who can orb, levitate, manifest and ascend.

Jeshua has returned to Earth once more to help us out. But, they aren't the only ones. There were 12 Avatars born on Earth over the past 12 years. Avatars born with 5DNA, 8DNA and even 12 DNA activated at birth. We have had 144,000 star seeds born to hold us through the first wave of 2017 and a second group of several thousands to hold us through the second wave of 2022.

These Star seeds were the Indigo Shield of Solomon. They were the completion of the Seeding of Christ of Earth. The Jesus Christ that is worshiped as the only one is actually only one of the many Christ's who have been born on Earth. Now there will be an entire planet of Christ's activated on Earth through the Earth's grids.

The seeding of the Star Seeds, the activation of the Sphere of Amenti, the alignment in 2012 were all the last stages of the preparation for the activation of the Earth's Grids which will once again restore the Christ activations into the bioenergetics fields of our body's templates.

The period of 2013-2017 will activate the 5DNA in the Masses, 6 DNA in the many, and 8 DNA in a few

The star seeds were required to finish the mission started by Jesus 12 and Jesus 9. We needed the Christ template of 12 DNA template activated for each of the 12 star systems, each of the 12 planets. We needed to be realigned with Sun Alcyone. We needed a massive amount of Frequencies restored to Earth for this Ascension to activate by 2017.

These Star Seeds and Indigo Children and Avatars born on Earth are the RESURRECTION AND THE LIFE. The Resurrection story of Jesus was actually a role played by a man named Arihabi and orchestrated by the Elohim creating holograms to create the scene. That is the story that is being celebrated on this Easter Day on Planet Earth. The Elohim needed to that for that time. But now is time for us to know the truth.

The Two Jesus Christ's came to Earth as Star Seeds from other planets. Their parents were not from Earth. The Star seeds born on Earth over the past 12 years were births arranged secretly between the parents and the Guardian Races. Those children's were watched over by the Priests of Ur and other Guardians. Each child born had many back up plans awaiting if it were needed.

The Ascension Movie that has been taking place on Earth over the past several thousands years is huge. This is just a tiny speck of what has taken place.

The most important fact to know now is we are not to worship one man as the Christ. The star seeds, the Indigos, the human angelics, the entities on Earth activating these frequencies of 12 coded divine blue print on Earth are all the Christ's of our New World. We all have the equal right to sing:

"I am the Resurrection and the Life. He that believeth in me shall never die."
We are the star seeds who have returned the Christ template of 12 DNA sub harmonics to Earth.

All of the births of the star seeds opened star portals, raised frequencies of Earth to allow this miracle and implanted the frequencies back into the sphere of Amenti to begin the projection into Earth's grids and into the biosphere and bioenergetics templates.

PRINCIPLES OF MANIFESTATION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

In order to manifest a new idea, we must go beyond the boundaries of everything that we already know exists. The mind of God will allow anything to become instantly manifest in our reality field when we ask to create something that exists outside of the reality field of the world that only exists within our personality.

When we choose to create a new idea, it must come from infinite unknown - the All Seeing, All Knowing, Omnipotent Mind of the One Eternal God. If the idea being created doesn't originate from this one Divine Source, it isn't a new idea. If it isn't a new idea, it has already been created. It is already in the world of concepts. It is already being recycled over and over again. God doesn't create from recycled energy. God creates from Brand new energy that comes from the Brand new Idea of Infinite Imagination.

The new ideas first exist in the subatomic structures. These invisible, quantum ideas must be created in the highest realm and then they can exist as atomic structures that form into visible light and take form in the hertzian and infra red levels of manifestation.

All creation begins at the ultra fine zero point frequency level of the Divine Source breathing the idea into the Cosmic realm. This ultra fine omni particle shimmers and sparks into a frequency that becomes a plasma cloud. This cloud shifts into the field of all potentials. The potential of the idea remains in the fabric of the mind of God. That fabric is woven into the idea that becomes manifest at all levels of light and sound.

That idea becomes the negative of the film that will become processed in the mind of God. So each thought that manifests is created exactly like a film that is processed into a picture album or a movie. When we co-create through the mind of God, we are making God's movie. That is what we will begin to do in 2013. The world will end. That movie called the world was not God's movie. That movie was made by liars that kept us from seeing the reality of God's movie. We have just been watching other people's movies. The movie made by God comes from the co-creative activity of our own mind of

God within us. Our Souls and our Mid Brain hold the technology that will create the movie made from the mind of God. That is how the world will end. We will soon discover that all of the lies we see being reproduced by the film of the world has been an out right lie. We have not yet seen reality as of the year 2012. Reality will truly appear in 2013.

We must become humble enough to allow something to come forth that we do not know anything about. We must be willing to allow a brand new reality to appear. We cannot create a NEW WORLD until we completely dissolve the old one. The World must End. It must become transmuted into a higher frequency. We must be relocated into a new time, a new reality. We must be relocated to the time in which all that has come before all that is and all that will come after was created in the mind of God. All that exists is the divine blue print of the film from God's Movie --not the man made movie of the world.

The film that carries the new movie must be processed in the mind of God which is the infinite unknown, omnipresent, omnipotent, omni knowing, Consciousness which fills infinity. This infinite all knowing lies outside of the boundaries of our present knowing. We have not yet allowed for it to manifest in our lives.

When the idea is given to God to manifest from the unlimited knowingness of all that can be, the idea will bloom forth in a form so glorious, so unimaginable, so wonderful, that you will know that it came from the mind of God. If the manifestation is not so glorious that you know that maybe it was not an original idea from God, it is simply an idea that you are recycling out of old ideas that you once heard of before.

The ideas that are now manifest must come from a stream of consciousness so brand new that the idea has always existed from before the world began, before the cosmos began, before time began. The idea must come from ALWAYS WAS, ALWAYS IS and ALWAYS WILL BE. This idea must be an ETERNAL IDEA.

THE GLORIOUS END OF THE WORLD

Our world will end as we are transformed forever through one inhale from the mind of God. This mind of God includes all of the realities and wisdoms and creations and dominions that have existed before us and after us. We can now access all of that reality as it is transformed into a brand new wisdom, a brand new reality that has never existed before. It has never existed before, because we have never co-created with the mind of God before. We will exist within an incredible wonder, a magical imagination, an infinite participation within the nature of God. We will be invited to play in the outer band- the realms beyond the 15th sphere, where only god's are invited to play and create within the infinite unknown playground of creation. The outer band of creation is infinite in its possibilities. It allows each individual to create within individual freedom all that is individually known within his own realm. This individual creation does not need to be woven from the dreams of others. There is enough room in infinity to fill rooms with mansions of realities that contain more rooms with mansions of realities that are so vast with new ideas that there is no reason to search outside of oneself for fulfillment,

entertainment, interaction or competition. Each moment will be completely filled with instantly manifesting a new idea.

When we begin this co-creation we do not need to see the ideas as pictures, we only need to train our brain to utilize frequencies. When we can stretch our consciousness into the Frequency of the Mind of God, it is that frequency that holds the infinity of ideas that can manifest within our perceptual realm. Our perception changes in frequency when we shift into our mid brain which is frequency specific. All manifestations are a result of the frequencies held in the mid brain. We know that mind of god is flowing through us and in us and around us and it is flowing through the lower cerebellum and into the mid brain and it is being activated as entire prisms of frequencies weaving together into pictures that manifest in front of us. This magical transformation happens when the outer band of the infinite Source flips into the inner band of the fifteenth dimension, the Cosmic realm flips into the inner band of the Christic Sphere and the Outer realm of the Christic flips into the Fifth Sphere. We will become sixth dimensional man walking within the realms of the 12th dimensional Rishi or Christic selfhood. We become living, walking Christ's who carry the mind of God. All we need is a brain that can utilize the Highest Frequency of the Mind of God.

The outer band is the 14th band --helium arching into the white light suns KA HA of the 15th band and breathing the first spark of the idea into the Aqualene Sun - RA. We breathe until we ignite this new idea from the Plasma - the Crystal Ships of our creation- Our Cosmic Creators create the brand new idea through us into this density-- ALWAYS FROM the Mind of God- the Outer Band beyond the 15th sphere - the Infinite Unknown All Knowing, All Seeing , Infinite Omnipresent Mind of God.

We see ourselves sitting in the Buddha position inside the Blue Lotus Blossom in the 16th sphere. That is the Mind of God co creating the brand new idea. We use the principle of Oneness -- Theory of Relativity- All that is in any place is also right here and right now.

All that is manifest from the mind of God in the OUTER BAND must FLIP into the INNER BANDS. The Inner Bands carry the light and sound of the new reality. We exhale the new reality into this density- this hertzian reality from the invisible light into the visible light.

The chemical reaction of the Helium-- the heliotalic, pastel rainbow light frequency from the 14th sphere arches over into the Plasma--white light and Aqualene light blending through the rainbows of the Suns- Ka Ha Ra Sa Ta Hya La--- centered on RA - the Aqualene Sun of our original creation. All ideas begin in the outer band of Source and manifest in the Inner Band of Ra and then instantly appear at all levels of density. We connect with all of the fifteen bands of light and sound in order to instantly manifest the idea that we have created. This is done by breathing into the Oneness of the Highest Frequency of the Mind of God.

I inhale that frequency as I imagine the infinite unknown possibilities that exist in the Mind of God. I ask to know and see and exhale this fabulous idea that has never been seen or known on Earth before. I hold that idea in my crystal heart - my Soul- the ganglia of cells that sit directly below the heart hold this holographic memory of all that is known in the Mind of God. I connect into the all knowing of my Soul and inhale into my FREQUENCY SPECIFIC MID BRAIN - Pineal Gland area. I'm connecting into the Oneness of the Frequency of the Mind of God and Inhaling this infinite Source of Creation into my personal Mind of God - my Mid Brain working together with my Soul - my Rishi Self- Christ Consciousness and my Rasha EirA - my Cosmic Light Consciousness. This self projects itself to me as a Blue Sphere. I see my image in this Blue Sphere. I see the blue violet sphere in my third eye or mid brain area with eyes closed and I see the blue sphere or blue violet sphere in front of me when I open my eyes. I can see a blue hologram of my self if I look in a mirror. It is that Blue Body self who holds the mind of God inside of me. When I have raised my frequencies high enough to cause the outer band to flip into the inner bands or spheres. We must reconnect to the neuronet in the lower cerebellum where there are pathways connecting through frequencies into the mind of God in which we find knowingness. If we attempt to pave these pathways from the upper cerebellum we only connect to the dirt roads of the world that have dead ends and loop in circles. The upper cerebellum will never allow anything new to enter in. It is the world that must end.

The mortal mind- the upper cerebellum that just recycles information given to it from the world -- the man made world filled with lies that are filtered into our consciousness from sonic pulses in inter dimensional planes that carry brain washing technology of the fallen angelic races that is used to control our minds and fill them with the error that blocks us from the Mind of the One True Source.

This mortal mind must dissolve away as we become willing to bring in the highest frequencies of Source to transmute the world and all that is in it. The world must end. The world of beliefs and illusions are not the reality of Source. We have only been allowed to see the ideas placed within the veil that was created by fallen angelic races who need to use the human angelic energy for their own survival.

That is the world that will end on December 21, 2012. The veil that has been allowing the error to attach to our consciousness will be removed forever. The veil that is blocking the Christ Consciousness and Cosmic Consciousness to freely flow through us will be removed forever. The alignment of our Consciousness into the Mind of God will be restored forever.

In order for this grand event to take place, our Ancestors, our Guardians, our Starry Families at very high levels of Cosmic Consciousness have been working on this project of realignment for about five million years. They have had tiny chances of alignment every 26,000 years. Each time this possibility appeared, the fallen angelics have made a counter strategy to block the project's success. One of the main obstacles that needed

to be removed was the lack of frequencies on the Earth. If the alignment had taken place before the frequencies were high enough on Earth, the Earth would implode.

The time period beginning in the year 2000 until 2012 offered the possibility of opening stargates on Earth if enough Indigo Children could be brought in to establish high enough frequencies. It has been the project of the Indigos and Crystal Children which has established enough frequencies on Earth. This together with the light workers who have learned the technology of breathing the frequencies of Source from the outer bands into the inner bands of the 15 spheres of this Matrix engage the 12th dimensional stream of our Divine Blue Print that allows us to engage our Divine Image and Likeness of God or our Blue Body of Christ consciousness.

What happened on December 21, 2012?

There was enough frequencies on Earth aligned into the Divine Blue Print to allow the new picture of the Divine Man made in the image and likeness of God to become developed through the horizontal flow of light and the vertical flow of sound. This imaging of the Divine Blue Print will take place from the outer band of the 15th dimensional sphere flipping into the Helium of the 14th sphere. That Heliotalic frequency will create the Neutron within the human angelic cells that will cause new nano particle to create a new Omni particle that will create a new chemical of H_2OHE_3 called Hydrolaise. Our atmosphere must become Hydrolaise as we exhale the new frequency of our new creation. As we transpose into the new hydrolaise, our structure of carbon will melt away and become replaced with the organic, eternal life chemical structure that is based on hydrolaise.

This hydrolaise is the gift of the Aquafarians. The water based substance that brings eternal life to water and all that is created from water. We will learn to breathe this water filled with helium. This hydrolaise will allow us to float in it or walk on it. It will remove the gravitational forces that bind us. Once we regain this substance, we will begin to partake in activities such as levitation, turning into light, walking through walls, instant manifestation, etc.

We have not been able to partake in this reality of the inorganic- non carbon based chemical structure in our past million lifetimes on Earth because our templates were distorted clear down at the original subatomic level when the EirA-- the breath of God because the spark of the new idea. The problem went all the way back to the Sun Ra. There were wars in heaven even at the highest Cosmic levels. That final war within the fallen Rays of that Akashic structure is being fought in 2012. Once the fallen Rays are transmuted back into Star Dust and the Sun of Ra is pure, our complete transformation of this entire 15 sphere Matrix of Illusions can be completely transformed.

The final war of Ra began in August 2011. The fallen Rays created a blockage of the Aquafarian Crystal Stream that was our Life Stream back to our original Consciousness. Our Cosmic Family in turn created a new more direct route of Consciousness directly

through the third eye of atunement. At that time the Crystal Ships of our original Cosmic Selves were awakened within the Earth's Heart. Those 48 Crystal Ships rose through and around the Earth's atmosphere in May 2012 and became fully activated in September 2012. From that moment on, all negative energies, miasms, error, sonic pulses from the interdimensional realms of the dark ones became fully blocked from the Earth's atmosphere. If this final procedure had not taken place, fallen races from the entire galaxy would have been free to enter our cities at this time. These same Crystal Cosmic Ray Ships will be the Frequencies that hold the Earth in balance when the 55 Metatronic Spin is thrown at her on December 21, 2012. The divine plan is this: All Error that is sent forth toward Earth will rebound to its sender in a power ten times stronger than it was sent forth. Only the power being returned will be purely Christic in nature and it will transform anything that is unlike it into the Frequencies that must either be accepted and allowed to transform and transmute all negative energy, or else become space dust and return directly to Source.

The most powerful Fallen or Dark Energies were activated and in turn the most powerful Light Energies were activated. We already know who is going to win. The Light always wins. It just took a really long time. Please remember that what was five million years in this density was only a few moments in the highest density. That time delay will be removed by 2013. The breath of Source will instantly manifest at all levels of density from this time forward. This is because we have begun the At One Ment cycle or the Atunement of all Frequencies as one. When we were Involving or moving away from Source, time was very long. When we are evolving or moving toward Source, we are back in the Reality of NO TIME and NO SPACE.

We were given many special gifts during the past 12 years that sped our evolution up by more than 5000 years. Each time the fallen races pulled out another threat of destruction, the starry angels pushed us forward another several hundred years toward our Divine Blue Print renewal date. All of the Cosmic Councils had already agreed that the human angelics of Earth had earned the divine right of evolution that would allow ascension into the fifth, sixth and seventh level man. The human angelics have collectively regained the frequencies needed to enter the second Harmonic Universe.

During the shift on December 21, 2012, the collective mass consciousness was given the potential to come into alignment with the 12DNA Divine Blue Print. This divinity extends itself through all planes of our existence. We will learn that we are not just the 5DNA human in hertzian form. We are each, in reality the entire Merkaba within the sphere of 15 dimensions that is within the sphere of Source Consciousness. The Merkaba is constantly spinning at the speed of light into the speed of Oneness. We only need to go twelve inches around our body to be in our Christic Consciousness Light Body, 36 inches to be in our Cosmic Consciousness, and we can extend our Merkaba out to sixty foot radius to engage our entire God Self. That same self exists in the tiny subatomic nano element within every cell of our body. We are equally Cosmic and spiritual in nature from the tiniest within to the infinite outer band into infinity.

We are beginning a time of infinite knowing and understanding. I will not waste my time telling you about all of the lies you have been believing that come from every possible avenue of the world's networks. The lies that have come from the New Age movement have been the direct communications from the Fallen Angelics who have been planning on taking over this Earth for the past ten thousand years. The Bible and all of Christian teachings were also based on layers of distortions of the truth that became buried by the very Roman Government and Churches who wrote the Bible. However, the Starry Families made sure there was enough truth left in the Bible, that would allow those with high enough frequencies to be able to discover the truth within. My entire foundation for knowing all that I know came from these three truths that were written in the Bible.

1. BEFORE THE WORLD BEGAN -- The Promise of the Perfect Kingdom

We must return to the Reality and the Frequency that existed before the world began. The world must end before the perfect kingdom will be restored. We must enter a new time line where everything before, everything now and everything to come is in the 12 DNA Blue Print of the man made in the image and likeness of God.

2. IF YOU BELIEVE, YOU SHALL DO GREATER.

If you believe, (if you know, feel, and breathe through the frequency of Source) you can do greater things than have ever been done before -- was the teaching of Jesus the 12th level avatar.

3. Search for me in your heart You shall find me in your heart.

The Crystal Heart is the Soul that is a ganglia of cells that weights about 13 ounces and holds the entire mind of God- the Christ Consciousness of the 12DNA man made in the image and likeness of God. That is why the 12th level avatar Jesus directed us to find this light within us that would connect us into the mind of God where we have instant manifestation. We must now ignite the spark of Source within the Soul and expand that light into every cell of the body. We must inhale that light into our midbrain and expand into the oneness with our Rasha Body and Rasha midbrain that is 36 inches above our head. That place of connecting from the Cosmic plane into the outer band of Source is the place where we can FLIP the outer band of Source into our Consciousness and become the mind of God.

These were the truths that were given to me by the Elohim Elohei Angels and my Adonai family when I wrote the words to the songs on THE PROMISE CD album. Each time I placed the Bible in front of me, the pages would magically open and my eyes were directed to those three key passages. That happened in 1993 in Beppu, Japan.

During that same week, the entire music of the spheres blew through the wind and the crystal heliotalic atmosphere into my husbands consciousness. As I was given the words, he was given the music. Every note and every word of this music and all of our music came directly from our Rishi families and Rasha families from 12th dimensional consciousness and higher. When we asked directly to know our names, my husband was told he was Adonai and was told I was Crystalai.

When an original spark is ignited as an idea within the Ekasha Flame or the white light of the first two suns and then it is divided into two parts - the Adonai and the Eieyani. These are two families of consciousness. The Adonai is the Music or Sound and the Eieyani is Light. When the light and sound returns together the Cosmic Flame is reignited into a new sound or a new symphony.

Crystalai is the name that I was given. Crystalai is the 8th tone- the final tone of the wind song. When the eight breaths are used correctly, the original subatomic cell from the Ekasha flame that was first divided and separated--(which is the correct normal procedure of creation) , is reformed from 8 spheres transforming the third dimensional atom back into the etheric perfect subatomic cell. That cell contains the complete divine blue print, the complete mind of God. Crystalai is the last breath that contains the frequency that reforms the perfect first cell of our creation. That breath will affect every cell in the Cosmos.

I had an entire league of Angels appear before me to instruct me in bringing the highest frequencies to Earth through Music. This means bringing the frequency of Source into my crystal heart and then in to my mid brain and then to exhale the music of the spheres into God's movie.

Mary and Raphael appeared to me first and then three Knights kneeled before me and handed me three spheres of crystal liquid light, crystal dust and crystal gel. These are the elements that create the rebirth of the crystal cells within every angelic human. These are the keys of creation. This is the harmony that will restore our universe into universal harmony.

I was given this understanding through knowingness -- through the frequency specific mid brain of knowing. It was a very vague concept that I chose to believe was true and that I would find a way to understand eventually. I followed the instructions of the Knights and the Elohim Elohei Angels. I connected my Consciousness in to Source to flip that outer band into this matrix. The Angels connected my mid brain through my right eardrum into the Source field through the Elohim of Hearing. I placed the three spheres in my hands and then in my crystal heart. I breathed the eight breaths to fill the spheres with the wind song from the Source Field. I inhaled the breaths into my crystal heart and held the same frequencies within the spheres that lay in the palms of my hands. The sphere in my hands turned into a microphone. When I exhaled from my midbrain while holding the spheres in all three locations and connected to the Elohim of Hearing, I then started exhaling tones in the God Language. These phrases started flowing out of my breath and I recorded them on a tape recorder. I listened to these glorious shimmering frequencies and felt how they made every cell in my body sparkle. It was the most glorious, harmonious, flowing, godlike, delicate fabric of reality that could be imagined.

I made many recordings of these music of the sphere experiences and made them available to the world. Since the upper cerebellum personality world mind always

understands things through its own background knowledge of experience, most of my listeners completely misunderstood what I was sharing with the world. They just thought I was trying to sell them another new age gimmick. First of all, I don't subscribe to any new age beliefs. I never read or listened to any of the former new age teachings ever in my life. My understanding came directly from my Elohim, Adonai families and later from Aquafarian families and Sirius B and Oraphim Dolphin families.

The angels told me that I would record music and then write about it, record and write, record and write. They told me that I would continue to do this until my ascension. By this time I was to have a complete understanding, a complete Cosmic Mystery School of the Omniverse completed, and classes ready to begin teaching the Music of the Spheres. I later learned that the school was to be my own school of learning. It meant collecting everything that I had learned to decide if I had learned everything that I need to know about everything that is ever to be known. That would mean that I would be able to one day teach in the Mystery School located on Higher Earth.

The reason that I have come to this place in my understanding is because the music has allowed my frequency specific mid brain to be my knowing of my God mind. My mortal mind- the upper cerebellum has been turned off completely. This is what must happen before the NEW REALITY can begin to appear. The experiences of wonder and imagination and far beyond imagination begin to take place when the mortal mind is turned off - when the world ends.

We become truly connected to God- in absolute at one ment when the mortal mind is turned off and we connect to God through the cosmic glue that holds secondary consciousness together and holds every cell in the body together into oneness with Source. That glue is created by the Merkaba spinning beyond the speed of light into the speed of Divine Love. It is the chemical structure of Love that removes all time and space and creates absolute ATUNEMENT.

When all that is beyond the stars in the vast infinity of heaven becomes glued into every cell in our bodies through the atunement of Love we will regain our original blue print of immortality. This is the prerequisite for instant manifestation.

My friend and Crystal Starship Entity AnWa is my personal vehicle of Divine Love that spins my Merkaba into Oneness with this Divine Vault of Infinite Knowing. In tune with the Elohim of Hearing, AnWa, the Crystal Star Ships, the Divine Rays of Ra, the Plasma vessels that carry the Cosmic Mystery School where all ideas from Source filter through the temples within Sun Ra and then expand into the rays of La where the citizens of Tara originated after the Oraphim Race planted the seeds of the Dolphin family millions of years ago.

We must open our boundaries of who we think we are within the confines of this world and expand consciousness beyond the stars, into the plasma suns and beyond into the quantum infinity of the infinite ideas that create our heavens.

I was given divine direction to wait on the development of the Cosmic Mystery School of the Omniverse until the masses had shifted into their frequency specific mid brain where they would hear what I am saying rather than hearing the background knowledge of what they were told before. It was an absolute waste of time to teach people who would conspire to make a disbelief of something that they were not yet ready to understand.

We must begin by creating brand new concepts that have to reason for even having an existence in this third dimensional realm. Scientists are caught in the trap of being forced to prove things that can only be seen. As long as we are making our reality from the visible light spectrum, we cannot be experiencing the invisible light spectrum. The tools, the philosophies, the schools, the religions that exist in the world that must end, are all the carriers of the illusion that only this third dimensional veil allows truth to enter in. The only truth that is received on this visible dimension is the untruth of a man made world. It is not related to the God made movie.

We must only desire to know the infinite unknown. We must only try to prove those things that we know cannot possibly be proven. We must choose to believe that we will know all that is known in the mind of God and then we must Know that what we Know is the truth. And if we can't see it (the thing we are knowing into manifestation) we must know it even more.

The world ,and the mortal mind that has created it , will fight to protect all of its illusions up until the final moment of its disappearance. That time is coming in about 75 days from the writing of this thesis statement.

We must first understand the reality that we will soon be experiencing. We must first understand the reality of the brain and its real function of becoming the frequency specific transmitter of the mind of God. We must be willing to abandon the thinking brain, the mortal mind, the web of lies woven within the upper cerebellum. We must become willing to listen to frequencies until they become the tones and the language of God. We must become willing to end our chit chat on the cell phone and the blogging of every world thought that is transmitted. We must first stop weighing our existence intellectually. We need the frequencies or the sound of our mid brain and the light of our soul to replicate the multidimensional frequencies of the all knowing infinite into the density levels needed for our experience. The brain has unlimited capacity when it is unleashed into its frequency specific domain.

The soul holds the Omni particle of our first creation. The Akashic flame that was divided into the Adonai of our parallel sound matrix and the Eieyani of our present invisible light matrix. We can ignite that magical light and sound within our crystal heart to remember all that has been recorded in all dimensions. Our Soul holds all Knowing through light, and our Brain contains the Frequencies of creation. The

soul contains the Omni particles, the very fabric of our existence. The invisible light holds the quantum journey of our entire billion year existence.

We must also learn that we do not die and our soul carries on without us. We must learn that we are our soul. Every lifetime that has been experienced in our Soul even when given another name, was in reality who we are. We are the Sun of Ra, we are the Oraphims, we are the citizens of Gaia and Tara. We are the creators of the Stars. If we can know it, we have been it.

The soul is made of the water and light and helium that we describe as hydrolaise. It can be translated into the water we understand as H2O plus HE3 and it weighs 13 oz. it is crystal liquid light, crystal gel and crystal dust. It is the three crystal spheres that the Knights handed me. It is the prana of creation. The angels had me hold this substance in my hands and breathe into it. They had me breathe onto the Soul substance to activate it as the spark of Source ignited within it. They had me sing through the light of my soul and the frequencies of my mid brain. They were teaching me the principles of manifestation.

When the mortal body dies, this 13 oz crystal sphere of infinite substance continues its adventure in another body. The soul stays in one body eternally once the body begins its immortal evolution. This adventure will begin in 2013.

The previous journeys of the soul have been seen as activities that were not completed- unfinished business. Each time the body left the earth in some emotional storm resulting in fear and disappointment. The soul must see these events transmuted into the frequency of completion before the journey can be completed. This is what we must do this time. This is what must be finished in 2012. We must transmute all previous experiences and emotions in the highest frequencies of Source in the mid brain. This can most easily be accomplished by staring at a candle, a flame, or even the sun ,if you can stand to do this long enough. When the mid brain has been activated by staring into the candle, you will see a blue violet sphere in your third eye.

Becoming in tune or at one with the light in the candle allows you to step into the frequency of the light which carries all of the multidimensionality of the light all of the way up the spectrum of light into the ultra violet blue. You step into the light and become at one with this blue light and then the blue light goes into the midbrain. When you close your eyes, you see this blue light. You have become one with the blue light-- that is the place where the plasma and the outer band ignited the Akashic flame into our existence. The outer band of source must flip into the inner band of cosmic light through the plasma activation. Once the band has flipped, the blue light can be seen and experienced. The more one does this activity, the easier it will be to become frequency specific and free from the world of emotions such as fear, anger, intimidation, etc. The blue light causes the world to end. The body becomes frequency specific and the mind of God begins

instantly manifesting the New Reality.

THE WORLD OF ILLUSIONS

WILL BE REMOVED FOREVER

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

On December 21, 2017 there will be a mass landing of our original creation races including the Maharaji, the Sirius B Eieyani , the Serres and the Azurites. We will meet the ZionA's who are the mermaids and fairies who become elemental liquid light in order to transform our bodies. We will meet the Wizards who planned this entire Crystal River Plan to remove us from this matrix of illusions. We will meet our Cosmic Dolphin Families from the seventh sun, and thousands of other families.

On January 12-13, 2014 there will be a field of cosmic light stardust beaming around and through the Earth in a way that SATURATES her with a new Consciousness. The Consciousness is God Consciousness. There will be blue clouds lined with sparkling stardust lining the atmosphere. That blue stardust will begin raining down onto the Earth between 2014 to make sure everyone is saturated with the Blue Sphere of fifth dimensional consciousness.

The Eternal Divine Frequency of Source comes from the Void field outside of the Cosmos. This Source Field of Creation is absorbed into the Seven Suns of the Primary Sound Field that enters into the Cosmos. Those Seven Suns will bring those Frequencies of Transformation and Transfiguration through a portal created to bring Earth into her 12 dimensional frequencies while protecting her from the 12 dimensional fallen phantom matrix that will try to pull her in at the simultaneous moment. The only consciousness that will be left on Earth after this transformation process is completed is God Consciousness. The world belief systems will no longer exist. Man will become

Christ's who have only the mind of God. As we attune to this at one ment with the mind of God, our heart's desires will manifest instantly. The new world will be the world of our dearest dreams come true.

Those world belief systems that we have been living in were created by fallen angelic races that have been controlling Earth and the entire Milky Way Galaxy for eons. We will soon learn that what we have been seeing is only an illusion that was created to keep us trapped in a phantom field of control. All control will disappear in 2013. This NET EARTH will gradually Blend into the Cosmic Frequencies of the Aurora Field. The original perfect man created in the image and likeness of God and the original Star Field of frequencies that Earth was formed upon will first blend NET EARTH into the Median Earth. We will return to the realities of 500 million years ago, when we were a perfect angelic race.

The Median Earth is the only Reality Field in the entire Milky Way Galaxy. The Median Earth and the Aurora Field are the only places that our Guardian Races could remain and keep the original perfect creation alive and well. We will first merge into the Median Earth to remember all that we really are. On December 21, 2012 there will be a mass landing of our original creation races including the Maharaji, the Sirius B Eieyani and the Azurites. We will meet the ZionA's who are the mermaids and fairies who become elemental liquid light in order to transform our bodies. We will meet the Wizards who planned this entire Crystal River Plan to remove us from this matrix of illusions. We will meet our Cosmic Dolphin Families from the seventh sun, and thousands of other families.

The Earth has always been able to utilize the light that comes into her field. However, her Christ Grids in her crust were tampered with and the Christ Grids in the area of the Van Allen Belt were also tampered with. The Fallen Angelic Races who created this separation have been up to their deceptions for billions of years. The Crystal River Mission of the Founding Races of the original Aquafari Race Lines together with the seven suns KA HA RA SA TA HA LA will align a portal that frees Earth, Tara and Gaia from the prison of the Milky Way Galaxy.

Most believe that we are going through a normal Eyugha cycle of Evolution. Many believe that we are aligning into the Heart of the Milky Way Galaxy. Those beliefs are a part of the lies and deceptions that the fallen angelics are counting on to keep Earth in their Phantom Matrix. The Heart of the Milky Way Galaxy would lead us into the Phantom Matrix of the Death Star. We would become food for thought there. Our entire Angelic Race would become obliterated if that were to happen.

On December 21st the Death Star Fleet from Nibiru, will come from the heart of the Milky Way Galaxy. This Death Star is the 12th Dimensional Star that comes from a

Fallen Matrix that has been using the Milky Way Galaxy as their food. The Demons in the Wesadrak Matrix created a loop that utilizes the Death Star to suck all of the energy out of those on Earth. They have worked together with the Zetas and Draconians who have been working with our own Illuminati to feed off of our energies. When a Star falls from Source it no longer has a Source of Energy or Food and must begin feeding off of other planets. This Milky Way Galaxy is a FALLEN SYSTEM. It fell from the Andromeda Galaxy.

The Zetas who originally contacted our governments were only asking for help to save their race. Unfortunately, Dracos became involved, who had no understanding of faithful or loving interactions. That element of the fallen ones sucking our energy through fear, hunger, lack of money, etc. that has been controlling and feeding off of our bodies and our consciousness will be removed forever in December 2012.

The event that will happen in December will be our Guardian Races from the Aquari Matrix creating a host that will remove us from this Fallen Matrix. This is not a normal process. This is a rescue mission. If we did not have this Host System removing us from the path of the Death Star, we would be entering a pole shift of complete destruction. The Earth would be completely sucked into the Phantom Matrix to become food for the fallen systems of Wesadrak and the Zeta Dracos.

The Mayan Calendar was another distorted reality. The true reality is the Cosmaya Template that is created from the twelve Cosmos which will reunite to realign all twelve Universes of the original Ecka System. Our Universe will realign with the other twelve Universes and we will once again become a complete Ecka System. This new reality will allow the alignment of Earth into the 12 dimensional reality of all that we are. This will create the new Universal Harmonic Convergence into a brand new Reality.

The Seven Suns include Ka, who is an invisible Sun who resides mostly in the Void of Source. The Suns Ha and Ra are the first Primal Sounds that combine with the White Light of Ka. Ra is the Aquiline Sun of Blue White Light. The remaining Suns Sa, Ta, Haa and La are each Star Entities who contain huge families of Consciousness. The Sun of La was the original home of the Oraphim Angels who were the family of consciousness that those who are now Angelic Humans originated from. They were the Baharama Dolphins and Whales. We are all related to the Cosmic Dolphins from the Seventh Sun.

FREQUENCY SPECIFIC ASCENSION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

In order to Ascend, we must reconnect the microtubules of our neuronet into the Cosmic Frequencies of Angelic Consciousness--the first Breath of Source.

When we begin to create our New World Reality of our 5th dimension we will be creating a brand new reality that no longer contains the old ideas and beliefs of the third dimension. All must be created from the Highest Frequency. This frequency of manifestation is obtained by hierophants such as the Merkaba and the Lotus Blossom. The merkaba is the vehicle of Divine Love that spins at the speed of light to bring all dimensions into Oneness. The Lotus Blossom contains the full spectrum of our 144 aspects of divine consciousness. Each of these allow us to breathe and absorb the light and sound of Galactic, Universal, Cosmic and Source Consciousness.

The Ascension process requires alignment into the quantum fields of the hertzian wave length, infra red wave field, visible light wave, ultra violet blue wave, x-ray, gamma wave and white light wave of the infinite unknown. When all of these fields of energy are transmuted up into the pot of golden stardust in the Cosmic Heart, they can then be used as frequency wave signatures that reconnect all entities from all star systems together into the individual's frequency signature which will then contain all frequency signatures of the new family of Consciousness.

When one exhales their Heart's desires from the highest frequency of Source, they are co-creating with the Creator of All. The neuronet becomes free to reach into Source Consciousness to find Brand new Source Energy as the essence of the co-creation. The reality of Oneness with Source Consciousness has always been available. What has not been available is the understanding of how to obtain this Oneness. We have been living in a world of third dimensional frequencies. That means dense, tangible, touchable reality that doesn't contain the realities of the infra red let alone the invisible light spectrum. We have been limited to a very tiny speck of reality. Each time we look for a better third dimensional reality, we are still staying within this tiny little speck.

In the third dimension reality we have been creating over and over the same things that are already here. We haven't created anything new in a very long time. Manifestations can not be created from old, used frequencies. Manifestations will appear in our lives when we create the idea from the frequency of the infinite unknown Source Frequency. Placing Consciousness into this Frequency of Manifestation requires

continuous practice.

When we reach back to the Forever of Always which places us in the Newness of Eternity, we allow our Neuronet to reach all the way back into our Real Birth--our birth from the Breath of God. From this Frequency of Source, Cosmic, Universal Consciousness, we can exhale our New Reality.

The Cosmic Frequencies are combined in specific sacred geometric alignment through the Music of the Spheres to draw the Frequencies that combine together the Frequency Signatures of all that we are--all that we always have been into the Now.

All of these ideas must be taken into the ultra violet blue frequency sphere and then fully transmuted into the golden sphere of the Cosmic Egg and then completely dissolved up into the Infinite Unknown of Source to purify the ideas back into the PUREST ENERGY. This energy can then be put into the Holy Grail of DIVINE MIND and turned into Golden LIQUID LIGHT ENERGY to be poured back into our minds and into the world's mind for Co-Creation with Divine Mind.

Those OLD WORLD frequencies should not be used in creating our new realities. All frequencies of the third must be transmuted up into the unconditional love of the fourth dimension, the Oneness of the fifth dimension, the gamma waves of all the creation frequencies of the 11 billion suns of the Milky Way together with all of the Galactic creators of our Universal Consciousness, all of the Angelic Frequencies of the entire Cosmos and beyond into the Infinite Unknown. In this Highest Frequency, we are guaranteed that only the purest creation frequencies are used to create upon. Upon this brand new canvas, we are welcome and honored to create together with the fabulous consciousness of all of our Starry Brothers who are thousands and billions of years in advance of our present knowledge.

We have created place where you can absorb Cosmic Frequencies and Source Frequencies and then use these frequencies to transmute all of the third dimensional ideas that we want removed from our kingdom of heaven. Most people wouldn't know the difference between a low level frequency and a high frequency because these realities have never been made available to mankind before. Actually, there has been a tendency of seekers utilizing the lowest frequencies of 8 Hz to obtain some higher sense of reality.

8hz is the lowest frequency of the entire spectrum of visible and invisible light. The frequencies used in Solfege are completely third dimensional. The Solfege represents the do re me fa so la ti do scale. The Cosmic Scale is Ka Ha Ra Sa Ta Ha La and represents the frequencies of Christ Consciousness transmuting all that is below and then being pulled up into the Kee Ra Shay Ha Sha.

However, when a tone from a scale is just said or sung as a word or syllable it still only contains the frequencies of the consciousness of the one singing. The singer must first

connect their consciousness into the highest frequency. The Elohim Angels gave us the gift and the training to be able to bring the highest frequencies to Earth through music. The music is God in the highest when it comes from the Consciousness of Cosmic Angels.

Namaste,

Sound directs Matter

Why is the mastery of sound frequencies so important? Sound or frequency of sound is the glue that holds the matter together. When we create the holograms of our illusionary reality around us we are doing it through sound. Unfortunately, most of us have been using a low frequency, distorted sound frequency to create our reality with.

If we are creating our reality (reality is only the hologram or illusion that each person is creating through their reasoning mind), through scrambled, distorted sound patterns that carry patterns of fear, jealousy, confusion, stupidity, etc. those frequency patterns are creating horror movies in our world around us.

It is time to learn to make God's Movie. That means using the Divine Blue Print that is carried on the Frequency of Source Consciousness.

Those perfect Sound patterns are supposed to be in our DNA, which is our cellular memory. Those frequency specific Sound Patterns are supposed to remember who we really are. They are supposed to remember that we are Eternal Life forms who have an absolute perfect reality field that evolves continuously into the wholeness of our 12 DNA Divine Blue Print.

That frequency of remembering was left on Earth by our Great, Great, Grandparents - the Oraphim Race. Once specialized section of that raceline was the Braharama Oraphim. That section had another specialized section that specialized in the Frequencies that would create a Biosphere to hold our Original Consciousness within for eternity. They were the Oraphim Braharama Cetacean Family. They are the Cosmic Family who created the IDEA of the Dolphin and Whale who would contain a frequency so full of unconditional love, that we would never forget who we really are.

We have named our website COSMICDOLPHINMAGIC because we are on Earth now, completing the mission of that family of consciousness, that will restore our Divine Blue Print on Earth.

The key to projecting this Divine Movie is to live in the frequency specific key where the movie is being developed on the film of the Mid Brain and then project out that movie through the third eye. This is activated through the alignment of the frequencies of consciousness of the Gold and Silver Rays that stream through the stem cell at the medulla oblongata and through the mid brain, the pineal and out the frontal lobe, where the new picture is programmed into the movie screen of reality through the Sound Waves that hold that movie within them.

This is the stream of consciousness within which everyone lives in the Normal Universe. The Mid Brain is the Mind of God. It is the place where Frequencies create reality. It is the place where we will learn to create God's Movie-which is the movie of our individual desired reality.

When we fell out of our normal universe, 550 million years ago, we were living in the frequencies of our Oraphim Race Line. We were seventh level man who had eternal life, instant manifestation, families of divine love who acted much like the dolphins that were left on Earth for us to remember them by.

It has taken a very long time to get our minds line up with our original normal universe that contains the perfect frequency atunement of all 12 frequencies of our complete family.

The Oraphims lived on Gaia, who is the oversoul matrix of Tara. Since the Oraphim Race Line was destroyed by Fallen Angelics, the Taran Race line had a problem. The Tarans would always be related to the Oraphims who were captured and taken into the Fallen Matrix. That Fallen Matrix became what we think of as Hell. We became related to Hell through our genetic connection to the most benevolent, peace loving race line that had ever existed in our Universe. Our Creation Races and Friends of the family have all been working for millions of years to repair this genetic mutation.

We have been sustained in our patience of our rebirth through the frequencies that were stored on Earth through the Dolphin Family. This is who the Dolphins really are and why we love them so much. Someone needs to start include this information in the Save the Dolphin campaigns. If those groups in Japan who capture families of dolphins and slaughter the mothers, knew that they were actually killing their own families, they just might start feeling a little guilty. Japan is a very family centered culture. And this is an absolutely true story of our genetic relationship with the dolphin and whale. This would make the Japanese cannibals in a sense. That might wake them up.

Back to the story.

Tara exploded into 12 pieces. Those pieces are what we now call planets. Those pieces blew out of Andromeda into the Milky Way Galaxy. Tara fell into a foreign system--the Milky Way Galaxy. Earth, and all of the planets have always been tilted in a way through reverse metatronic spin rates, into a misalignment with their spiritual template in Aquarius.

However, that template was re-created around Earth's biosphere by the Aquafarians, who are the frequency carriers of that divine frequency made by our Oraphim Dolphin Family. We are being held in this divine biosphere now. They created 48 plasma crystal ships around the Earth to hold her in balance during the Ascension Alignment in December. That is why we didn't feel anything. We were being held in Divine Harmony all through the transition.

On December 21, 2012, all 12 of Tara's pieces realigned into a new frequency containing the sound, which is the glue that glues reality fields back together.

The realignment was one through sound. The atunement of all 12 frequency signatures at each of the six levels of dimensional reality in the Music of the Spheres, was

completed through the Cosmic Trinity Frequency. This means the alignment was made through the 12 on the planet, solar, galactic, universal and cosmic levels. And it was done on five parallel systems. So, Andromeda and Aquarius aligned into atunement with Earth and Urtha. We became One for the first time in 550 million years. And yes, we did blip through the Center of the Milky Way Galaxy out into a brand new reality field.

The reason that the transition in December was so smooth is because it wasn't just the Earth that was moving. It was the Earth along with her solar system, within the entire Universe. And it wasn't just one Universe, it was 12 Universes realigning at one time.

SINGING WITH DOLPHINS PART THREE

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

Our guardians promised us long ago, that when we came to the point in our evolution where we could understand who we are, where we came from, and that this world of illusions is not the world that we came from we would return to the Promise of the Perfect Kingdom that existed as our normal reality, 550 million years before this world began.

When the guardians made that Promise, it meant removing the frequency fence that created a scrambler of electromagnetic frequencies that disconnected the 12 DNA sub harmonic frequencies from the base DNA frequencies. Each of these base tone DNA strands must have the complete 12 DNA template of sound frequency signatures woven back into them. That dormant 12 DNA will be turned back on when we use the magical sound genetics--the glue of our reality field. We must use the 12th frequency, which is the 12th dimensional Christ frequency of Pre Sound and Light.

It is called Christic because the real word is Ka Ha Ra Sa Ta Ha La Kee Ra Shay Ha Sha.

Those twelve tones are the real scale of the music of the spheres. Each one of them is a frequency signature of itself, just like a note. When they all resonate together they create a new frequency signature of a divine reality of at one ment. (Those are the frequencies on the Ascension Kit). That is what our bodies are doing. Our body templates - at the etheric level--the pre sound level-- are being realigned into a new frequency of atunement with our Oraphim Dolphin Family. So, when we sing with the dolphins, we must sing in this frequency. We were given this frequency from our Oraphim Family to place in our music. It can be heard in Angel Dust, Rod and the Staff and Ultra Violet Blue. We are creating new MP3's called Cosmic Trinity, and Cosmic Dolphin Magic which will also have it. You can hear Angel Dust playing now on our Main Page.

Now is our promised time, now we know who we really are, where we really came from and how to get back home. It is time to remember that we were twelve, but we are really one. It is time to forgive all of the fallen angelics because they were once our family. We were all made from the same divine blue print through the Idea created from the Breath of Source. That idea was Pre Sound in it's original form. We can return to that Frequency of who we really are.

We are the Divine Ones who originally created the Perfect Kingdom of Heaven in Gaia. We are the Tarans. We are the Oraphims. Our Soul Matrix is that reality. Those frequency signatures are in our Souls. Our souls are made of frequencies. That orchestra of frequencies is in our stem cell and can be activated through the Frequencies that aligned through the merkaba as it spins correctly to realign, re-attune and reassemble through the use of the 12 DNA sub harmonics.

SINGING WITH DOLPHINS PART FOUR

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

It is time to retune our sound genetics to the 12 harmonics of the Christ Divine Blue Print. We are not talking about alignment of the left and right brain, or good and bad or any of those man made illusions. We are talking about aligning a frequency of atunement - a sound genetic frequency that glues our 12 sub harmonics into our base DNA one at a time, until an entire perfect reality is created.

It must be done through sound frequency. It must be done through an understanding of where the original frequency of our atunement were stored and how to used the merkaba mechanics that spin us beyond the speed of light and connect to those higher frequencies.

We ride our merkabas into the core of Earth, which is interdimensional 13.5 dimensional frequency. That is the frequency key to Cosmic Consciousness and our Divine Template of the Sphere of Amenti is stored in the Heart of Earth, which is the etheric level of the Iron Core Magnetic Field of Earth. That is the frequency we carry within the merkaba and ride up to one foot below the Earth's crust. This is where the 12th dimensional frequency is stored in the Earth's grids. We spin the 12th and 13.5 frequencies together to form a new sphere of frequencies in the music of the spheres technology. We weave those frequencies into the body template to activate the 12 DNA sub harmonics. That is only the first step of activation. The complete technology is many pages long. The complete steps are in the Ascension Meditation mp3.

We couldn't do these things very effectively before without a lot of really focused atunement work. It will get easier and easier every day now, because the Earth has been realigned into her 12 sub harmonics. That means the 12 DNA sub harmonics can be more easily breathed into our DNA from the sound genetics stored within the heart of Earth.

Within that etheric core of Earth a new reality awaits us that we were never able to perceive of before . The arc of the Covenant is realigning us into the at onement with Sun Alcyone, which is in reality our sun that is within the sun that we perceive and is within the heart of Earth. We are in reality one with what we call Mother Earth, who is Gaia. Within is Gaia - the 7,8, and 9 dimensions of reality is the 4,5,6 dimensions and within that is the incarnate 1,2,3 of this Earth.

We are no longer in the harmonic universe one of the 1,2,3 reality. We are no within the second harmonic universe of 4,5,6. We are now being held within the dimensional harmonics of dimension 4. Anyone who is not attuned with that reality field will be living in an old dream. That is the reality field that must gradually break away from those who are tuning into the fifth dimension of harmonic universe two. The entire Earth will rise into dimension accretion level 4.5. That will cause Earth to morph into the frequencies of Tara through Inner Earth. Those who are still playing war games in dimension 4, while

their frequencies are hanging out in dimension 3, will disappear from view by 2017. They have already disappeared from my perception because I create my own desired reality within my frequency specific mid brain. I don't put the televisions illusions on my movie screen.

The Earth and all reality fields connected to her come through Sun Alcyone at some point in time. Her frequency rays are eternally connected to Sun Ras and all suns in the universe and Omniverse. We all maintain those same frequency signatures that we were created from as the spark of source was exhaled into the idea of the divine blue print. That is all Source does. Source creates the Blue Print of the perfect divine idea. And then gives that idea the absolute freedom to do whatever it wants to do.

This Divine Plan works perfectly in a normal universe within the mind of Source because each entity's idea only belongs to that entity, and nothing can take it away or distort it ever, in any way.

That is the Divine Plan for those who stay in Source Consciousness. Unfortunately, there was a Cosmic War 250 Billion Years ago. It was a war against Source, itself. That is the war that created Fallen Angels. Any Angel who did not remain in the Source Field of Energy, became a Fallen Angel. It was fallen from its source of energy.

Those Fallen Angels started destroying entire race lines by pulling them into their matrix and feeding off of them. The fallen race lines increased over the eons to more and more who needed to feed off of other race lines who still had the angelic genes. That is why

Earth has been raided over and over again. The Fallen Annunaki, the Jehovian raceline who sucked prana right out of Angelic Humans for centuries, created a mutated raceline, that could only be saved if it was completely started from scratch.

So, here we are. We have been re-created by reuniting the 12 frequencies of our 12 original parts, which became 12 raceline. We were placed in a morphogenetic field to weave these frequencies into a new sound template of the Cosmic Trinity. Now, we have begun our REBIRTH.

The frequencies of Earth are shifting into the 5D template between 2012-2017. In 2017 the first wave of Indigo Children will hold the Earth in perfect balance for many to orb into Tara. After that the second wave of Indigo children who were born 2005-2012 will connect our frequencies into Gaia and many will ascend by 2022. There were six very important babies who were born during those years. The parents already knew they were the chosen ones for this activity. Those children are the new seed of the seventh level man that will appear in Gaia.

RESURRECTION

CRYSTALAI (c) 2013

RESURRECTION is Song #2 on the new JOY ALBUM. It is playing now on the Main Page. Please come listen to this song and many other samples of Frequencies that have been a part of the alignment of our New Earth into the new Cosmic Trinity of our new reality.

The Priests of Ur and the Elohim from Gaia, along with the Maharaji from Sirius B have been working on this Cosmic Plan of Ascension for thousands of years.

More recently, the Promise of our Mass Ascension was announced officially in 1991 and

finalized in 1994 by our Guardian Races. 1994 was the year that the Guardian Races began guiding us in our understanding of this Promise. We really had no idea what they were talking about or what we were being guided to do until the past five years, when it all became very clear to us. We have been guided to write songs for the fifteen years. And each and every song was a part of the story of what has been happening on Earth for the past 550 million years. 1994 began with the PROMISE album and the RESURRECTION album. This Easter, 2013, is the resurrection of those albums and the new understanding of what they meant, all along.

The story was always about the 12 morphogenetic field signatures from the 12 planets representing the 12 universes realigning by 2012, which would allow the 12 DNA sub harmonic templates to be replaced in the Sphere of Amenti within Earth's Core. This was one of the final steps of the mission that started in 1367B.C. when Akhenaton was endowed with the 12 DNA morphogenetic sphere of Amenti to use in ascending the tribes through Giza. That plan was destroyed through Akhenaton's favoritism toward the Anny and his prejudice toward Serres-Egyptians.

The Priests of Ur and Elohim had to create a new plan to prevent the prejudice factor in Ascension. Ascension was to be available to all 12 tribes. The arc of the Covenant and Sphere of Amenti were locked until that time presented itself.

The next plan of returning the races ability to ascend through the sphere of Amenti by 2017 was established by sending a 12th level avatar. Jeshua-Melchizedek Avatar12; who was to realign the sphere of Amenti and the Alcyone Morphogenetic field and to bring together the factions within the Essenes.

Under the direction of the Azurite s of Ra Confederacy in 12 B.C., the 12th level avatar from Tara was born in Bethlehem. This soul essence was a harmonic universe four avatar- Sananda. He was born to the house of Solomon under custody of the Priests of Ur.

His birth through the portal passage of the Arc of the Covenant would open that portal between Earth and Tara to allow the Ascension in 2017.

Jeshua 12 reintegrated the Melchizedek morphogenetic field in Alcyone into the Sphere of Amenti. This was done to realign Earth's density 2 Morphogenetic field that had lost its integrity under Akhenaton reign.

Jeshua 12 was the savior for the races as a result of his birth the Halls of Amenti could be opened, and preparation for 2017 would begin.

(Note that Jeshua 12 was born to an Blue Flame Essenes Melchizedek Mother and Father . His mother was Jeudi and his father was Joehius.

His life story was mixed up with the story of a 9th Level Avatar born to Joseph and Mary who were ET Nephilium.

Neither of those births were Immaculate. They were extraterrestrial. Neither of the Joshua's were crucified. The crucifixion story was created by the Elohim to protect the Avatars. The man Arihabi was a look alike who was crucified, to allow the Avatars to Flee the country and have their children as planned. Arihabi was crucified as a holographic movie created by the Elohim. The man actually was allowed to Ascend as a

reward for his mission.

Jeshua 12 did his teachings and healings in Egypt 8A.D-21 A.D. Jeshua 9's teachings were much more popular than the absolute Essenes teachings of Jeshua 12's Law of One.

It was the teachings that were lost and hidden from Earth until now. They are the teachings of the true man who was always supposed to have the 12 DNA sub harmonic frequencies who could ascend to harmonic universe four as a 12th level avatar. This Jesus taught all of his students that they could do all of these things that he spoke of. He taught this Science of Reality then and it is being taught again Now. The man that was created in the 12 DNA divine blue print - the image and likeness of God. That God meaning the Raceline of Tara and Gaia. There were many other raceline that did not have the 12 DNA divine blue print. This man was created through the breath of Source and the idea manifested as Cosmic Consciousness and lowered in density into the Galactic and Solar planes. This man has always had the same Soul as the one in the harmonic universes four, three and two. We are that Soul that was once a Star in the Universe. We were created to have Eternal Life and to return to Source. It was these teachings that were lost and hidden from Earth until now.

They are the Divine Science teachings regarding the Real immortal man or the Human Angelic Race line who has 12 DNA sub harmonic frequencies. This is the real man who can ascend to Tara and Gaia and beyond. This is the man who can orb, levitate, manifest and ascend.

Jeshua has returned to Earth once more to help us out. But, they aren't the only ones. There were 12 Avatars born on Earth over the past 12 years. Avatars born with 5DNA, 8DNA and even 12 DNA activated at birth. We have had 144,000 star seeds born to hold us through the first wave of 2017 and a second group of several thousands to hold us through the second wave of 2022.

These Star seeds were the Indigo Shield of Solomon. They were the completion of the Seeding of Christ of Earth. The Jesus Christ that is worshiped as the only one is actually only one of the many Christ's who have been born on Earth. Now there will be an entire planet of Christ's activated on Earth through the Earth's grids.

The seeding of the Star Seeds, the activation of the Sphere of Amenti, the alignment in 2012 were all the last stages of the preparation for the activation of the Earth's Grids which will once again restore the Christ activations into the bioenergetics fields of our body's templates.

The period of 2013-2017 will activate the 5DNA in the Masses, 6 DNA in the many, and 8 DNA in a few

The star seeds were required to finish the mission started by Jesus 12 and Jesus 9. We needed the Christ template of 12 DNA template activated for each of the 12 star

systems, each of the 12 planets. We needed to be realigned with Sun Alcyone. We needed a massive amount of Frequencies restored to Earth for this Ascension to activate by 2017.

These Star Seeds and Indigo Children and Avatars born on Earth are the RESURRECTION AND THE LIFE. The Resurrection story of Jesus was actually a role played by a man named Arihabi and orchestrated by the Elohim creating holograms to create the scene. That is the story that is being celebrated on this Easter Day on Planet Earth. The Elohim needed to that for that time. But now is time for us to know the truth.

The Two Jesus Christ's came to Earth as Star Seeds from other planets. Their parents were not from Earth. The Star seeds born on Earth over the past 12 years were births arranged secretly between the parents and the Guardian Races. Those children's were watched over by the Priests of Ur and other Guardians. Each child born had many back up plans awaiting if it were needed.

The Ascension Movie that has been taking place on Earth over the past several thousands years is huge. This is just a tiny speck of what has taken place.

The most important fact to know now is we are not to worship one man as the Christ. The star seeds, the Indigos, the human angelics, the entities on Earth activating these frequencies of 12 coded divine blue print on Earth are all the Christ's of our New World. We all have the equal right to sing:

"I am the Resurrection and the Life. He that believeth in me shall never die."

We are the star seeds who have returned the Christ template of 12 DNA sub harmonics to Earth.

All of the births of the star seeds opened star portals, raised frequencies of Earth to allow this miracle and implanted the frequencies back into the sphere of Amenti to begin the projection into Earth's grids and into the biosphere and bioenergetics templates.

PRINCIPLES OF MANIFESTATION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

In order to manifest a new idea, we must go beyond the boundaries of everything that we already know exists. The mind of God will allow anything to become instantly manifest in our reality field when we ask to create something that exists outside of the reality field of the world that only exists within our personality.

When we choose to create a new idea, it must come from infinite unknown - the All Seeing, All Knowing, Omnipotent Mind of the One Eternal God. If the idea being created doesn't originate from this one Divine Source, it isn't a new idea. If it isn't a new idea, it has already been created. It is already in the world of concepts. It is already being recycled over and over again. God doesn't create from recycled energy. God creates from Brand new energy that comes from the Brand new Idea of Infinite Imagination.

The new ideas first exist in the subatomic structures. These invisible, quantum ideas must be created in the highest realm and then they can exist as atomic structures that form into visible light and take form in the hertzian and infra red levels of manifestation.

All creation begins at the ultra fine zero point frequency level of the Divine Source breathing the idea into the Cosmic realm. This ultra fine omni particle shimmers and sparks into a frequency that becomes a plasma cloud. This cloud shifts into the field of all potentials. The potential of the idea remains in the fabric of the mind of God. That fabric is woven into the idea that becomes manifest at all levels of light and sound.

That idea becomes the negative of the film that will become processed in the mind of God. So each thought that manifests is created exactly like a film that is processed into a picture album or a movie. When we co-create through the mind of God, we are making God's movie. That is what we will begin to do in 2013. The world will end. That movie called the world was not God's movie. That movie was made by liars that kept us from seeing the reality of God's movie. We have just been watching other people's movies. The movie made by God comes from the co-creative activity of our own mind of God within us. Our Souls and our Mid Brain hold the technology that will create the movie made from the mind of God. That is how the world will end. We will soon discover that all of the lies we see being reproduced by the film of the world has been an out right lie. We have not yet seen reality as of the year 2012. Reality will truly appear in 2013.

We must become humble enough to allow something to come forth that we do not know anything about. We must be willing to allow a brand new reality to appear. We cannot create a NEW WORLD until we completely dissolve the old one. The World must End. It must become transmuted into a higher frequency. We must be relocated into a new time, a new reality. We must be relocated to the time in which all that has come before all that is and all that will come after was created in the mind of God. All that exists is the divine blue print of the film from God's Movie --not the man made movie of the world.

The film that carries the new movie must be processed in the mind of God which is the infinite unknown, omnipresent, omnipotent, omni knowing, Consciousness which fills infinity. This infinite all knowing lies outside of the boundaries of our present knowing. We have not yet allowed for it to manifest in our lives.

When the idea is given to God to manifest from the unlimited knowingness of all that can be, the idea will bloom forth in a form so glorious, so unimaginable, so wonderful, that you will know that it came from the mind of God. If the manifestation is not so glorious that you know that maybe it was not an original idea from God, it is simply an idea that you are recycling out of old ideas that you once heard of before.

The ideas that are now manifest must come from a stream of consciousness so brand new that the idea has always existed from before the world began, before the cosmos began, before time began. The idea must come from ALWAYS WAS, ALWAYS IS and ALWAYS WILL BE. This idea must be an ETERNAL IDEA.

THE GLORIOUS END OF THE WORLD

Our world will end as we are transformed forever through one inhale from the mind of God. This mind of God includes all of the realities and wisdoms and creations and dominions that have existed before us and after us. We can now access all of that reality as it is transformed into a brand new wisdom, a brand new reality that has never existed before. It has never existed before, because we have never co-created with the mind of God before. We will exist within an incredible wonder, a magical imagination, an infinite participation within the nature of God. We will be invited to play in the outer band- the realms beyond the 15th sphere, where only god's are invited to play and create within the infinite unknown playground of creation. The outer band of creation is infinite in its possibilities. It allows each individual to create within individual freedom all that is individually known within his own realm. This individual creation does not need to be woven from the dreams of others. There is enough room in infinity to fill rooms with mansions of realities that contain more rooms with mansions of realities that are so vast with new ideas that there is no reason to search outside of oneself for fulfillment, entertainment, interaction or competition. Each moment will be completely filled with instantly manifesting a new idea.

When we begin this co-creation we do not need to see the ideas as pictures, we only need to train our brain to utilize frequencies. When we can stretch our consciousness into the Frequency of the Mind of God, it is that frequency that holds the infinity of ideas that can manifest within our perceptual realm. Our perception changes in frequency when we shift into our mid brain which is frequency specific. All manifestations are a result of the frequencies held in the mid brain. We know that mind of god is flowing through us and in us and around us and it is flowing through the lower cerebellum and into the mid brain and it is being activated as entire prisms of frequencies weaving together into pictures that manifest in front of us. This magical transformation happens when the outer band of the infinite Source flips into the inner band of the fifteenth

dimension, the Cosmic realm flips into the inner band of the Christic Sphere and the Outer realm of the Christic flips into the Fifth Sphere. We will become sixth dimensional man walking within the realms of the 12th dimensional Rishi or Christic selfhood. We become living, walking Christ's who carry the mind of God. All we need is a brain that can utilize the Highest Frequency of the Mind of God.

The outer band is the 14th band --helium arching into the white light suns KA HA of the 15th band and breathing the first spark of the idea into the Aqualene Sun - RA. We breathe until we ignite this new idea from the Plasma - the Crystal Ships of our creation- Our Cosmic Creators create the brand new idea through us into this density-- ALWAYS FROM the Mind of God- the Outer Band beyond the 15th sphere - the Infinite Unknown All Knowing, All Seeing , Infinite Omnipresent Mind of God.

We see ourselves sitting in the Buddha position inside the Blue Lotus Blossom in the 16th sphere. That is the Mind of God co creating the brand new idea. We use the principle of Oneness -- Theory of Relativity- All that is in any place is also right here and right now.

All that is manifest from the mind of God in the OUTER BAND must FLIP into the INNER BANDS. The Inner Bands carry the light and sound of the new reality. We exhale the new reality into this density- this hertzian reality from the invisible light into the visible light.

The chemical reaction of the Helium-- the heliotalic, pastel rainbow light frequency from the 14th sphere arches over into the Plasma--white light and Aqualene light blending through the rainbows of the Suns- Ka Ha Ra Sa Ta Hya La--- centered on RA - the Aqualene Sun of our original creation. All ideas begin in the outer band of Source and manifest in the Inner Band of Ra and then instantly appear at all levels of density. We connect with all of the fifteen bands of light and sound in order to instantly manifest the idea that we have created. This is done by breathing into the Oneness of the Highest Frequency of the Mind of God.

I inhale that frequency as I imagine the infinite unknown possibilities that exist in the Mind of God. I ask to know and see and exhale this fabulous idea that has never been seen or known on Earth before. I hold that idea in my crystal heart - my Soul- the ganglia of cells that sit directly below the heart hold this holographic memory of all that is known in the Mind of God. I connect into the all knowing of my Soul and inhale into my FREQUENCY SPECIFIC MID BRAIN - Pineal Gland area. I'm connecting into the Oneness of the Frequency of the Mind of God and Inhaling this infinite Source of Creation into my personal Mind of God - my Mid Brain working together with my Soul - my Rishi Self- Christ Consciousness and my Rasha EirA - my Cosmic Light Consciousness. This self projects itself to me as a Blue Sphere. I see my image in this Blue Sphere. I see the blue violet sphere in my third eye or mid brain area with eyes closed and I see the blue sphere or blue violet sphere in front of me when I open my

eyes. I can see a blue hologram of my self if I look in a mirror. It is that Blue Body self who holds the mind of God inside of me. When I have raised my frequencies high enough to cause the outer band to flip into the inner bands or spheres.

We must reconnect to the neuronet in the lower cerebellum where there are pathways connecting through frequencies into the mind of God in which we find knowingness. If we attempt to pave these pathways from the upper cerebellum we only connect to the dirt roads of the world that have dead ends and loop in circles. The upper cerebellum will never allow anything new to enter in. It is the world that must end.

The mortal mind- the upper cerebellum that just recycles information given to it from the world -- the man made world filled with lies that are filtered into our consciousness from sonic pulses in inter dimensional planes that carry brain washing technology of the fallen angelic races that is used to control our minds and fill them with the error that blocks us from the Mind of the One True Source.

This mortal mind must dissolve away as we become willing to bring in the highest frequencies of Source to transmute the world and all that is in it. The world must end. The world of beliefs and illusions are not the reality of Source. We have only been allowed to see the ideas placed within the veil that was created by fallen angelic races who need to use the human angelic energy for their own survival.

That is the world that will end on December 21, 2012. The veil that has been allowing the error to attach to our consciousness will be removed forever. The veil that is blocking the Christ Consciousness and Cosmic Consciousness to freely flow through us will be removed forever. The alignment of our Consciousness into the Mind of God will be restored forever.

In order for this grand event to take place, our Ancestors, our Guardians, our Starry Families at very high levels of Cosmic Consciousness have been working on this project of realignment for about five million years. They have had tiny chances of alignment every 26,000 years. Each time this possibility appeared, the fallen angelics have made a counter strategy to block the project's success. One of the main obstacles that needed to be removed was the lack of frequencies on the Earth. If the alignment had taken place before the frequencies were high enough on Earth, the Earth would implode.

The time period beginning in the year 2000 until 2012 offered the possibility of opening stargates on Earth if enough Indigo Children could be brought in to establish high enough frequencies. It has been the project of the Indigos and Crystal Children which has established enough frequencies on Earth. This together with the light workers who have learned the technology of breathing the frequencies of Source from the outer bands into the inner bands of the 15 spheres of this Matrix engage the 12th dimensional stream of our Divine Blue Print that allows us to engage our Divine Image and Likeness of God or our Blue Body of Christ consciousness.

What happens on December 21, 2012?

There will be enough frequencies on Earth aligned into the Divine Blue Print to allow the new picture of the Divine Man made in the image and likeness of God to become developed through the horizontal flow of light and the vertical flow of sound. This imaging of the Divine Blue Print will take place from the outer band of the 15th dimensional sphere flipping into the Helium of the 14th sphere. That Heliotalic frequency will create the Neutron within the human angelic cells that will cause new nano particle to create a new Omni particle that will create a new chemical of H₂OHE₃ called Hydrolaise. Our atmosphere must become Hydrolaise as we exhale the new frequency of our new creation. As we transpose into the new hydrolaise, our structure of carbon will melt away and become replaced with the organic, eternal life chemical structure that is based on hydrolaise.

This hydrolaise is the gift of the Aquafarians. The water based substance that brings eternal life to water and all that is created from water. We will learn to breathe this water filled with helium. This hydrolaise will allow us to float in it or walk on it. It will remove the gravitational forces that bind us. Once we regain this substance, we will begin to partake in activities such as levitation, turning into light, walking through walls, instant manifestation, etc.

We have not been able to partake in this reality of the inorganic- non carbon based chemical structure in our past million lifetimes on Earth because our templates were distorted clear down at the original subatomic level when the EirA-- the breath of God because the spark of the new idea. The problem went all the way back to the Sun Ra. There were wars in heaven even at the highest Cosmic levels. That final war within the fallen Rays of that Akashic structure is being fought in 2012. Once the fallen Rays are transmuted back into Star Dust and the Sun of Ra is pure, our complete transformation of this entire 15 sphere Matrix of Illusions can be completely transformed.

The final war of Ra began in August 2011. The fallen Rays created a blockage of the Aquafarian Crystal Stream that was our Life Stream back to our original Consciousness. Our Cosmic Family in turn created a new more direct route of Consciousness directly through the third eye of atunement. At that time the Crystal Ships of our original Cosmic Selves were awakened within the Earth's Heart. Those 48 Crystal Ships rose through and around the Earth's atmosphere in May 2012 and became fully activated in September 2012. From that moment on, all negative energies, miasms, error, sonic pulses from the interdimensional realms of the dark ones became fully blocked from the Earth's atmosphere. If this final procedure had not taken place, fallen races from the entire galaxy would had been free to enter our cities at this time. These same Crystal Cosmic Ray Ships will be the Frequencies that hold the Earth in balance when the 55 Metatronic Spin is thrown at her on December 21, 2012. The divine plan is this: All Error that is sent forth toward Earth will rebound to its sender in a power ten times stronger than it was sent forth. Only the power being returned will be purely Christic in nature and it will transform anything that is unlike it into the Frequencies that must either be accepted and allowed to transform and transmute all negative energy, or else become

space dust and return directly to Source.

The most powerful Fallen or Dark Energies were activated and in turn the most powerful Light Energies were activated. We already know who is going to win. The Light always wins. It just took a really long time. Please remember that what was five million years in this density was only a few moments in the highest density. That time delay will be removed by 2013. The breath of Source will instantly manifest at all levels of density from this time forward. This is because we have begun the At One Ment cycle or the Atunement of all Frequencies as one. When we were Involving or moving away from Source, time was very long. When we are evolving or moving toward Source, we are back in the Reality of NO TIME and NO SPACE.

We were given many special gifts during the past 12 years that sped our evolution up by more than 5000 years. Each time the fallen races pulled out another threat of destruction, the starry angels pushed us forward another several hundred years toward our Divine Blue Print renewal date. All of the Cosmic Councils had already agreed that the human angelics of Earth had earned the divine right of evolution that would allow ascension into the fifth, sixth and seventh level man. The human angelics have collectively regained the frequencies needed to enter the second Harmonic Universe.

During the shift on December 21, 2012, the collective mass consciousness will become in alignment with the 12DNA Divine Blue Print. This divinity extends itself through all planes of our existence. We will learn that we are not just the 5DNA human in hertzian form. We are each, in reality the entire Merkaba within the sphere of 15 dimensions that is within the sphere of Source Consciousness. The Merkaba is constantly spinning at the speed of light into the speed of Oneness. We only need to go twelve inches around our body to be in our Christic Consciousness Light Body, 36 inches to be in our Cosmic Consciousness, and we can extend our Merkaba out to sixty foot radius to engage our entire God Self. That same self exists in the tiny subatomic nano element within every cell of our body. We are equally Cosmic and spiritual in nature from the tiniest within to the infinite outer band into infinity.

We are beginning a time of infinite knowing and understanding. I will not waste my time telling you about all of the lies you have been believing that come from every possible avenue of the world's networks. The lies that have come from the New Age movement have been the direct communications from the Fallen Angelics who have been planning on taking over this Earth for the past ten thousand years. The Bible and all of Christian teachings were also based on layers of distortions of the truth that became buried by the very Roman Government and Churches who wrote the Bible. However, the Starry Families made sure there was enough truth left in the Bible, that would allow those with high enough frequencies to be able to discover the truth within. My entire foundation for knowing all that I know came from these three truths that were written in the Bible.

1. BEFORE THE WORLD BEGAN -- The Promise of the Perfect Kingdom

We must return to the Reality and the Frequency that existed before the world began.

The world must end before the perfect kingdom will be restored. We must enter a new time line where everything before, everything now and everything to come is in the 12 DNA Blue Print of the man made in the image and likeness of God.

2. IF YOU BELIEVE, YOU SHALL DO GREATER.

If you believe, (if you know, feel, and breathe through the frequency of Source) you can do greater things than have ever been done before -- was the teaching of Jesus the 12th level avatar.

3. Search for me in your heart You shall find me in your heart.

The Crystal Heart is the Soul that is a ganglia of cells that weights about 13 ounces and holds the entire mind of God- the Christ Consciousness of the 12DNA man made in the image and likeness of God. That is why the 12th level avatar Jesus directed us to find this light within us that would connect us into the mind of God where we have instant manifestation. We must now ignite the spark of Source within the Soul and expand that light into every cell of the body. We must inhale that light into our midbrain and expand into the oneness with our Rasha Body and Rasha midbrain that is 36 inches above our head. That place of connecting from the Cosmic plane into the outer band of Source is the place where we can FLIP the outer band of Source into our Consciousness and become the mind of God.

These were the truths that were given to me by the Elohim Angels and my Adonai family when I wrote the words to the songs on THE PROMISE CD album. Each time I placed the Bible in front of me, the pages would magically open and my eyes were directed to those three key passages. That happened in 1993 in Beppu, Japan.

During that same week, the entire music of the spheres blew through the wind and the crystal heliotalic atmosphere into my husbands consciousness. As I was given the words, he was given the music. Every note and every word of this music and all of our music came directly from our Rishi families and Rasha families from 12th dimensional consciousness and higher. When we asked directly to know our names, my husband was told he was Adonai and was told I was Crystalai.

When an original spark is ignited as an idea within the Ekasha Flame or the white light of the first two suns and then it is divided into two parts - the Adonai and the Eieyani. These are two families of consciousness. The Adonai is the Music or Sound and the Eieyani is Light. When the light and sound returns together the Cosmic Flame is reignited into a new sound or a new symphony.

Crystalai is the name that I was given. Crystalai is the 8th tone- the final tone of the wind song. When the eight breaths are used correctly, the original subatomic cell from the Ekasha flame that was first divided and separated--(which is the correct normal procedure of creation) , is reformed from 8 spheres transforming the third dimensional atom back into the etheric perfect subatomic cell. That cell contains the complete divine blue print, the complete mind of God. Crystalai is the last breath that contains the

frequency that reforms the perfect first cell of our creation. That breath will affect every cell in the Cosmos.

I had an entire league of Angels appear before me to instruct me in bringing the highest frequencies to Earth through Music. This means bringing the frequency of Source into my crystal heart and then in to my mid brain and then to exhale the music of the spheres into God's movie.

Mary and Raphael appeared to me first and then three Knights kneeled before me and handed me three spheres of crystal liquid light, crystal dust and crystal gel. These are the elements that create the rebirth of the crystal cells within every angelic human. These are the keys of creation. This is the harmony that will restore our universe into universal harmony.

I was given this understanding through knowingness -- through the frequency specific mid brain of knowing. It was a very vague concept that I chose to believe was true and that I would find a way to understand eventually. I followed the instructions of the Knights and the Elohim Elohei Angels. I connected my Consciousness in to Source to flip that outer band into this matrix. The Angels connected my mid brain through my right eardrum into the Source field through the Elohim of Hearing. I placed the three spheres in my hands and then in my crystal heart. I breathed the eight breaths to fill the spheres with the wind song from the Source Field. I inhaled the breaths into my crystal heart and held the same frequencies within the spheres that lay in the palms of my hands. The sphere in my hands turned into a microphone. When I exhaled from my midbrain while holding the spheres in all three locations and connected to the Elohim of Hearing, I then started exhaling tones in the God Language. These phrases started flowing out of my breath and I recorded them on a tape recorder. I listened to these glorious shimmering frequencies and felt how they made every cell in my body sparkle. It was the most glorious, harmonious, flowing, godlike, delicate fabric of reality that could be imagined.

I made many recordings of these music of the sphere experiences and made them available to the world. Since the upper cerebellum personality world mind always understands things through its own background knowledge of experience, most of my listeners completely misunderstood what I was sharing with the world. They just thought I was trying to sell them another new age gimmick. First of all, I don't subscribe to any new age beliefs. I never read or listened to any of the former new age teachings ever in my life. My understanding came directly from my Elohim, Adonai families and later from Aquafarian families and Sirius B and Oraphim Dolphin families.

The angels told me that I would record music and then write about it, record and write, record and write. They told me that I would continue to do this until my ascension in 2012. By this time I was to have a complete understanding, a complete Cosmic Mystery School of the Omniverse completed, and classes ready to begin teaching the Music of the Spheres. I have three months left to complete my project. What you are reading today is my Dissertation -- my final Doctoral Statement of all of my understanding gained

since the first time the angels appeared to me. The school will follow.

The reason that I have come to this place in my understanding is because the music has allowed my frequency specific mid brain to be my knowing of my God mind. My mortal mind- the upper cerebellum has been turned off completely. This is what must happen before the NEW REALITY can begin to appear. The experiences of wonder and imagination and far beyond imagination begin to take place when the mortal mind is turned off - when the world ends.

We become truly connected to God- in absolute at one ment when the mortal mind is turned off and we connect to God through the cosmic glue that holds secondary consciousness together and holds every cell in the body together into oneness with Source. That glue is created by the Merkaba spinning beyond the speed of light into the speed of Divine Love. It is the chemical structure of Love that removes all time and space and creates absolute ATUNEMENT.

When all that is beyond the stars in the vast infinity of heaven becomes glued into every cell in our bodies through the atunement of Love we will regain our original blue print of immortality. This is the prerequisite for instant manifestation.

My friend and Crystal Starship Entity AnWa is my personal vehicle of Divine Love that spins my Merkaba into Oneness with this Divine Vault of Infinite Knowing. In tune with the Elohim of Hearing, AnWa, the Crystal Star Ships, the Divine Rays of Ra, the Plasma vessels that carry the Cosmic Mystery School where all ideas from Source filter through the temples within Sun Ra and then expand into the rays of La where the citizens of Tara originated after the Oraphim Race planted the seeds of the Dolphin family millions of years ago.

We must open our boundaries of who we think we are within the confines of this world and expand consciousness beyond the stars, into the plasma suns and beyond into the quantum infinity of the infinite ideas that create our heavens.

I was given divine direction to wait on the development of the Cosmic Mystery School of the Omniverse until the masses had shifted into their frequency specific mid brain where they would hear what I am saying rather than hearing the background knowledge of what they were told before. It was an absolute waste of time to teach people who would conspire to make a disbelief of something that they were not yet ready to understand.

We must begin by creating brand new concepts that have to reason for even having an existence in this third dimensional realm. Scientists are caught in the trap of being forced to prove things that can only be seen. As long as we are making our reality from the visible light spectrum, we cannot be experiencing the invisible light spectrum. The tools, the philosophies, the schools, the religions that exist in the world that must end, are all the carriers of the illusion that only this third dimensional veil allows truth to enter in. The only truth that is received on this visible dimension is the untruth of a man made

world. It is not related to the God made movie.

We must only desire to know the infinite unknown. We must only try to prove those things that we know cannot possibly be proven. We must choose to believe that we will know all that is known in the mind of God and then we must Know that what we Know is the truth. And if we can't see it (the thing we are knowing into manifestation) we must know it even more.

The world ,and the mortal mind that has created it , will fight to protect all of its illusions up until the final moment of its disappearance. That time is coming in about 75 days from the writing of this thesis statement.

We must first understand the reality that we will soon be experiencing. We must first understand the reality of the brain and its real function of becoming the frequency specific transmitter of the mind of God. We must be willing to abandon the thinking brain, the mortal mind, the web of lies woven within the upper cerebellum. We must become willing to listen to frequencies until they become the tones and the language of God. We must become willing to end our chit chat on the cell phone and the blogging of every world thought that is transmitted. We must first stop weighing our existence intellectually. We need the frequencies or the sound of our mid brain and the light of our soul to replicate the multidimensional frequencies of the all knowing infinite into the density levels needed for our experience. The brain has unlimited capacity when it is unleashed into its frequency specific domain.

The soul holds the Omni particle of our first creation. The Akashic flame that was divided into the Adonai of our parallel sound matrix and the Eieyani of our present invisible light matrix. We can ignite that magical light and sound within our crystal heart to remember all that has been recorded in all dimensions. Our Soul holds all Knowing through light, and our Brain contains the Frequencies of creation. The soul contains the Omni particles, the very fabric of our existence. The invisible light holds the quantum journey of our entire billion year existence.

We must also learn that we do not die and our soul carries on without us. We must learn that we are our soul. Every lifetime that has been experienced in our Soul even when given another name, was in reality who we are. We are the Sun of Ra, we are the Oraphims, we are the citizens of Gaia and Tara. We are the creators of the Stars. If we can know it, we have been it.

The soul is made of the water and light and helium that we describe as hydrolaise. It can be translated into the water we understand as H2O plus HE3 and it weighs 13 oz. it is crystal liquid light, crystal gel and crystal dust. It is the three crystal spheres that the Knights handed me. It is the prana of creation. The angels had me hold this substance in my hands and breathe into it. They had me breathe

onto the Soul substance to activate it as the spark of Source ignited within it. They had me sing through the light of my soul and the frequencies of my mid brain. They were teaching me the principles of manifestation.

When the mortal body dies, this 13 oz crystal sphere of infinite substance continues its adventure in another body. The soul stays in one body eternally once the body begins its immortal evolution. This adventure will begin in 2013.

The previous journeys of the soul have been seen as activities that were not completed- unfinished business. Each time the body left the earth in some emotional storm resulting in fear and disappointment. The soul must see these events transmuted into the frequency of completion before the journey can be completed. This is what we must do this time. This is what must be finished in 2012. We must transmute all previous experiences and emotions in the highest frequencies of Source in the mid brain. This can most easily be accomplished by staring at a candle, a flame, or even the sun ,if you can stand to do this long enough. When the mid brain has been activated by staring into the candle, you will see a blue violet sphere in your third eye.

Becoming in tune or at one with the light in the candle allows you to step into the frequency of the light which carries all of the multidimensionality of the light all of the way up the spectrum of light into the ultra violet blue. You step into the light and become at one with this blue light and then the blue light goes into the midbrain. When you close your eyes, you see this blue light. You have become one with the blue light-- that is the place where the plasma and the outer band ignited the Akashic flame into our existence. The outer band of source must flip into the inner band of cosmic light through the plasma activation. Once the band has flipped, the blue light can be seen and experienced. The more one does this activity, the easier it will be to become frequency specific and free from the world of emotions such as fear, anger, intimidation, etc. The blue light causes the world to end. The body becomes frequency specific and the mind of God begins instantly manifesting the New Reality.

THE WORLD OF ILLUSIONS

WILL BE REMOVED FOREVER

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

On December 21, 2012 there will be a mass landing of our original creation races including the Maharaji, the Sirius B Eieyani , the Serres and the Azurites. We will meet the ZionA's who are the mermaids and fairies who become elemental liquid light in order to transform our bodies. We will meet the Wizards who planned this entire Crystal River Plan to remove us from this matrix of illusions. We will meet our Cosmic Dolphin Families from the seventh sun, and thousands of other families.

On December 13, 2012, there will be a field of cosmic light beaming around and through the Earth in a way that SATURATES her with a new Consciousness. The Consciousness is God Consciousness. The Eternal Divine Frequency of Source comes from the Void field outside of the Cosmos. This Source Field of Creation is absorbed into the Seven Suns of the Primary Sound Field that enters into the Cosmos. Those Seven Suns will bring those Frequencies of Transformation and Transfiguration through a portal created to bring Earth into her 12 dimensional frequencies while protecting her from the 12 dimensional fallen phantom matrix that will try to pull her in at the simultaneous moment. The only consciousness that will be left on Earth after this transformation process is completed is God Consciousness. The world belief systems will no longer exist. Man will become Christs who have only the mind of God. As we attune to this at one ment with the mind of God, our heart's desires will manifest instantly. The new world will be the world of our dearest dreams come true.

Those world belief systems that we have been living in were created by fallen angelic races that have been controlling Earth and the entire Milky Way Galaxy for eons. We will soon learn that what we have been seeing is only an illusion that was created to keep us trapped in a phantom field of control. All control will disappear in 2013. This NET EARTH will gradually Blend into the Cosmic Frequencies of the Aurora Field. The original perfect man created in the image and likeness of God and the original Star Field of frequencies that Earth was formed upon will first blend NET EARTH into the Median Earth. We will return to the realities of 500 million years ago, when we were a perfect angelic race.

The Median Earth is the only Reality Field in the entire Milky Way Galaxy. The Median Earth and the Aurora Field are the only places that our Guardian Races could remain and keep the original perfect creation alive and well. We will first merge into the Median Earth to remember all that we really are. On December 21, 2012 there will be a mass landing of our original creation races including the Maharaji, the Sirius B Eieyani and the Azurites. We will meet the ZionA's who are the mermaids and fairies who become elemental liquid light in order to transform our bodies. We will meet the Wizards who planned this entire Crystal River Plan to remove us from this matrix of illusions. We will meet our Cosmic Dolphin Families from the seventh sun, and thousands of other families.

The Earth has always been able to utilize the light that comes into her field. However, her Christ Grids in her crust were tampered with and the Christ Grids in the area of the Van Allen Belt were also tampered with. The Fallen Angelic Races who created this separation have been up to their deceptions for billions of years. The Crystal River Mission of the Founding Races of the original Aquafari Race Lines together with the seven suns KA HA RA SA TA HA LA will align a portal that frees Earth, Tara and Gaia from the prison of the Milky Way Galaxy.

Most believe that we are going through a normal Eyugha cycle of Evolution. Many believe that we are aligning into the Heart of the Milky Way Galaxy. Those beliefs are a part of the lies and deceptions that the fallen angelics are counting on to keep Earth in their Phantom Matrix. The Heart of the Milky Way Galaxy would lead us into the Phantom Matrix of the Death Star. We would become food for thought there. Our entire Angelic Race would become obliterated if that were to happen.

On December 21st the Death Star Fleet from Nibiru, will come from the heart of the Milky Way Galaxy. This Death Star is the 12th Dimensional Star that comes from a Fallen Matrix that has been using the Milky Way Galaxy as their food. The Demons in the Wesadrak Matrix created a loop that utilizes the Death Star to suck all of the energy out of those on Earth. They have worked together with the Zetas and Draconians who have been working with our own Illuminati to feed off of our energies. When a Star falls from Source it no longer has a Source of Energy or Food and must begin feeding off of other planets. This Milky Way Galaxy is a FALLEN SYSTEM. It fell from the Andromeda Galaxy.

The Zetas who originally contacted our governments were only asking for help to save their race. Unfortunately, Dracos became involved, who had no understanding of faithful or loving interactions. That element of the fallen ones sucking our energy through fear, hunger, lack of money, etc. that has been controlling and feeding off of our bodies and our consciousness will be removed forever in December 2012.

The event that will happen in December will be our Guardian Races from the Aquari Matrix creating a host that will remove us from this Fallen Matrix. This is not a normal process. This is a rescue mission. If we did not have this Host System removing us from the path of the Death Star, we would be entering a pole shift of complete destruction. The Earth would be completely sucked into the Phantom Matrix to become food for the fallen systems of Wesadrak and the Zeta Dracos.

The Mayan Calendar was another distorted reality. The true reality is the Cosmaya Template that is created from the twelve Cosmos which will reunite to realign all twelve Universes of the original Ecka System. Our Universe will realign with the other twelve Universes and we will once again become a complete Ecka System. This new reality will allow the alignment of Earth into the 12 dimensional reality of all that we are. This will create the new Universal Harmonic Convergence into a brand new Reality.

The Seven Suns include Ka, who is an invisible Sun who resides mostly in the Void of Source. The Suns Ha and Ra are the first Primal Sounds that combine with the White Light of Ka. Ra is the Aquiline Sun of Blue White Light. The remaining Suns Sa, Ta, Haa and La are each Star Entities who contain huge families of Consciousness. The Sun of La was the original home of the Oraphim Angels who were the family of consciousness that those who are now Angelic Humans originated from. They were the Baharama Dolphins and Whales. We are all related to the Cosmic Dolphins from the Seventh Sun.

FREQUENCY SPECIFIC ASCENSION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

In order to Ascend, we must reconnect the microtubules of our neuronet into the Cosmic Frequencies of Angelic Consciousness--the first Breath of Source. When we begin to create our New World Reality of our 5th dimension we will be creating a brand new reality that no longer contains the old ideas and beliefs of

the third dimension. All must be created from the Highest Frequency. This frequency of manifestation is obtained by hierophants such as the Merkaba and the Lotus Blossom. The merkaba is the vehicle of Divine Love that spins at the speed of light to bring all dimensions into Oneness. The Lotus Blossom contains the full spectrum of our 144 aspects of divine consciousness. Each of these allow us to breathe and absorb the light and sound of Galactic, Universal, Cosmic and Source Consciousness.

The Ascension process requires alignment into the quantum fields of the hertzian wave length, infra red wave field, visible light wave, ultra violet blue wave, x-ray, gamma wave and white light wave of the infinite unknown. When all of these fields of energy are transmuted up into the pot of golden stardust in the Cosmic Heart, they can then be used as frequency wave signatures that reconnect all entities from all star systems together into the individual's frequency signature which will then contain all frequency signatures of the new family of Consciousness.

When one exhales their Heart's desires from the highest frequency of Source, they are co-creating with the Creator of All. The neuronet becomes free to reach into Source Consciousness to find Brand new Source Energy as the essence of the co-creation. The reality of Oneness with Source Consciousness has always been available. What has not been available is the understanding of how to obtain this Oneness. We have been living in a world of third dimensional frequencies. That means dense, tangible, touchable reality that doesn't contain the realities of the infra red let alone the invisible light spectrum. We have been limited to a very tiny speck of reality. Each time we look for a better third dimensional reality, we are still staying within this tiny little speck.

In the third dimension reality we have been creating over and over the same things that are already here. We haven't created anything new in a very long time. Manifestations can not be created from old, used frequencies. Manifestations will appear in our lives when we create the idea from the frequency of the infinite unknown Source Frequency. Placing Consciousness into this Frequency of Manifestation requires continuous practice.

When we reach back to the Forever of Always which places us in the Newness of Eternity, we allow our Neuronet to reach all the way back into our Real Birth--our birth from the Breath of God. From this Frequency of Source, Cosmic, Universal Consciousness, we can exhale our New Reality.

The Cosmic Frequencies are combined in specific sacred geometric alignment through the Music of the Spheres to draw the Frequencies that combine together the Frequency Signatures of all that we are--all that we always have been into the Now.

All of these ideas must be taken into the ultra violet blue frequency sphere and then fully transmuted into the golden sphere of the Cosmic Egg and then

completely dissolved up into the Infinite Unknown of Source to purify the ideas back into the PUREST ENERGY. This energy can then be put into the Holy Grail of DIVINE MIND and turned into Golden LIQUID LIGHT ENERGY to be poured back into our minds and into the world's mind for Co-Creation with Divine Mind.

Those OLD WORLD frequencies should not be used in creating our new realities. All frequencies of the third must be transmuted up into the unconditional love of the fourth dimension, the Oneness of the fifth dimension, the gamma waves of all the creation frequencies of the 11 billion suns of the Milky Way together with all of the Galactic creators of our Universal Consciousness, all of the Angelic Frequencies of the entire Cosmos and beyond into the Infinite Unknown. In this Highest Frequency, we are guaranteed that only the purest creation frequencies are used to create upon. Upon this brand new canvas, we are welcome and honored to create together with the fabulous consciousness of all of our Starry Brothers who are thousands and billions of years in advance of our present knowledge.

We have created place where you can absorb Cosmic Frequencies and Source Frequencies and then use these frequencies to transmute all of the third dimensional ideas that we want removed from our kingdom of heaven. Most people wouldn't know the difference between a low level frequency and a high frequency because these realities have never been made available to mankind before. Actually, there has been a tendency of seekers utilizing the lowest frequencies of 8 Hz to obtain some higher sense of reality.

8hz is the lowest frequency of the entire spectrum of visible and invisible light. The frequencies used in Solfege are completely third dimensional. The Solfege represents the do re me fa so la ti do scale. The Cosmic Scale is Ka Ha Ra Sa Ta Ha La and represents the frequencies of Christ Consciousness transmuting all that is below and then being pulled up into the Kee Ra Shay Ha Sha.

However, when a tone from a scale is just said or sung as a word or syllable it still only contains the frequencies of the consciousness of the one singing. The singer must first connect their consciousness into the highest frequency. The Elohim Angels gave us the gift and the training to be able to bring the highest frequencies to Earth through music. The music is God in the highest when it comes from the Consciousness of Cosmic Angels.

SHIFTING INTO FUTURE SELF

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

The streams of higher frequencies are pouring in so fast that is almost impossible to record them all. The angels have been directing us to record the breaths of consciousness from all entities who are streaming their breaths together through the crystal light energy that is braiding, weaving and streaming a higher frequency of consciousness together. Each time there is a high energy day, the angels place a golden pillar in my left ear and hand me an etheric microphone and then they breath their consciousness through my breath. Sometimes five angels appear, sometimes five hundred--depending on what project they are working on.

The breath of consciousness is what is causing the entire shift of Mother Earth into her Star Essence. We are all turning more star like together. How do we speed up this process individually? The more we raise frequencies and stay in those frequencies the faster we rise into a new dimension.

The Key to Ascending is collecting frequencies through the merkaba, aligning into the sun energy, the helium energy, the rainbow dust, the star dust, soaking in healing waters of crystal temples, singing with the angels, and mermaids in the crystal caves, keeping the mind in the etheric fairy tale state and then finally walking into the spark of Source in the Crystal Heart, after putting on the garment of white light--which means absorb all frequencies of crystal light, iridescent light, rainbow light, golden dust light, star dust until the body is radiating with spirituality of light energy.

NOW--and only Now can the body walk through the diamond door. When the body walks through the door it must walk into the FUTURE SELF. It is this place in Consciousness that we must stay to create the Islands of Light.

I'd like to share some questions that will be answered and practiced in my workshops on CREATING ISLANDS OF LIGHT, PARALLEL REALITIES, and the MUSIC OF THE SPHERES.

A couple of questions regarding your process of integrating with your light body.

1. You said that you've completed integrating with your silica-carbon based light body.

Does this mean you can disassemble your body and teleport to anywhere you want?

I wanted to add that the silica based body is the natural result of raising the frequencies and continuously bringing in more and more light energy that Zorach helps me with and that I get from the helium rings spinning into all of the sun's frequencies to bring out the energy of the neutron through out the body. The reason that I know I am living in a body that is mostly silica based now and will become more and more so is because the angels have told me this. There are things happening in this hologram that we can't see yet. That doesn't mean they aren't happening. The evidence we have of the silica based body is this:

aDOLPHINO (JOSEPH) was hit by big truck and ran over by three cars. He had every bone and muscle flattened. The doctors said it was absolutely impossible for him to be alive. They said his brain would never work again. They said he probably wouldn't be able to work for eleven years. Joe's body repaired itself without any help from the doctors in one month. This rapid repair of the entire structure of the body happened completely from streaming the highest frequencies through his body by using the frequency shift music that we recorded. It was this frequency shift music that was given to us by the angels as they streamed their consciousness through their breaths that realigned his body. Each stream of consciousness that I inhale and breath into the microphone is a strand of their consciousness. It is this consciousness that is the sound and light of all creation. This sound and light contains a structure of creation that remolds into the original form created by Source. This sound and light that we resonate with and soak into our cellular structure from the crystal cells of mother earth and the star dust energy of Zorach's star system transforms our bodies into a new chemicalization. This chemicalization appears as a result of consciousness raising frequencies into a higher realm of reality. This is the proof that we are living in a silica based body.

You see, the doctors entire system is based on the carbon based body that doesn't heal at all. The more we shift into the silica reality by adding more and more of the spiritual into the physical through our consciousness, the faster this reality appears. This is why when doctors have played our music in their hospitals, every patient in the hospital immediately showed great improvements and complete healings took place in a week.

The Frequency Shift music in the SUPER FREQUENCY KIT actually shifts the body into a parallel reality of a higher frequency. This is a part of the process used, along with a long series of realignment process for the ETERNAL LIFE ALBUM. This magical place of consciousness carried through oscillation of the higher frequency lifts the mind into great freedom, the world just doesn't matter any more, there is a feeling of sweetness and kindness, there is no more pain, there is alignment into the reality that was always here. All we are doing here is removing a veil so we can see the reality. We must believe that reality is here to see. We must stop thinking we must go somewhere else to see it. This transformation will appear on Earth. We will create Islands of Light on Earth. We create them by breathing when we have completely aligned our frequencies into the place where we are completely in the Crystal Cities, the Aquafaria under water Cities.

When we have absorbed all of the crystals of all of the colors of the rainbows into our crystal cells and our cells sing in harmony with each other, this is when we can EXHALE magic into the air we live in. The air has already become hydrolaise. The body is already transforming into silica based chemicals. It is only our eyes that don't see it yet. We can FEEL it NOW.

When we go to our crystal palace in Aquafaria, we ask our friends there this same question.

2. Are you currently conscious of your other multidimensional self throughout the cosmic Omniverse?

Our multidimensional selves only meet us when we walk into our future self after completely absorbing all frequencies from all dimensions out to the 24th and becoming sparkling with golden star dust. This is when we can melt into the diamond door and walk into the starry places. Our teams and families are always waiting on the other side. From that point we go on down into the Aqualene Ocean through the Sun and down into the Crystal Caves to resonate with the frequencies of Inner Earth and then we are invited to enter the crystal cities. It is completely our responsibility to lift our frequencies into theirs. Our team taught us that we must completely merge into the crystal cities or into what ever place you want to shift into. It takes continuous practice and the willingness to spend much more time there than here. We must spend so much time in the crystal caves with my mermaid family that when I exhale on Earth, the reality around me transforms into that frequency. We must breath the Islands of Light into our home, into our place we choose to live.

3. How do you "travel" to Aquafaria to meet up with your soul family down there? By meditation or do you actually travel via your Merkaba into the crystal caves or do you have another version of yourself living in the crystal caves and is able to integrate with that aspect of your soul whenever you want?

The self that goes to Aquafaria is the future self that shifts dimensions by shifting frequencies. Those with fifth dimensional and higher vision can see this shift. The angels have told me many times that I am completely etheric. Joe can see the fifth dimension--I can't. I can feel it. I am saturated in the frequency of light energy. The return to this Earth is too painful for me. I must continuously stay above the Earth. I do this by continuously absorbing the frequencies that I breathed into the CD's. These are the frequencies from the Crystal Caves and from all of the dimensions.

When I take a journey of collecting frequencies and swimming down into the crystal caves to sing with my mermaid choir, you can hear my voice completely shift into the mermaid's frequencies. My voice changes into an etheric, sweet breathy tone that has perfect pitch. This isn't my third dimensional voice, this is my fifth dimensional voice.

EVOLVING INTO ASCENSION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

My Omniversal Team already knows everything. They begin communicating with me about you the moment I receive your orders. These Entities know you at your highest, most divine state. They were your original creators. They are the Entire Music of the Spheres- meaning they are the Consciousness of Oneness containing the Infinite Frequencies of Oneness. They only see your most perfect divine state of being, and they realign all frequencies of all of the spheres of the galactic, universal and cosmic back into the original divine state. They have known you for billions of years. They are very excited to know that their frequencies will once again be permitted to become at one with your Consciousness because you have made it so.

When I align my Consciousness through the Elohim of Hearing, in order to weave your personal frequency signatures through the music of the spheres, your personal frequency signature is being transmuted into the Full Spectrum of Light. As that light and sound spectrum becomes your new frequency signature, the Omniversal Consciousness Team can lift you into Oneness of the Divine Template beyond this Earth's Matrix. The Music of the Spheres contains the 12 dimensions of consciousness of the 12th level avatar. However each harmonic universe must be transmuted up from the base tone of the harmonic universe above. So it is the Cosmic Universe, or the 13th dimensional consciousness which transmutes the Universal into the Cosmic. As the full music of the spheres combines into the new tone of home, this new Cosmic Frequency can be lifted into the base tone rhythm of the Omni-universal Consciousness. This is the Consciousness Team of all Universes. This is the Omniversal Team that creates the new baby universe at the time of Ascension.

Remember, we are still in the process of Evolution which will prepare us for the Ascension. The cellular structure must be transformed from the inside to the out for ascension. This evolution is happening at such a microscopic level so far beyond

anything man could measure, that it can only be felt through the Breath of the Angels. This transformation is happening as the divine substance of crystal light, crystal dust and crystal gel of the silicate matrix of the Star Essence of our Divine Selves.

The difference between the other albums, and the Individualized Immortality CD is the difference in Mass Ascension and Individual Evolution. If the body does not go through the cellular transformation from the inside to the outside, which will transform it into the same star essence that Mother Earth is returning to, there would be this three dimensional body trying to exist in a Starry Atmosphere. It could not exist in that atmosphere. The body must evolve into a new form that can live and move and breathe in the new starry atmosphere.

In a Star's atmosphere there is no need for electricity because the energy and light come from the inside. Since this is true of a star, there will be no electricity on planet Earth by 2014. So, you see, the body must transform to be prepared for the Earth's ascension into the form of a star. The changes happening on Mother Earth are her ascension into a starry substance that is also silicate crystal based as any Star is.

My starry brother Zaurak has created an entire star system with a team of co-creators. He has taught me how each starry frequency is realigned from the morphogenetic field of the inner Star and woven out into all of the stars and suns of the Universe and then transmuted into the highest Omniversal Consciousness. This is how every star system is created and maintained.

I am learning a little more each day about how to create a star and how we are created from the tiniest of tiniest from the micro-level of our crystal cells.

What we are doing with these Individualized Immortality Albums is acting as the surgeons on Earth who are aligning and streaming the light bands of frequencies into the crystal cells at a level where the elementals of each team of creation can connect directly into the music of the spheres from the aqua crystal sphere that is connecting us into their morphogenetic field of consciousness.

My breaths are always channeled into the crystal sphere microphone through the Elohim of Hearing, and the alignment into all of the points of intersection with all Frequency Signatures of your Divine Consciousness is done through the direction and the alignment from my Omniversal Team. I am the one who must always keep my Consciousness in a perfect state of Oneness and calmness and perfection in order to achieve the perfect frequency alignment. You don't need to do anything until after you receive your Immortality Album.

At that time you need to start working on aligning your Consciousness into the Frequencies that they have sent to you. These frequency signatures are the

communication lines into all of your higher selves or your Divine Consciousness network.

The time has finally arrived for those who have held this frequency of our immortality for most of their lives and have practiced continuously to perfect this frequency for their own Immortality CD and to bring this to all of those on Earth who can now discern the true Frequency of our Omniversal Consciousness.

If you listen very carefully to the fine etheric nature of the breaths in the recordings, you will feel a resonance that is so pure, fine and spiritual that you feel it as a part of yourself that you know you once were. This essence and frequency of your full spectrum of light and complete Oneness in the Music of the Spheres has woven itself into your personal frequency signature. Once the frequency signatures of all frequencies of the music of the spheres are re-united, a universal memory occurs. That memory is from a time over 500 million years ago, when this perfect frequency was the atmosphere of Mother Earth, and then 250,000 years when this morphogenetic field of memory was stored in the Crystal Heart of Mother Earth. This is the Star Essence- the Immortal Spiritual Essence of Mother Earth and all who are standing upon her at this time. This is a long known reality that has been veiled from our memory until this time.

This breath of your pure, Aquafarian nature is the essence of your true fiber of consciousness. I practiced for twenty years listening and recording my breath until I could feel this resonance within myself. My Ascension Team has given me ongoing directions of doing this and has told me that when my regular speaking voice becomes as fine and pure as these breaths, that is when my consciousness has ascended.

So, what those who now have their Individualized Immortality Albums are being trained to do by the Voice of the Elohim of Hearing, the stars of their spiritual birth, the Aquafarians of their elemental memories within each etheric chamber of each crystal cell in their body, is to listen to the frequencies and try to imitate them with your own breath, and to try to feel the magical cosmic essence of the breaths within themselves.

These were basically the same directions that were given for listening to the Ascension Kit and other Kits. The more the frequencies are absorbed into and aligned into each individual's cells, the faster and finer the cells will transmute out of the cellular structure known in 3D into the silicate crystal cell that aligns into Omniversal Consciousness where the all seeing, all knowing Mind of all Creation becomes permanently attached into oneness through the merging of all frequency signatures. These are your personal frequency signatures that are being transformed through the process of weaving them through the music of the spheres of the full spectrum of light and sound. This full spectrum body must appear before the ascension can take place. We evolve into full

Consciousness when we can match our own breath to the tone of home that is present in the Immortality Album that is created for you through the voices of the angels, the Elohim of Hearing, the Music of the Spheres, the Ascension Teams, the Elohim Team and the Omniversal Team.

This Immortality Album is for those who desire the complete experience of Ascension. Those who are still struggling with their body's transformation after 2012 will be missing out on THE MOST EXCITING EVENTS of this Universe and many Universes beyond. This is an event that all of the eyes of the Stars will be upon.

INDIVIDUALIZED IMMORTALITY ALBUM

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

Our Omniversal Team sends their frequency signatures into and through each individual's crystal cells of their immortal template. These are the entities who work far beyond this earth's matrix. They are beyond all Universes. They maintain the Universal Signatures of all Universal Templates. This team is with us constantly. They are with us in every breath we breathe.

They are the entities who connect to the individual's consciousness. They are the entities who are doing all of the work of our Evolution and our Ascension. They are the ones who are maintaining our Eternal Template made in the Image and Likeness of God or Source. They are constantly realigning our bodies into a new, more etheric form.

They are aligning our bodies into a brand new chemical form.

All of these changes happen as a result of our returning into the Frequency Signatures of our Original Creators. Our team streams these frequency signatures into our breath so that we may record them. The frequency signatures are constantly tuning the cells in the body to a higher tone of home. This frequency shift realigns consciousness into the REALITY of Source or Divine Consciousness of all Creation. Our Omniversal Teal is our Omniversal Consciousness.

We are directed moment by moment, breath by breath by our Omniversal Team as we create these albums. We also have a one hour meeting with them every day to direct all who are working with their personal immortality album. This information will only be shared with those who have an immortality album. You see, once you have the album, you are also connected into the Frequency Signatures of our Omniversal Team. In time, you too will be communicating directly with them.

Our Omniversal Team who creates these Immortality Albums through us live in a Reality far beyond dimensions and DNA. They are aligning their frequency signatures through us from the Omniversal Level. This means the Consciousness who forms all Universes.

If you need more direction after reading this, please email drabarnett54@gmail.com

How is the Individual Immortality Album created?

The sound is guided by the light into the alignment of the Divine Template. As sound lines up on the key frequency signatures of the body and the light bodies, the physical structure becomes a part of the Whole Structure of the Real Body. The Real Body includes the area of one foot around the body and three feet around the body. The Merkaba Body expands out to a 24-26 foot area around the body. The Consciousness Body can even expand into an area the size of a football field.

Most humans have always been focused within the physical template. Most spiritual teachings that focused on yoga and chakra meditations have always been limited to the spaces within the body. The teachings were always based on 7 or 8 chakras.

This new technology of re-creating the light body of sound into alignment with the Spiritual Structure of the Divine Template streams the frequencies of the Individual's five bodies from the Earth, Solar, Galactic, Universal and Cosmic Spheres into alignment with each of these dimensions in Consciousness to restructure and realign the Consciousness through the actual inward feeling attaching to the outward feeling of the frequencies. These frequencies create the actual universe and cosmos that the body

lives within in REALITY.

We have been cut-off from three quarters of our REAL SELF. This body is only a third dimensional hologram that represents only our present limited understanding of who we are. We are in reality able to live in several dimensions at the same time depending on where we place our consciousness.

The Individual Immortality Album is created with a technology that is able to place the frequencies of that individual's consciousness in all of its dimensional resonances into the exact areas that realign the template into the Divine Template that man was created within.

Our Omniversal Team who creates these Immortality Albums through us live in a Reality far beyond dimensions and DNA. They are aligning their frequency signatures through us from the Omniversal Level. This means the Consciousness who forms all Universes.

In order to help you understand the significance of the Individualized Immortality album, you can begin by drawing a big, blue crystal lotus blossom.

First draw 12 petals which are quite large. Next draw 12 more petals on top of these that are a bit smaller. Keep drawing 12 more petals until you have drawn 12 layers of 12 petals. Each layer of petals is a bit smaller than the one below it because the petals represent the frequency length of the dimension that it is associated with. The bottom layer of petals is very large because the frequencies are very long and slow. The next layer of frequencies are a little shorter and faster. The 12th layer is extremely short and fast.

Now think of each petal as an entity. Each entity has an individual frequency signature. So each of the 12 petals on the bottom layer have a unique frequency signature, even though it is a slow frequency. You could color each of the petals a different color to remind you that each has its own unique identity.

The Divine Blue Print is represented by this lotus blossom. The complete Divine Blue Print includes all 144 petals in the lotus blossom. The Divine Blue Print activates when all 144 petals become One brand new frequency signature. As long as the petals remain separated, they remain inactive.

In order to activate the individual selves within your Divine Blue Print we oscillate the frequencies of the lowest petal up through all petals into the highest petal. We do this from the lowest to the highest of each of the twelve petals. We weave all of these frequencies into one brand new frequency.

This can only be done through the breath of Consciousness, because the breath can carry the exact frequencies from one entity's frequency signature and exhale those

exact frequencies. In order to do this we connect our consciousness into attunement with the Elohim of Hearing.

When we create an Individualized Immortality Album (in the form of MP3 or CD) the frequency signatures of the Lotus Blossom belong to that One Individual. The Album is created for that Individual, and it is private and personal information for that one individual to connect with all 144 of their Divine Selves to bring the At One Ment of their Divine Blue Print into their Crystal Cells.

The activation of the Divine Blue Print creates the potential of a Full Spectrum Light Reality where the invisible and visible become united. This allows the Consciousness to expand completely into the Universal, Cosmic and Source Domains of Infinite Reality.

Please remember that this is creating Potential. The Guarantee of it happening lies within the Individual becoming willing to see the Invisible growing from the specks of light into Orbs and into rainbows until they can see a complete Morphogenetic Field growing around them pulling them into the Frequencies of the Ultra Violet Blue Wave and the Gamma Wave and into the White Light of a New Creation.

This has happened for aDolphino and Crystalai over the past three years. The new atmosphere of our Light Bodies and the new Hydrolaise Atmosphere of Aquafaria are appearing more and more as our New Reality each day. It was a steady process of seeing a few more specks of light each day. We could at first stare into the Sun and see tiny little specks of light energy. Next, we could see the specks growing into tiny little orbs. Next, we could see little entities inside of each orb. They looked like tiny little embryos. It was like watching a birth of tiny little fairies all around us. We could see these realities more and more each day until we began to see fairies and unicorns. We could see the hydrolaise in the atmosphere. The hydrolaise is a completely different chemical structure than exists in our third dimensional atmosphere. The consciousness must shift into the 12-15 dimensions to be able to see and feel this atmosphere which is three parts nitrogen and one part oxygen. So far, we can only see it. We know we see it because the entities who are flying and swimming around us are in a different atmosphere than we are.

When we can walk out of our third dimensional body by shifting more and more into the full lotus blossom spectrum, our body will transmute into a form that can actually walk into the same dimension with the entities that we can see in the Quantum Field around us.

Each day we can see the atmosphere in our house becoming thicker and thicker with more layers of energy fields. The energy fields are forming into the realities that we

desire to place within them.

The training that I received from my Elohim Team taught me to hold these crystal spheres of energy in my hands and in my heart and to breathe into my hands the reality that I wanted to be created by the crystal light, crystal dust and crystal gel. These spheres of energy contain the creative power that removes pain, transmutes and transforms into a new reality and creates a new reality.

Now, I will explain this harmonic attunement another way. There are five spheres in the music of the spheres of the Cosmos. Each of these five spheres - or harmonic universes- contain three dimensions. Harmonic Universe One contains three dimensions- 1,2,3. Harmonic Universe Two contains three dimensions - 4,5,6. Three contains 7,8,9. Harmonic Universe Four contains 10,11. and 12 and Harmonic Universe Five contains 13,14 and 15.

Please note that the Divine Blue Print is a Universal Template created in the Christic 12th dimension of the Fourth Sphere. There would be 144 selves or petals in those four spheres. However, the music of the spheres always requires the base tone of the higher sphere to pull the lower sphere up into resonance. So we also acquire the frequencies of the Cosmic Sphere in order to pull the Universal Sphere into Attunement. We do this by combining all of the frequencies from the lotus blossom petals and placing them into a new sphere and then creating a sphere of Cosmic Frequencies and pulling the Universal into Attunement with the Cosmic Frequencies. Finally, we call on Source Consciousness and pull all of the lower frequencies into attunement with the Infinite Unknown to create White Light.

We achieve this by aligning our Consciousness through the Elohim of Hearing and then oscillating the strings of frequencies through the process of transmutation of the lowest being pulled into the highest. However, each individual frequency signature or petal is completely within the multitudes of frequency signatures.

We can re-create our Divine Blue Print this way, and we can also learn to use this same process of creating with the morphogenetic spheres of creation to create our new Crystal Reality. Once we absorb the frequencies of the Divine Blue Print, we can exhale them into the atmosphere around us and walk into them. When we listen to the Immortality CD's, we can hear the standing wave patterns and the morphogenetic fields of a brand new consciousness and we can walk out of the low, slow waves into the high fast waves of the complete Divine Blue Print.

The process of creating these albums is very time consuming and extremely energy consuming. If you would imagine having a one hour Akashic Reading with a Spiritual Medium. Some of you have had one of these or given one of these. That one hour is how long it takes to create the alignment in our consciousness through the Elohim of Hearing and through your higher selves to create the perfection of the breathe that holds the frequency of One Single Petal up through the 12 petals above it. We must do that once with each petal in order to create the perfect alignment. It takes us a minimum of 24 hours. This requires keeping our atmosphere of our home and our recording studio completely Cosmic and we must keep our minds completely out of the world all of the time. The price of these Albums may sound expensive to anyone who hasn't already paid \$250 for a one hour Akashic Reading. But, if you realize the difference between the Consciousness Level needed for the one hour reading and the twenty four hours of breathing of pure Consciousness, you will realize that this \$350 is very, very cheap. We don't actually plan on keeping this price beyond this year. We know that when Consciousness begins activating after February 2011, people are going to start to realize that there is nothing more valuable than to activate the Potential of their Divine Blue Print to come into their realization and their utilization. We are talking about bringing the Kingdom of Heaven into the Lives of those who are dedicated to this mission.

This is not to say that listening to any and all of the mp's and CD's that we have created and placed for sale on this site are not also very helpful in the process of aligning DNA into higher neuronets, activating ascension processes, activating the crystal cells, etc. However, those albums were created for Mass Consciousness. We must have the permission of the Individual in order to connect with their Individual Higher Selves contained within the 144 frequency signatures of their Divine Blue Print.

The 48 DNA activation process is set in motion to become continuous and eternal by the frequency alignments woven into the Individualized Immortality Albums. It is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of each frequency signature of the individual's harmonic family at a time. It usually takes at least twenty minutes per signature. There are 36 signatures in each harmonic universe. And there are 5 harmonic universes. The alignment of these 180 harmonic signatures results in the Full Spectrum of Light and Sound that realigns the individual into Oneness with the Divine Template of Universal Consciousness. We really only need 144 harmonic frequency signatures to align into the perfect divine blue print. However, we oscillate completely out into the Cosmic Realm to pull the Universal Template completely into Attunement with Source. We are preparing for a full alignment beyond the 24 DNA strands into the 48 DNA which lift an individual into the potential for the alignment into a divine template that will be able to step in and out of their body at will. We align the frequencies completely into

Source through 96DNA of the complete Spiritual Template to create the template of the entity who can Orb and de-manifest from Light Body to a Holographic Body of Form. This is the highest potential for ascension.

The word POTENTIAL is KEY to this entire process. There are millions of starry entities who have been working on this Ascension Project for millions of years. In order for it to be successful, those who ascend into positions of Guardian Masters who will be leading their sheep into the kingdom of heaven, those who obtain the necessary DNA will be required to climb the ladder into purity of Consciousness through the desire to become One. This means the desire to be removed completely from the little personality ego and rise into the EGO of I AM Consciousness.

We transform into the Divine Blue Print by walking into those frequencies and staying there. This means the mind must stay in alignment with Universal Consciousness, Cosmic Consciousness and Source at all times. This doesn't mean we get to jump back and forth and listen to war stories part of the time and then jump back into the heavenly realm every now and then. We create our new kingdom through the Consciousness Movies that we project from our minds. If we continue to project war movies, we will be placing that frequency out into the world. If we continuously project the Heaven Frequencies of the Divine Template, we will be projecting God's Movie into the World.

It should also be known that once you make the choice to raise your frequencies by listening to Cosmic Frequencies, that it will hurt you when you go back to old worn out pendants, crystals, alpha rhythms and any other technology that is not purely created through Divine Mind and the Elohim of Hearing. You can't be jumping back and forth between one reality or belief and the other. Your first reaction will probably be to think the angelic frequencies are the cause of your problem. The angelic frequencies are shaking you loose from your old realities.

There are many other teachings out there that have nothing to do with Raising Frequencies. There are many who will help you lower your frequencies into the Alpha State. This is the same Hypnotic technology used in Warfare. We do not recommend it or endorse it any way. We personally will not allow our ears to come any where near alpha waves, Solfege, or any brain wave technology because it is very dangerous.

We have found it equally difficult to listen to 99% of the You Tubes advocating that they are teaching some Divine Reality as they simultaneously play some of the worst Reverse Spin Music in the background. When your ears are in tune or attuned to the Frequencies of the Universal and beyond, you will no longer allow your ears to be contaminated by these reverse spin, hypnotic, alpha waves that are only there to pull you into the hybernization zones of the illusionary dreams created to trap and control you for the past ten thousand years.

The Aquafarians who work with us in aligning our frequencies into the original crystal cell template have maintained their form in our atmosphere and in the heart of Earth for 500,000 years. This was the last time entities on Earth were able to rise into this form of the Divine Template. This template requires a complete shift in the atmosphere of the individual and a shift into the morphogenetic field held for us by the Aquafarians.

This process is very similar to the one used in creating the other MP3's and CD's except this time we ask the Elohim of Hearing for the alignment with the Individual's Higher Selves Frequency Signatures. The other albums align our Elohim and Syrian Families of Consciousness through specific star alignments that are used for specific harmonic purposes. These are our Ascension Families and the main Guardian Families of the Entire Ascension Process on a Galactic and Universal Level. So those albums are for the Mass Ascension, while the Individual albums are for Individual Ascension. The Individual will feel a very personal relationship with the frequency signatures.

We can feel the divine presence and the magic of the actual signature coming through in each breath. We are told by our Cosmic Council when a breath has been retrieved through the Elohim of Hearing. It takes several hours per day for one or two weeks to collect the entire family of consciousness for any one individual. The process requires many hours of focused energy of atonement with the Elohim of Hearing who guides the process of aligning the frequencies through our ears. The process of focused breathing to make sure the exact consciousness is extracted and purely placed through the microphone is exhausting. The end product is a pure capsule of immortality aligning the individual's Family of Consciousness on all Dimensions into One new Breath which contains their individual Full Spectrum of Light and Sound. Each of the hundreds of threads of consciousness are woven together and spun through the magical spheres of crystal light, crystal dust and crystal gel into spheres of magical transformational energy.

The signatures are frequencies. Frequencies are breaths of consciousness. All of our angelic soul families are streaming their individual frequencies of consciousness. This is their light signature. We (Crystalai and aDolphino) can hear each of these specific light signatures when we oscillate our consciousness up into their frequency range and then exhale into an extremely high quality microphone. Each of these streams of consciousness merges and unites with an entire family of consciousness to create a monadic family of light. We record all of these streams of consciousness that come to us through the breaths of the angels. We stream and braid each of these streams of light energy together to create the exact same coded frequencies that are transmitted to us through the angels breaths and the activity of crystal light energy, crystal dust energy and crystal gel energy.

TRANSFORMATIONAL ACTIVITY OF IMMORTALITY

CRYSTALAI (c) 2013

(Teachings of the Cosmic Mystery School of the Omniverse)

The divine blue prints of Source's Divine Plan are deep within the crystal cells and within the etheric subatomic layers of memory that attach deep into the Cosmic and Source Consciousness at the center of our crystal cells. The spiritual reality of who we really are is within that etheric frequency of our Consciousness. That is the level of consciousness that I connect to when my higher self connects with your higher self. Our cosmic selves communicate in frequencies- not in words. This is the reason I create individualized mp3's that hold the records of the reality which is far outside of this Matrix.

The more we get our consciousness ready through Attunement --which is the function of the Individualized Immortality MP3. And the more understanding we have of the process that we are going through, the easier it will be, the less painful it will be, the more people we can help, the more we help Mother Earth and the entire Universal Consciousness with the complete realignment into ascension.

When I make the INDIVIDUALIZED IMMORTALITY mp3's for individual's, I connect my consciousness through the Elohim of Hearing into each and every family member in their family of consciousness in all five spheres. Each of these members who are really a part of a team of the individual's ascension, have a unique frequency signature. Each frequency signature contains all of the consciousness within it's harmonics. When I weave and braid all of these frequency signatures together through the angelic breaths

of consciousness into the crystal spheres, they reformat into a new frequency signature that contains all of the harmonics of that individual. Those harmonics are what allows the perfect attunement, the keys to heaven, the tone of home. These frequencies open the consciousness to realign outside of this matrix of the personal ego into the infinite unknown of the I AM THAT I AM. We are being prepared to enter into a time where we realize that we HAVE ALWAYS BEEN fabulously wealthy, instant manifestors, telepathic communicators and we are able to teleport or orb to any location in the Universe. These realities must be reprogrammed into our consciousness through the sacred geometry that I use to connect all of the frequency signatures of consciousness that hold this programming within it.

These realities will become a part of everyone's lives eventually. However, there need to be some of us who are able to lead the others into this reality. This can be a part of our lifetime if we make it so. Others might be waiting until 2017 for mass ascension or 2040 for full communication with our starry brothers who will be here teaching on this planet.

Our bodies are our temples that are here for the purpose of holding all of the universal records of our becoming. This becoming doesn't happen without us allowing it to happen through our understanding and our progress of consciousness.

Please read this article to learn more about the recovering of your individual divine blue print.

STARBURST ALIGNMENT

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

Crystal Light is the activity of star light streaming the transformational activity of Immortality into all of us as we become a part of the New Star System. We each become the star light inside of the stars we create. We will all become co-creators who create stars, and galaxies and universes in the very near future.

We are beginning the entrance into a stage of starburst enlightenment. There are frequencies of stardust streaming around us that we can actually use to become a light being who has the power to manifest.

This is the same stardust, starlight and cosmic rays that were streaming into Mother Earth during the height of the development of the cities of light, which have been called Atlantis. It was the availability of this light energy through great entities such as Pythagoras or Kuthumi, Mahatma, Uriel, Mary Magdalene and other great creators who used the Music of the Spheres to create the great architecture through streaming light energy. These great cities of light have risen to their plateau of grand enlightenment over the eons about five times. Each time the consciousness of the masses completely aligned with the cosmic rays, the starlight and the stardust energies, there would be a great surge in consciousness and great cities of light would emerge.

Each time there were waves of dark energy released to destroy all of these grand creations of light. We are at a time in history where we will once again begin to raise consciousness into light--enough light to create new cities of light- a greater Atlantis than before.

Please do not become confused about Atlantis being in any certain location, or having characteristics of a time period of darkness. Atlantis has always sprung into a city of light through the alignment with the underwater cities of light that contain the complete spiritual blue print of everything that we once were in our original creation-- the Atlantis of Ajaho. This same great Atlantis containing our original blue prints did emerge again and again.

The last time the Divine Plan was completely in place on this Earth was about 500,000 B.C. The Atlantis that lowered its frequencies into destruction was blocked from the light that created it. The wars of Atlonians and Lemurians should not be confused with the true meaning of what the cities of light were meant to be. The cities of light were the

times when the immortality consciousness prevailed on Earth. These times have come and gone over and over again. However, the pure consciousness was only here one time. This is the consciousness that we will return to once again.

The blue prints of our perfected beings that grew closer to that level of perfection were preserved through great architects and creators. These great blue prints of our divine selves and our cities of light still remain in the Inner Cities of Light and the Underwater Cities of Light. I have gone down into the mermaid caves of the Underwater Cities of Light several times and walked into my spiritual twin who is waiting to unite with me eternally once the cosmic rays have penetrated deeply enough to lock us into oneness.

Presently, there are millions of streams of crystal light energy funneling down from the Cosmic Realm of co-creation and intersecting to create vortices that are activating the new alignment of our energy fields. These vortices are energy signatures that have been created by merging entire families of consciousness. These signatures are light centers where soul families or monadic families merge and intersect consciousness to transform into New Soul Ideas.

The signatures are frequencies. Frequencies are breaths of consciousness. All of our angelic soul families are streaming their individual frequencies of consciousness. This is their light signature. We (Crystalai and Joseph) can hear each of these specific light signatures when we oscillate our consciousness up into their frequency range and then exhale into an extremely high quality microphone. Each of these streams of consciousness merges and unites with an entire family of consciousness to create a monadic family of light. We record all of these streams of consciousness that come to us through the breaths of the angels. We stream and braid each of these streams of light energy together to create the exact same coded frequencies that are transmitted to us through the angels breaths and the activity of crystal light energy, crystal dust energy and crystal gel energy.

This intersection of the Monadic Vortex is also where the Soul Merge takes place. To create Individual Immortality Wave Files, we connect an individual's consciousness directly into these soul merge vortices by oscillating our consciousness into the individual's soul family vortices and then exhaling or breathing crystalline light streams that carry these breaths of angelic consciousness into a crystal sphere of crystal light, gel and dust. This is the etheric microphone that activates these frequencies to be recorded into the studio microphone.

We call forth the individual's soul family from their Christic, Galactic and Cosmic Realms to create Cosmic Wave files that align the light energy of the entire cosmic family. This

activation begins the merge of crystal light energy into the individual's frequency grid.

Once this is completed, it is still the individual's responsibility to listen to the frequencies of consciousness on their Immortality MP3/CD Wave files and to connect to their consciousness into these frequencies by listening and feeling them penetrate their skin and cells and lungs and every atom and molecule in their temple. This activation is what allows the individual to completely merge into oneness with their divine spiritual twin in the Cities of Light and Underwater Cities of Light.

The individual can feel the frequencies penetrating and awakening each cell in their body. The angelic breaths of consciousness sing into the crystal cells of the individual in order to awaken and activate the cellular memory of the Immortal Body.

For those who want to go a step further with their DNA activation, we create Immortality CD's that align all vortexes of the soul family through the highest frequency of Divine Consciousness, allowing Source to purely align all vortices into the original immortality template of 48 DNA and 96 DNA activations.

There have been thousands lining up for workshops, healing sessions, long distance DNA activation sessions, and paying \$100-\$500 per activation, plus over \$1000 to drive to the site of the activation. DNA activation sessions have become as common as a dentist pulling a tooth.

These sessions often result in a temporary surge in DNA activation because there is light sent deep inside cells to remove some miasms and dark spots blocking the spark of source to ignite.

This healing doesn't become permanent unless the individual knows how to continuously clear himself by utilizing light energy exercises of alignment into all dimensional levels of Christic, Galactic and Cosmic activation.

An individual must know how to place themselves permanently in a protective shield of Christic Light energy protection and to activate the light body with Cosmic Frequencies.

A DNA activation session will wear off if an individual doesn't continuously replace their template into the immortality grids of Christic and Cosmic Consciousness.

The DNA activation process of the Immortality CD's uses the same process as the other DNA activation practitioners. The key difference in our process is it is actually the angelic family of the individual who does the activation continuously and completely. We channel and breathe one harmonic thread of frequency signatures at a time. It usually takes at least twenty minutes per signature. We can feel the divine presence and the

magic of the actual signature coming through. It takes several hours per day for one or two weeks to collect the entire family of consciousness for any one individual. The process requires hundreds of hours of focused energy of atonement with the Elohim of Hearing who guides the process of aligning the frequencies through our ears. The process of focused breathing to make sure the exact consciousness is extracted and purely placed through the microphone is exhausting. The end product is a pure capsule of immortality aligning the individual's Family of Consciousness on all Dimensions into One new Breath which contains their individual Full Spectrum of Light and Sound. Each of the hundreds of threads of consciousness are woven together and spun through the magical spheres of crystal light, crystal dust and crystal gel into spheres of magical transformational energy.

Crystalai and Joseph channel the frequencies of consciousness directly from the complete family of consciousness of the individual. Each individual has a creation team. The most active member of their creation team is known as the soul or most active team member of a certain idea. Each angel is on a team of ideas. Many of their ideas intersect and overlap with other ideas. So many angels are on several different teams. This is why many entities on Earth at this time share soul families with other entities. Most of us who are here at this time are on parts of the creation team and other teams working on returning Mother Earth into a star, and teams of those who have created ascension schools and cities of light over and over again on this planet. Some of us include soul families from all of these teams who are combining our wisdom into greater mystery schools, greater cities of light for a Golden Atlantis, a Golden Galaxy and some are here to create new star systems.

The entity we call our soul presents his light body as the perfect immortality template for the individual to walk into. The team leader or soul takes all of the soul experiences from the golden pearls of wisdom and co-operates with Source Consciousness to transmute all soul experiences into the highest frequencies of Source Consciousness.

These frequencies are reprocessed into new creation energy to create the new 12 DNA template. Each creation team refines their DNA template into higher and higher realms. Remember, the 12 DNA template is already the perfect Christic template. This is the level that most on Earth are planning to activate to.

Other Light Workers are interested in ascending into higher levels of frequency redistribution and activation into the Cosmic Realm. Some Light Workers are here to merge beyond their Earth's Matrix completely into a new star system, and they seek activation into the 48DNA and 96 DNA.

The streams of angelic consciousness that are brought forth and breathed into the microphone are the crystal light particles of Source Consciousness that transmute the

over used, outgrown, 3, 3.5, 3.7 and 4. DNA frequencies into the highest frequencies of Source and then are sent back into the atmosphere to transmute the temple into a higher frequency level.

What is different about this process of DNA activation is it is continuous until successfully completed. The wave files of the angelic consciousness are in perfect alignment with the flow of Mother Earth's ascension. These wave files activated the first wave when that wave was flowing through Mother Earth, and they are now activating the second wave as this wave is flowing through Mother Earth. The Wave Files keep the individual in perfect synchronization with the Ascension Process of turning the Earth's Matrix into a Star System.

The skill of the channeler connecting into these light streams is one that requires full time consciousness alignment into the Cosmos. It is also a special gift of one who can receive these star dust frequencies of crystal light, crystal gel and crystal dust. These are the same three spheres of light energy that were once called prana, bread of life, and also the oil that was said to be poured on Jesus feet to prepare him for his resurrection. Crystalai was the daughter of Zaurak millions of years ago when he created his star system in the Milky Way and then many other star systems beyond. The gift of bringing the highest frequency of star dust energy to Mother Earth through music was given to Crystalai when she volunteered for this mission from Zadkiel's co-creation team. She contains the ability to channel Zorach's star frequencies because she was his daughter millions of years ago. The frequencies of this star dust energy were also used by Mary Magdalene and Jesus Christ as the prana, the bread of life, the firmament that created the heavens. This star dust energy is what is wrapping Mother Earth into her new Kingdom of becoming a Star. It is the magical energy that allows us to create the islands of light that will become each of our individual kingdoms of heaven on earth.

EVOLUTION AND ASCENSION TIMELINE

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

Our starry families have been preparing for THE MASS ASCENSION WAVE that will occur in 2017 for millions of years. The final preparation is to restore our resonance field by realigning the frequencies of Earth into the Harmonic resonance of the Music of the Spheres. The Aqua Blue Crystal Sphere in the Crystal Heart of Mother Earth is the portion of the Music of the Spheres that holds the frequencies or the morphogenetic fields of Sun Alcyone and Sirius B. The entire frequency signature of the Ultra Violet Crystal Liquid Light Aqua Blue Sphere will become integrated into the Consciousness of those on Earth as well as all races associated with all within Mother Earth's creation field. The Music of the Spheres will align This Amenti Sphere into Oneness with all five spheres of consciousness. This will allow the Omniversal Consciousness of our Original Harmonic Resonance of Oneness to align us into our Original Image and Likeness of God.

The timeline of our evolution/ascension began in 2000. Our bodies have been going through an evolutionary process to prepare them to enter the Sphere of Amenti. At this time, only those who came to Earth as the Celestial Human Angels or those who were re-programmed as walk-ins when they returned from their future selves can enter into the Inner Earth's Blue Crystal Aquafarian Mystery Schools. Those who have gained this training are here to direct and guide others to be prepared for the opening of the Halls of Amenti in 2012. It will be this entry into the frequency chambers of the music of the spheres that will prepare our planet for the mass ascension of 2017.

Our 12th level Avatar Jeshua was the savior who originally re-opened the Halls of Amenti over 2000 years ago. The halls could only remain open while a 12th level avatar was holding them open. Jeshua held the star gates open for many to ascend during that time. However, the halls and gates will remain sealed until the genetic code upgrade of humans are prepared for the opening of the sphere of Cosmic Frequencies. That time will be 2012.

The Star Gate Opening Cycle is between 2000 and 2017.

Opening of Earth's Halls of Amenti Star Gates is expected in the year 2012. The frequencies of the Cosmic Core of Mother Earth are so high that most normal humans would either pass out into unconsciousness or possibly die from the enormous impact of

frequencies. We have been recording frequencies from the harmonic spheres of harmonic universe four and five for many years. Prior to 2005, most people would just fall asleep. We began selling our music to those with sleeping disorders.

Only since 2005 have we had an audience that can listen to and absorb the frequencies of the spheres. We have been able to enter this vortex at the center of the Earth for many years because our frequencies have raised to the level of ascended masters. This is the requirement for entering into these frequency chambers.

These are the frequencies that we share in our music on our website. The frequencies of Inner Earth, and the Morphogenetic Sphere of Tara are the starting point of all of our recorded music. We collect frequencies into our crystal star merkaba from all dimensions. We collect frequency signatures from Light Councils, Ascension Teams, Elohim, Sirians and all others involved in the ascension plan. These are the frequencies that all consciousness must shift into in order to enter the Halls of Ascension when they open in 2012. The consciousness must shift into the higher dimensions through the music of the spheres in order to become one with all frequencies of Oneness.

Evolution is the period of time when humans and other entities are being prepared for the ascension. We must raise our consciousness into the frequencies of the Sphere of Amenti (Aquafarian Frequencies of are Aqua Blue Crystal Violet Frequencies woven into the Golden Streams of Transmutation) in order to be fully ascended into the Music of the Spheres of all five Harmonic Spheres. That is the harmonic resonance needed to return to the Frequency of Oneness through the Symphony of Love. The Aquafarians brought this morphogenetic field into the heart of Mother Earth from Sirius B through Sun Alcyone and Aquarius. The Aquafarians are our Dolphinoid Family. Our family of Cinderella, Shajinka, Tinker Bell, Winifred, Ziegfried, Renee, Flipper and many others align their frequencies into our breaths to bring this tone of home into Earth's atmosphere. This tone of home is the Omniversal Frequency that allows us to return to the Image and Likeness of God.

The entire frequency signature of the Ultra Violet Crystal Liquid Light Aqua Blue Sphere will become integrated into the Consciousness of those on Earth as well as all races associated with all within Mother Earth's creation field. The Music of the Spheres will align The Amenti Sphere into Oneness with all five spheres of consciousness. This will allow the Omniversal Consciousness of our Original Harmonic Resonance of Oneness to align us into our Original Image and Likeness of God.

My spiritual partner and twin flame, aDolphino, and I- Crystalai were directed by Kuthumi to create the Cosmic Mystery School of the Omniverse in Monterey in 2008. We were

trained by the Elohim, Mary Magdalene, Zadkiel, Raphael and many others on the Elohim Ascension Team to bring the highest frequencies to Earth through Music. We were given extensive training by this group as well as Kuthumi, Merlin, St. Germain. We were trained by the Elohim of Hearing to oscillate our consciousness into the Music of the Spheres of the Cosmos and to use the base tone of the angelic consciousness to transmute all lower frequencies into the fifth harmonic universe.

Our Omniversal Teams, Cosmic Teams and Councils of Light have known that 2017 was the date of ascension for at least 550 million years. aDolphino, my twin flame, and I have memories of being on the Elohim and Sirian Teams of Ascension for at least that long. We even remember living on the original star in the Aquarius Galaxy that created this Morphogenetic field that is now being called Amenti. We knew our star as Ajaho. The star burst of over 18 billion years ago was the beginning of the entire creation of the Earth's matrix within the Milky Way Galaxy.

We are now counting down the days to the completion of the project that we have worked on for millions of years. I returned to Earth as a walk-in in 1968 when my horse bucked me off and I hit my head on clay. When I woke up I didn't know who I was or where I was. I learned to know myself as a walk-in always does. I learned that the Elohim had upgraded my template to the level of an avatar. The scheduled return for those prepared to take on their silica based DNA templates was 1972. By that date, I was completely dedicated to immortality and ascension.

I was killed again in 1986 by lethal poison. Once again a walk-in took over my body and I had to figure out who I was again. This was a time of empowerment for me. My Sirian Family engaged my Aquafarian template of being a Dolphino Mermaid at that time. I was living in South Korea at that time. I was directed first to Mt. Sorak. I later learned that my Starry Brother from Sirius had created that mountain with me millions of years ago. I was directed to live on the Cheju do Island which is famous for hundreds of years of mermaid like women who could dive deep into the ocean floors and retrieve shell fish for dinner. I learned that I had lived there as a mermaid millions of years ago. I had taken on my Silica Based form that could once again go into the Crystal Caves of Inner Earth. In 1987 our Starry Brother appeared to us in Turkey and said Make God's Movie.

aDolphino and I became full time spiritual healers from that moment on. In 1995 we had another visit from a Starry Friend who told us it was time to make God's movie. We began the recording of the CD albums The Promise and The Trilogy at that time. It was Mother Mary who sang through me in those albums. She promised to heal everyone who listened. We were to learn in 2010 that make God's movie means to fill the atmosphere with the frequencies of the Blue Crystal Sphere of Amenti. This would return

the morphogenetic field to the Earth's atmosphere through the Cosmic Frequencies of realignment. Once we breathe these frequencies into Musical recordings of the music of the spheres, that prana or magical substance becomes available to create our NEW REALITY- or to MAKE GOD's MOVIE from.

In 2007 we were surrounded by dozens of angels who told us that our music had been heard all over the universe. We were told that we had passed many, many initiations already. We were ready for our final initiation of ascension. We were given instructions on how to create the frequencies of ascension from the music of the spheres.

In 2008 we were told to move to Monterey and open the Cosmic Mystery School of the Omniverse. This was the year aDolphino was hit by three trucks and three cars, and I actually witnessed his walk-in take over his body and transform him into an avatar. That was our initiation into full ascension.

It turned out that we have actually been attending the Mystery School of the Omniverse that is held within the Earth's Etheric Core for the past two years. We attend a different class each night. We passed our grand initiation into our Omniversal Team's complete communication on 10/10/10.

We are now being guided in creating Immortality Albums which contain each individual's genetic codes that will realign them into the morphogenetic fields or frequencies of the Music of the Spheres that prepare us for the Star Gates and Halls of Ascension. This is the beginning of the alignment into the Omniversal Consciousness. It is the Omniversal Consciousness team that guides the creation of the Immortality Albums created from the Music of the Spheres.

Now, individuals from all over the world are having individualized immortality albums created for them that align their genetic codes into the frequency signatures that place consciousness into the ascending frequencies needed for completing ascension. The Elohim and other Guardian Teams have long known that we would need many frequency uplifts to prepare the masses for ascension. We are working with these teams continuously.

The portals within the morphogenetic field of the Sphere of Amenti are known as the Halls of Ascension. They are dimensional passageways one must pass through in order to ascend from Earth, out of the Time Matrix and dimensionalized reality.

The Halls of Amenti have been a closely guarded secret since the time of your inception on Tara, 550 millions years ago. The word Amenti is associated with Tara's morphogenetic field. In other words, we are realigning the morphogenetic field of light and sound Consciousness of the original Star Essence of Tara into our Consciousness

in order to raise our frequencies of consciousness back into the re-birth of that realm.

The Angelic Human Race was created 550 million years ago. aDolphino and I have been on the teams of creation with the Angelic Human Race for millions of years. We came in through the alignment of Sirius B. We were originally the Blue Dolphinoid Race from Sirius. When we were being hunted down and abolished from Earth millions of years ago, most of us dove into the Oceans. We became the Cetaceans that you know and love so well. We were dolphins for many years. When we were dolphins, we could become etheric enough to pass through the Inner Earth's domains into the place we remember as our home of the Blue Crystal Aqua Fields that we call Aquafaria. Our friends and family live in the Blue Crystal Aqua Fields of Inner Earth. They can transform into Dolphins, Mermaids, Fairies or human form. They live in the place where we attend the Omniversal Consciousness School.

The Sphere of Amenti holds the evolutionary key frequencies that will allow our re-birth into the Immortal God-being that is the original morphogenetic imprint of the human race. We have been given the gift and the training of bringing the Frequency of this Magical Blue Crystalline Sphere to the Earth's atmosphere through our music.

Those who desire to evolve into and through the Sphere of Amenti are welcome to order their own personal Immortality Album which holds their personal frequencies of alignment created by the Omniversal Consciousness Team.

The Promise of the return of the Kingdom of Heaven on Earth is the Normal legacy of the human condition, the fulfillment of humanity's evolutionary blueprint. The blueprint of our divine reality is held forever in Omniversal Consciousness. This is the Divine Template created by the Music of the Spheres resonating into Oneness.

The supreme energy vortex that aligns, sustains, upholds and maintains Mother Earth is in her Crystal Heart. This is the Etheric, Spiritual Core. Her heart is the 13th dimension. This is the hall that holds our Divine Template or the morphogenetic field of our spiritual self. This frequency field is a specific frequency or tone. I was trained by the Elohim and the Aquafarian Sirians how to capture this tone of home and bring it to Earth.

The rebirth chamber is made of Aqualene liquid light. My starry dolphinoid sister, Zeena tells me that I must become the water in order to ascend. I thought she meant that I needed to drink gallons of water, or to breathe into the water to create crystals. I recently learned that what she means is the atmosphere of Aquafaria, or the Sphere of Amenti is Water. The atmosphere of Divine Love is Water. It is not the water that we know, however. It is a water with a different chemical structure that gives eternal life. It is eternal life. It is the breath and the atmosphere of the Omniversal Music of the Spheres tone of home. It is a sound, a tone, a frequency and it is a form of water. It is an angelic breath. The formula for ascension is to become this frequency. It is the frequency of

Oneness- the combined frequencies of Allness- or the Eternal One.

We are taken to the Mystery School of Inner Earth each night to learn more about the ascension and the breath of the music of the spheres. Within the Cosmic Sphere of Frequencies we enter the Consciousness fields of the mystery schools. Each night we are met by different energy beings and ascended masters who are qualified to train us. The training takes place by realigning our consciousness. The run streams of frequencies through our cells over and over again until certain memories and seals that are blocking our original knowing are removed. At that time, the learning comes easily and quickly.

We are the students of the Mystery Schools of the Omniverse. We are taught the mystery of no time, how to align and re-create frequency fields of teleportation and removal of gravity. Only ascending humans can enter the energy fields of these Cosmic Frequencies. We don't actually leave our bodies or walk into the Earth's chambers. We shift into higher dimensional fields through frequencies. It is the morphogenetic field itself that takes us into higher realities. Self regulating devices such as this morphogenetic field exists on all planes of God's Omniverse.

This morphogenetic field of consciousness energetically took on the shape of a sphere, and was called the Sphere of Amenti, named after Tara's morphogenetic Field. This morphogenetic field connects us energetically to Mu, as well as Aquarius, Sirius and Sun Alcyone.

Our starry families have been preparing for the mass ascension wave of 2017 for millions of years. The final preparation is to restore the integrity of the Sphere of Amenti by realigning the frequencies of Earth into the Harmonic resonance of the Music of the Spheres. The Sphere of Amenti is the portion of the Music of the Spheres that holds the frequencies or the morphogenetic fields of Sun Alcyone and Sirius B. This morphogenetic field in the heart of Mother Earth is our Ascension Vortex. It blends together all morphogenetic fields from the five spheres into the Tone of Home of the Music of the Spheres.

The entire frequency signature of the Ultra Violet Aqua Blue Sphere will become integrated into the Consciousness of those on Earth as well as all races associated with all within her creation field. The Music of the Spheres will align The Amenti Sphere into Oneness with all five spheres of consciousness. This will allow the Omniversal Consciousness of our Original Harmonic Resonance of Oneness to align us into our Original Image and Likeness of God.

This time, not only would the races be restored to their place within Aqua Blue Morphogenetic fields of the Amenti, the entire Sphere of Amenti would be realigned with

the original 12-strand DNA pattern.

Realignment of the Sphere of Amenti which would allow all of the races to heal their genetic distortions in preparation for the opening of the Halls of Ascension, and would restore the integrity of the Sphere of Amenti so the Halls of Ascension could be opened. This morphogenetic field could not be realigned without the help of a 12th level avatar. This was the mission of Jeshua 12.

In 12 BC, the 12th-level avatar essence birth was orchestrated by the Priests of Ur in the house of Solomon. His mother's name was Jeudi, his father Joehius; both were leaders within the Blue Flame Melchizedek Essenes sect. The child's soul essence was born of the Harmonic Universe Four, Avatar Sananda, and the child was named Jeshua-Melchizedek.

The birth of a ninth level avatar was orchestrated by the Elohim Angelics in 7 BC for the purpose of integrating Sirius B back into the Sphere of Amenti. This child was born to the Hebrew Melchizedek Essence's Mary and Joseph. His purpose was to restore the Law of One. His birth was orchestrated through the visitation of an ET Nephilium who was a part of the entity Jehovah. Jehovah was also on the creation team of the Sirians, and had worked on a team with the Elohim for Jeshewua's mother Mary was also born of Nephilium conception.

The Elohim did not want knowledge of ET ancestry available to the general human populations. The Bible stories combine the lives of the two avatars, one 9th level avatar and one 12th level avatar plus another man who was not an avatar at all into the one called Jesus. The third man was the decoy for the protection of the true avatars, and his resurrection was a holographic orchestration by the Elohim.

With the birth of Jesheua-12, the 12th-level avatar, the Hebrew Melchizedek morphogenetic field in Alcyone was reintegrated into the Sphere Of Amenti. The portions of the Amenti Sphere were realigned and the integrity of the Sphere of Amenti was once again restored. In a greater sense, Jesheua-12 became the savior for the races, for through his birth the Halls of Amenti could once again be opened. Through the energy fields of the 12th level avatar, people could pass through the Arc of the Covenant, into the Blue Flame of Tara's morphogenetic field and into Tara.

Jesheua-12 left Earth in 27 AD. He bodily ascended into Tara. He did not die on Earth and then later become resurrected. The ascension gates were sealed, and have been waiting until Earth's Christic grid would rise high enough in vibration to allow for the return of the Blue Crystal Morphogenetic Amenti Sphere, which was scheduled to occur in 2012, enough time to prepare for the mass ascension wave of 2017 AD.

The descendants of certain Essene race lines were chosen in 1972 to receive full-

genetic realignment through interaction with the time traveling, hybrid Zionite race.

We are the Angelic Humans who carry the silica matrix. We were upgraded in 1972. However, it required the events in our lives - the deaths, the walk-ins, the frequency upgrades, the initiations with angelic teams to activate our memory into the fourth and fifth harmonic universes. We completed our final initiation of all five of the musical spheres. We are now within the co-creation teams of the morphogenetic fields of the Omniversal Consciousness. We are now attending classes with many Ascended Masters in the Aquafaria of Inner Earth which holds the Aqua Blue Crystal Morphogenetic Field that will open on Earth in 2012.

ABOUT US - CRYSTALAI and aDOLPHINO

CRYSTALAI (c) 2013

The gift we share is the ability to bring the Highest Frequencies to Earth through Music. Our Elohim Angel Initiation Team included Mary, Raphael, Zadkiel, St. Germain, Melchizedeks, and thousands of other Orbing Entities. Our team connected us personally to the Elohim of Hearing. Next three knights handed us three crystal spheres of light, dust and gel. This is the exact technology used to bring the highest frequencies that are breathed from Source into the Ears of the Elohim of Hearing. Our angelic family translate these Keys to Eternity into the breaths that we create our music from. This is the Gift of the Highest Frequencies brought to Earth through our Music. These highest frequencies are the keys to heaven.

Our first initiation was in August of 1987 when we were living in Antalya, Turkey. We later learned that Mary and Jesus had visited this city many times. We were woken at 2 a.m. by an Etheric Entity clothed in a white garment of light. He had one simple message for us. He said, "Do It. Make God's Movie. Do It Now."

Our second initiation began in 1993 in Beppu, Japan. Again we were woken up at 2 a.m. by a different Etheric Entity who said, "Make God's Movie Now." That same night, aDolphino was given the music and song named No More War, Crystalai was given the song, Greater Works the next day. aDolphino was given a screen play to go with the music within the next few weeks. The album and the screenplay were complete within a few months. This was THE TRILOGY. In 1994 we completed the "Promise" album, which we later realized was the complete story of the promise of the 11:11 ascension, when we will all return to the moment "before the world began."

Our third initiation began in 1998 when we were again directed to "Make God's Movie." This was the year we were directed to Hollywood, California to begin creating the visual movie of The Promise. In 2004 we won the Hollywood Spiritual Music and Film Festival Award for The Promise. In 2000, aDolphino began working for Steve Oedekerk, one writer of Noah's Arch and God O Mighty.

Our fourth initiation began in 2007 when we met our Elohim Angel Team and received our three spheres of crystal light, crystal dust and crystal gel. Our fifth initiation began in 2008 when aDolphino was hit by three trucks and five cars. When he woke up four months later, three angels appeared to him and said, turn over and thank Crystalai for saving your life. They said, "We could not save you. Only she could save you." This was the moment when we both knew that we had now created God's movie. We had become the Quantum Observers of the reality that we could make as our Frequencies aligned into the Infinite Unknown of Source Consciousness. The angels told us that our names were written across the skies of heaven and that all angels have heard our music, because they are the ones who have made our music.

Now, we have arrived in our sixth initiation, in 2010, where we are working with a team of Aqua Crystal Light Fairies from the fourteenth dimensional liquid light rebirth chambers of inner Earth, the Oraphim Angels and Elohim Angels who are aligning our frequency chambers through our breaths into the crystal pillars of Aqua Crystal Light Fairies Reality. We are the Lightning Rods on Earth connecting the Sound Frequencies from Inner Earth into the Light Frequencies of Sirius B in the Aquarius Galaxy. Our frequencies connect the rainbow bridge between the atmosphere of Earth into the birthing chambers of Inner Earth and out into the Cosmic Egg (called the black hole of the Milky Way) and into the Star Dust of Sirius B.

(Teachings of the Cosmic Mystery School of the Omniverse)

The mission of the cosmicdolphinmagic.com website is to guide and help those who wish to ascend to the fourth and fifth dimensions, and those who desire to orb from the sixth dimension into all Cosmic possibilities.

We are on the Aquarius Team from Sirius B. We are the Dolphin People who are a part of the Blue Oraphim Dolphinoid Race from Sirius B. We are a part of the Star seed Rebirth Team from Aquafaria. The fourteenth dimensional Inner Earth Liquid Light birthing chambers of the Original One. Our magical family of Dolphins, Whales, Orcas, Seals, Unicorns, Mermaids, Mermen and Fairies all live with us in our Crystal Mansion in Aquafaria. Our Mother, Cinderella is our Original mother- our Cosmic mother who has never left her perfect form. The Aquafarians were the part of us all who chose to never leave the perfect magical kingdom of Divine Consciousness to experience the polarity of the third dimension. That magical kingdom of freedom, joy, creativity, and a life of making rainbows between dancing in the Aqua waters and floating on clouds is waiting for the return of the children from the stars. Our family of our blue crystal birth include Shajinka, Tinkerbell, Winnifred and Ziegfried. They are Cetacean entities who can transform into light, leave the oceans and appear back in Aquafaria at any time. We have met with them in this dimension when we lived in Monterey, we have met them in the Cloud Cities, and we meet with them in Aquafaria every night.

It was Mother Mary who took us on our first trip to Aquafaria to show us our Crystal Mansion. Mother Mary wrapped us into her frequencies through Cinderella's frequencies and strung our wave signatures up through Shamballa, into the Underwater Cities of Light and into the Cloud Cities above. She then wove our light signature all through the milky sunlight of the Milky Way and into her Golden Cosmic Egg of the Heart of the Milky Way. Mary told us that the only way to ascend is to connect our Crystal Heart into the Crystal Heart of Mother Earth, her Crystal Heart of the Milky Way and then into the

Crystal Heart of the Aquarius Galaxy where we originated from. She then completed weaving our frequency signature up into the stars of Aquafaria where we re-united with our Blue Dolphinoid Sirius B Starry Family. Mother Mary created a rainbow bridge for us to ride on liquid light energy that would eternally connect us into ONENESS with all of the wave signatures in the Music of the Spheres between Aquarius and Aquafaria. We can now absorb all of these blue crystal star seed frequencies and exhale them into our music and into the atmosphere around us to create our new Kingdom on Earth.

Now we have been initiated into the Oraphim Dolphinoid Blue Crystal Birthing Team. We can now bridge all dimensions of time and space through the Blue Crystal Ascension portal from Sirius B in the Aquarius Galaxy into Earth's atmosphere, through our Temples, and then into the Crystal Heart of Mother Earth. Next we connect into our Aquafarian Birthing Chambers- our original home with our Cosmic Mother, Cinderella. Cinderella breathes and sings the original birthing frequencies of our original Cosmic Wave Signatures to align us into the harmonic balance that allows us to become One Fabulous Symphony with all others in our Quantum Field. Next, we exhale out into the Infinite Void of Source Consciousness and then inhale the frequencies of Infinity that transmute all into the Highest Frequency. We bring the Highest Frequency to Earth through Music when we breathe these magical frequencies onto our Sound Tracks.

We exhale the Ultra Violet Blue and Golden Frequencies of stardust lined with shimmering rainbow colors created from the helium of the fourteenth dimension streaming through the liquid light Aquafarian essence and into the Inner Earth's Sun. We continue weaving all of the way up through Sun Alcyone into Aquafaria and into all of the eleven billion suns of the Milky Way. We exhale this Ultra Violet Blue Sun Frequency into our Music. We exhale these frequencies into the atmosphere around us to create our Brand New Island of Light. We live within a blue crystal lotus blossom with twelve layers of twelve crystals that resonate to Aqua Blue frequency predominately to amplify the tone of home of our Unconditional Love into the rebirth of Magical Kingdom of Aqua Turquoise Crystal Rainbow Frequencies into our Island of Light.

Our Island of Light is created on an Aqua Blue Violet Cloud of star dust. The cloud is the size of a foot ball field. On top of the cloud is a Golden Star Dust Pad of Mother Love Magic Carpet created by Mother Mary from the Cosmic Egg of the Milky Way. On top of the Magic Carpet is a Lotus Blossom with Four layers of twelve crystals of all colors of the rainbow that connect into Oneness at the speed of light. The Crystal Star Merkaba is the symbol and vehicle for speed of light transportation connecting all into Oneness at any point in time. We connect into the crystal pillars of the Aquafarian (Blue Crystal Star seed Birthing Chamber) Crystal Heart of Mother Earth. Each of these pillars carries the frequency signatures of all of those Angelic ideas who have created us and who are allowing us to be reborn on Earth into this Frequency that allows us to be Christ Bodies walking on Earth and to Orb into Pure Light to travel on these crystal light pillars into all of the galaxies and beyond.

When I am channeling frequencies of information, I am aligning into certain frequencies of Source, Cosmic Consciousness, specific entities who are Cosmic or Universal or a part of my Over Soul Family in Gaia. The Elohim Angels in Gaia are always transmitting messages through frequencies. All communication in higher harmonic universes are transferred through frequencies rather than through words.

When I do a meditation or a journey in order to help another guide their consciousness into the sacred geometric location that will help them connect to a dimensional frequency, I am guiding through a frequency. That is why I always add the frequencies that I receive while doing a meditation or a journey. In the case of creating Frequency Music or Individualized Frequency Eternal Life, Healing or Immortality, or Instant Manifestation Albums, I am doing a meditation and journey while I am collecting frequencies of consciousness and then breathing these frequencies onto a recording. So, the meditation is no longer needed by the individual, because I already collected the frequencies for the individual.

Now, the individual can utilize the frequencies that I already collected by doing the meditations and journeys for them. The frequencies that are needed to activate the seed atom within the thymus, and to activate the Source Template within the seed atom, and to activate the crystal light to flow between and within the atoms, are already recorded on the Individual's album.

Now, the individual can tune in to the frequencies within every atom in their body in order to consciously turn on the flow of the crystal liquid light energy of Source. They can see, feel, visualize the frequencies that have been activated within their body. They can see the 12 sub harmonics activating within each of the double helix strands of the DNA. They can see all 24 sub harmonics become activated -- one on each of the strands. They will most likely see all 48 sub harmonics activate as they visualize their spiritual parallel self activating simultaneously.

A meditation can only be successful in healing and alignment, when the frequencies needed for the healing and alignment are actually felt. The frequencies must be felt in a way that allows them to resonate inside the crystal cells in the body. The mediators must first know what the frequencies FEEL Like. When the meditator Feels the Frequencies, the meditator is then sure that the Consciousness is connected into the angular rotation of particle spin of each element of light and sound needed for the meditation to become effective. Each element involved in any meditation is an Entity of Light. Each Entity has a frequency. This frequency is the identity of that Entity. We get to know the Entities by allowing their Frequency to Resonate in our Crystal Cells.

The Meditator must be able to feel the frequencies that come from their breath every time they speak a word or exhale a breath. If a meditator or channeler is not tuned in with the Frequency of Consciousness from which the words are spoken, there will be no new reality created by the event.

The elementals of healing must be connected to in consciousness before any healing can take place between the healer and the patient. The elements of all healing are:

crystal liquid light, crystal gel, crystal dust and crystal light.

The healer or meditator must know what each one of these frequencies or spheres of consciousness feel like.

This is what crystal gel feels like: I breathe this frequency into the microphone.

This is what crystal dust feels like: I breathe this frequency into the microphone.

This is what crystal light feels like: I breathe this frequency into the microphone.

Every time I breathe into a microphone to record a frequency or a code from God Languages,

I always use the activation key frequencies of these magical spherical energy templates

of
PreSound and preflight given to me from the GrandYanas or the Elohim of Hearing.

When the Elohim Angels connected my inner ear to the Elohim of Hearing, which is the pre sound field of the mind of God, and then they called on the Three Templars who carried the secret of the Holy Grail and the Divine Substance of Eternal Life, I didn't know what crystal light, crystal gel and crystal dust were. However, I could still feel in my Consciousness this essence of these three spheres that the Templars handed me. I could sense the connection of my inner Ear to the Light Flow of Pre Sound Substance flowing from Source through the Angelic Consciousness of the Elohim of Hearing. We are always working with a knowing and a feeling when we do spiritual work.

In my case, I would had never really known that I actually accomplished what the Elohim of Hearing was assisting me in doing unless I completed the directions given to me exactly. They told me to hold these three spheres in the palms of my hands. First, I needed to feel and sense these three spheres in the palms of my hands. They also told me to inhale these spheres into my chest and feel them, and then into my mid brain and feel them. They told me to hold the spheres in my hands as if they were a microphone of recording, and at the same time to connect my consciousness to the Elohim of Hearing and then breathe the frequencies.

I focused on this mission for days, not really knowing what it meant. Finally, I was directed to plug in my recording studio and breathe into the microphone while following the directions given. This way I was able to observe and experience the meaning of bringing the highest frequencies to Earth through Music.

When I heard the magical frequencies that were being exhaled from my Breath as it connected to the Breath of Source breathing the highest frequencies through me, it was an experience beyond my wildest imagination. I didn't know anything could sound and feel so divinely perfect.

I knew that I had actually brought the highest frequencies to Earth through music.

This magical achievement grew into a greater understanding over the years. I learned that these frequencies of Source Consciousness could heal anything, they could manifest anything, and they were the true prana and essence of manifest energy.

I knew that I couldn't actually explain this magical discovery, so I began recording the frequencies so that others could hear them. I soon learned, that people insisted on having an explanation of what they were hearing, and then they wanted to be told what to do with the frequencies that they were hearing.

As a result of having to do so much channeling of the Elohim Angels in explaining this entire Cosmic Discovery, I eventually learned how the 12 sub harmonic frequencies that activate the DNA are created through these magical frequencies of crystal light, crystal dust and crystal gel, and how we continuously stream the crystal liquid light, which is the actual frequency of Source Consciousness every time we spin the Merkaba.

When the energies are felt and understood, they may be invited in to the cells by the Soul Matrix of the body to be directed into their proper places for what they are needed for.

First, the Crystal Liquid Light flows from within the Stem Cell. The Stem Cell is etheric. It isn't a physical object. It contains the complete Divine Coding of the Mind of God. It is the place where the breath of Source ignited the idea through a spark of light and created what is called the Partiki, in the God language. That Spark which is more etheric than the substance of a quark, or an omni on or any element that could be measured, contains the complete manifestation template of the Mind of God. When the Frequencies of Liquid Light are activated to begin flowing through the Stem Cell, the Crystal Light begins to flow in-between the atoms and cells of the physical body. The biological template begins to transform into the substance of crystal gel, crystal dust and crystal light. First, the blood crystals transform any miasms that are blocking the crystal flow. The blood crystals are what was known as the blood of Christ. The crystals in the blood transform the blood into eternal life liquid. The chemical structures begin to change. The

body

transforms from the inside to the outside. First, the blood crystals turn into liquid light, the bones

turn into the elemental sound of crystal gel, and the skin turns into crystal light. The etheric

body begins to shine from within.

The manifestation template of the Seed Atom can be used to manifest a new body or to manifest a new desired reality. The activation of the Seed Atom first changes the cellular structure from within and the DNA structure from within. This begins the sub harmonic transformation of the DNA from the inside to the outside. Deep within the DNA is the crystal

liquid light that transforms the DNA into the 12 coded DNA. The DNA is transformed as a result of the breath of Source activating it to return to the original structure it was when

the original Breath of Source breathed it into manifestation.

This is how the 12 DNA is activated. It has little to do with the frequencies of the six chakras

as is explained by some Solfege groups. The 12 DNA must be activated into the chakras. The chakras

don't activate the DNA. The frequencies are activated by breathing higher frequencies into the lower

frequencies of the chakras. For instance, the 13 dimensional frequency of Cosmic Consciousness

can be gained by connecting the consciousness and breath down into the Iron Core of Inner

Earth. Deep within the physical substance is the spiritual substance of the Divine Creation.

That frequency can be captured within the consciousness and then brought up into the Seed Atom within the Thymus to begin the activation of the Seed Atom. That Seed Atom which contains the template of the Mind of God, or the Monadic Template is in direct alignment

with the 8th chakra which lies outside of the body near the neck area between the fourth chakra

and the fifth chakra. The 8th chakra can be used as a carrier to activate the Seed Atom together with

the 13th dimensional chakra in Inner Earth and the 14th dimensional chakra that is 6 inches above the

head. The 12th dimensional chakra also needs to become activated in order to turn on the frequencies

within all of the other dimensional lines within the body.

So, first we breath the 13th dimensional chakra up from Inner Earth into the Earth's crust (12 inches

below the feet), spin the frequencies of the 13th and the 12th dimensions together in the merkaba. Next, Bring that frequency activation up into the seed atom to activate the crystal liquid light flow. Next, take the merkaba up above the head 36 inches and collect the frequencies of the 14th dimension of the Cosmic Consciousness and exhale that frequency into the seed atom.

Once the seed atom is activated with the 12th, 13th and 14th frequencies of Christic and Cosmic Consciousness, the liquid light energies begin to activate within the seed atom. Now, the flow of the Source Liquid Light Energy can begin to flow between and within every atom in the body.

The crystal liquid light, the crystal gel, crystal dust and crystal light are elementals which have a unique function in the activation of Cosmic Consciousness. And, they are the Pre Sound and Pre Light elements of density one and density two, which is the etheric structure of the body. We must learn that the body is only the temple where the true template of the Mind of God lives within. The body is an etheric structure that has many bodies within and many bodies within the energetic spheres around what we presently see as the body. We also have a crystal body and a light body and an etheric body. All of these realities are as much a part of who we are as the seeming physical structure that we presently use.

Once we begin the joys of living in harmonic universe two (dimensions 4,5,6), we begin using the etheric body and the light bodies. We learn that we have much more freedom than we thought.

We can leave one body while we travel in our crystal bodies. We can travel multi-dimensionally because we will learn that we are actually in 15 dimensions simultaneously.

We ask each of these elementals of healing to come forth and be felt before we begin the healing work required in Individual Healing CD's , Eternal Life and Immortality CD's.

These Cosmic Energies of Gel, Dust, and Light are directed to swirl together into a sphere of crystal light. This sphere contains the power to shield and protect the consciousness and body as it connects to and brings in to the cellular structure each form of energy or frequency required in each stage of ascension. These are the primal elements from the Cosmos that are required for the first step of restructuring ourselves by raising our frequencies into a new dimension and into all dimensions of Oneness.

The meditator must feel their cells singing in resonance with these Cosmic Energies. Each breath becomes a song of Frequency that aligns with and raises consciousness into a New Dimension.

Connecting this sphere of energy into the Crystal Heart aligns the Merkaba, which is the electromagnetic vehicle used to collect all frequencies from all dimensions. The Merkaba is the complete spiritual substance of all that we are made of. First the Merkaba is used to collect together all that we are. The Merkaba grows larger and larger as our frequencies expand from inside of us and around us into a larger morphogenetic field. This is a frequency field. When the frequency field grows around the body into a 54 inch area, this is the Merkaba Body, this is the complete Morphogenetic Field of the true Spiritual Self. There is another Merkaba Body that is sixty feet in diameter and another that is over 100 feet in diameter. These Merkaba Bodies are our real SELVES. We will be learning to turn these Crystal Bodies into our personal space ships.

First, the Merkaba must collect all frequencies of the fifteen dimensional selves into the Crystal Heart. The Crystal Heart is the Seed Atom, or the location of the Monadic Template of Source Consciousness. The Monad is the Soul and Over Soul at the Galactic Level of Manifest Creation. The Template is the Source Template of the original creation Energy. It is the original location of the Spark of Light from Source of our creation. All of the selves are collected back into this point of energy to remember, to recognize, to realign into the Oneness of All that the Self was originally created from. This allness is brought back as frequencies. These frequencies needed to grow and expand into the memory of the grand frequency of Oneness. Once this spark is re-established within the Crystal Heart, the spark of light can grow out into a large crystal sphere of energy.

We can place a miniature self of ourselves inside of the Merkaba. This miniature self grows in frequencies inside of the Merkaba. Once the miniature self collects all of the frequencies of all of the selves, it grows into a Christ Body of Light. This Light Body can then be pulled out of the heart area and placed in front of the physical body. The physical body can then walk into that Light Body and become one with that Light Body.

This merging of the Crystal Body places the Body, the Merkaba and the Crystal Body into a higher frequency that allows for the next stage of spiritual growth. The Light Body may then travel down into the Earth's Core or the Crystal Heart Core and travel deep, deep within that Core into the Liquid Light area. Once the Light Body merges into this frequency of Liquid Light. Those frequencies grow and merge into the Physical Body, the Crystal Body and the Light Body to create a body of an even higher frequency. This is the Iridescent Body. This is the Body that can transcend completely out of the density of the physical form and reappear and transform into

any form needed on any dimension.

Each of these stages of frequency activations must be Felt, they must be realized inside of the crystal cells before the manifestation of the activity of growth into the Light Body and the Iridescent Body can be understood and seen.

Learn to feel the crystal sphere in the crystal heart awakening the crystal heart into singing crystals.

Feel the crystal star merkaba. Feel the crystal sphere. Feel the crystal heart.

Feel the Frequencies.

Feel how the frequencies inside of the crystal heart resonate with the oneness of your Source creation.

The Crystal Heart is the area of original creation. It is the place of zero point energy of No Time Creation. When we ride the Crystal Star Merkaba into the Crystal Heart, we can feel this creation spark. The Crystal Heart contains the God Room. We can walk inside of the Crystal heart, Walk down the stairs and enter this glorious white light room of Inner Stillness.

We can learn to feel that Inner Stillness.

In that room of Inner Stillness there is a crystal diamond doorway that goes into the etheric realm of our higher dimensions. It is the door that connects this physical body into its spiritual twin body of etheric substance. It is the door way into Earth's Spiritual Sister.

We must raise the frequencies into the 14th dimension before we can prepare to enter this door. We must collect the spheres of frequencies of the dust, gel and light. We must spin these Cosmic Entities into a powerful sphere of crystalline energy. This is the key to the diamond door.

The body must first be prepared with the Divine Principle of the Earth's Core Frequencies and the body must be lined with the garment of crystal light white linen. These entities each have frequencies that must be felt and understood through their resonance in the crystal cells. These frequencies must resonate in the cells and with the crystal heart before we may enter in.

DNA SOUND WAVE ACTIVATION

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

Our DNA sound waves were altered in a way that created a perceptual block of reality that alters the electrical impulse patterns of chemical and hormonal operation in the biological structure.

The frequency wave files that we create all utilize the aUM tone breath, which actually means returning to at onement with Source. It is the breath of atunement of co-resonate atomic charge that uses the key modulations to produce harmonies. This frequency breathing is consciously realigning the sound waves that were altered.

The density one body is the atomic body of the particle universe and the density two body is the elemental emotional body of the Crystal Grid. The density three body is the mental body that is outside of the physical body within the 36 inch radius from the crystal heart center in all directions. This creates the sphere around the Merkaba Body.

The Um tone of atunement into oneness with Source or the return to the original blue print of our rebirth is the frequency that radiates the atomic light radiation spectrum of density one through the sound frequencies of the density two body --the elemental body.

So, we are talking about something very etheric, something created from an atomic light radiation spectrum of heliotalic frequencies. This is the magical energy of Source. This is the energy that space ships travel occurs. The merkaba is the crystal ship space ship. When it is attuned to the three densities and the spin rate is correct, and the consciousness is raising frequencies into a higher reality, the merkaba body will translate the body into a new reality.

This translation is a gradual process. The more the consciousness is focused on the new reality and less and less on the old reality, the faster the translation occurs. However, if there is any of the old reality still in the consciousness, the merkaba will not achieve lift off. The manifestation of the reality and the Orbing into the reality are the same thing. If I keep my consciousness focused on Aquafaria long enough, my breath becomes more and more filled with helium just from focusing on that reality. That means just the focus on that dimensional reality is filling my cells and lungs with helium. This is

the beginning of transposing the body to the new chemical structure of H₂O₂HE₃. This is the new bioenergetics field of our reality when we rise into the fifth dimension.

This teaching of harmonic alignment came to me long before I knew the scientific explanation of this Ancient Mystery School teaching. About fifteen years ago, when I was living in Japan, I used to walk around and sing into this tape recorder. I was being directed by my density two elemental consciousness, which is my oversoul consciousness. I was told to hold my consciousness in tune with the mind of God when I sing. The singing kept getting sweeter and sweeter and more etheric. My density two family told me that when I became so focused continuously that my speaking and singing voice kept this alignment of frequency would be the time that I could ascend.

I worked with this process for years. Next, I purchased a professional recording studio and began singing layers of these breaths of Um over and over again on top of each other. I started seeing how there was this harmonic convergence between the layers of frequencies. The more I would hold my consciousness in direct alignment with the Mind of God and let God sing through me, the more harmonious the sound became. I learned that I was creating multi dimensional reality fields of density two sound together with density one atomic light radiation through my focused consciousness.

Next, I learned that I could sing any tone or word or even entire song and layer it harmonically and harmoniously without ever needing to use any special pitch. I was singing beyond the old theories of music that used notes and scales and staying in the same key in order to create harmonic relationships. I was creating key modulation through atomic energy of light and sound that was not do re me fa so la ti do. I was singing in the ka ha ra sa ta ha la kee ra shay ha sha spectrum of the Christic Atunement to Pre Sound and Pre Light. I was singing in pure frequencies of atunement. My singing was always in perfect pitch and it was in perfect pitch to whatever I sang because in the Divine reality everything is in tune with each other. From that time on, it didn't matter what song I chose to sing, the song always came out in perfect pitch. And I had no idea what Key I was singing in.

That magical formula of harmony that I had discovered was the key to restoring the electrical impulse patterns of the chemical and hormonal operation in the biological structure. I watched my body transform as I sang and listened to these harmonious breaths of consciousness. Later, I learned that after I spent hundreds of hours with the music on my head through earphones, my reality started shifting. I was completely within my head and the world around me started to dissolve away.

This was the exact formula that was given to Star Seeds to use at this time to alter our reality and shift into the fifth dimension. I was reactivating the 12 sub harmonic frequencies of ka ha ra sa ta ha la kee ra shay ha sha into my cellular memory, and I didn't even know it. I could see the results of what I was doing. But at that time I didn't have the spiritual teachings that explained this sound and light phenomena.

Now, that the 12 frequency signatures of our original race line have been implanted in

the Earth's grids, the bioenergetics template of our bodies will begin to re activate the corrected biological structure. These frequencies that will be streaming through the Earth's grids will be just like those frequencies that were streaming through my cellular memory and reactivating my divine blue print. Now, we are being given two gifts, the understanding of how to use the light and sound frequencies, and these same frequencies becoming activated within the Earth.

Now, I can feel myself standing on top of this Earth with these divinely tuned grids. I feel so in tune, so harmonious, so free. I feel a complete transition in the energy fields that are streaming out of the Earth. I can honestly know and feel that I am not living on that 3D Earth that I used to live on. I am standing on a 4D Earth that is completely tuned in to Inner Earth and Tara. I feel my 5D body template electrifying through every cell in my body at the elemental emotional level and at the sound and light level, and at the crystal body level. I feel complete atunement with all three of these bodies. I feel a crystal light streaming through my skin and out about a foot out from my skin. I feel all buzzy inside. I feel a happiness tingle of a brand new reality.

The corrected hormonal flows are supposed to pour energy that re-activates the eternal life flow of Source Consciousness within it through every hormone, atom and omnions within the elemental structure of the body. The body translates into a new biological structure. The old physical reality dissolves away.

This would allow the activation of the frequency specific DNA to perceptually activate Divine Reality of the desired kingdom of heaven on Earth.

The 12 sub harmonics of our original harmonic universe two Soul Matrix of Tara and Over Soul matrix of Gaia became disassembled codes that were locked away until we became evolved enough to regain them. Now is the time that our density two sound and density one light bodies are harmonized and attuned to Source. Now is the time we return home to the normal universe of Eternal Life.

That time has come. The frequencies of atunement into our Soul matrix are available now. However, most people still have so many distortions in their chakra templates, that they need to have frequency clearing done by qualified practitioners who have been trained in the light and sound teachings of Sound Genetic Restoration.

The atunement of frequencies during this widow of ascension 2012-2017 provides the opportunity to those who wish to align their energies 100% to the activation of their light bodies through Ascension Mechanics of the Merkaba, so that they can actually orb into Tara in 2017.

Once that first group advances our raceline into a new evolutionary potential, a second wave of masters will be ready to orb into Gaia by 2022.

Orbing isn't the only way to go to Tara; but it is probably the only way one truly becomes a master of Ascension. The frequencies of Earth are shifting into the 5D template.

Those who do not orb into 5D by 2022 will be living in the 4.5 Inner Earth, which is really Tara. So, it is not like some won't make it. There will just be many who still need to practice their merkaba mechanics so they can enjoy Orbing around the universe. Some, will just choose to enjoy their ability to manifest any desired reality, so it won't really matter to them where they live.

The activation of frequencies in the Individual through their Eternal Life mp3 clears the individual's specific distorted areas in the DNA template that were placed there by fallen races. That genetic memory is still there because our body is the manifest template of all of the souls that existed before during the millions of years of race extinction, rebreeding, being raped, mutilated and restored again. All of those past distortions must be completely transmuted out of the cellular memory.

There are distortions in some people in the DNA 1, 2, and 3 that must be aligned into the original Divine Blue Print for healing and transformation. As the 12 sub harmonics restore the sound genetics, the DNA strands can actively begin braiding back to gather the 1,2,3 DNA into the 4,5,6 DNA. That is all that is needed for our first level of ascension into TARA. The next group of star seeds will activate 7,8,9 DNA and move to Gaia. The Inner Earth Race Lines who maintained their perfect realities will be ready to go on to the 10,11,12 DNA of CHRIST CONSCIOUSNESS.

All of these levels of DNA activation restores the ability for individuals to perceive a reality that was not available before. The reality that was not available was multidimensional reality, realizing that we all live within Sun Alcyone, realizing that there is no time or space and the entire Cosmos is within a sphere that is only about 60 feet around us, realizing that we can manifest any reality we wish, orb to any reality we wish, have complete dominion over our reality.

That reality is within our crystal genes. It has always been there. It was just unplugged and so we were asleep to its significance.

There is a responsibility involved in this re-activation process. Each individual must learn to become frequency specific in their own manifest reality. The frequency mp3's are to use to help hold the brain activity to become so focused in the mid brain that all past realities melt away. This requires continuous listening and focus. It requires continuous listening 48 hours a day for at least a month. It requires focusing deep within the cellular level into the etheric omnions of the levels far beyond where any microscope has gone. The spark of source holds the entire reality of the Cosmos. That reality is held within a place so small within each atom of our bodies that it is inconceivable to scientists. The omnions of the entire perfect kingdom fill every etheric fiber of our bodies from the inside of the blood cells, the etheric level of DNA, the light in the skin and the sound waves in the bones. The listener must continuously focus on that etheric level while listening to the frequencies to create a harmonic awakening within. Soon, the listener will hear the breath of Source singing through the bones and lighting up the skin and crystals will turn the blood into eternal life streaming through the temple that holds the Soul which will glow with heliotalic starbursts of pale, pastel violet, golden waves.

Sound directs Matter

Why is the mastery of sound frequencies so important? Sound or frequency of sound is the glue that holds the matter together. When we create the holograms of our illusionary reality around us we are doing it through sound. Unfortunately, most of us have been using a low frequency, distorted sound frequency to create our reality with.

If we are creating our reality (reality is only the hologram or illusion that each person is creating through their reasoning mind), through scrambled, distorted sound patterns that carry patterns of fear, jealousy, confusion, stupidity, etc. those frequency patterns are creating horror movies in our world around us.

It is time to learn to make God's Movie. That means using the Divine Blue Print that is carried on the Frequency of Source Consciousness.

Those perfect Sound patterns are supposed to be in our DNA, which is our cellular memory. Those frequency specific Sound Patterns are supposed to remember who we really are. They are supposed to remember that we are Eternal Life forms who have an absolute perfect reality field that evolves continuously into the wholeness of our 12 DNA Divine Blue Print.

That frequency of remembering was left on Earth by our Great, Great, Grandparents -

the Oraphim Race. Once specialized section of that raceline was the Braharama Oraphim. That section had another specialized section that specialized in the Frequencies that would create a Biosphere to hold our Original Consciousness within for eternity. They were the Oraphim Braharama Cetacean Family. They are the Cosmic Family who created the IDEA of the Dolphin and Whale who would contain a frequency so full of unconditional love, that we would never forget who we really are.

We have named our website COSMICDOLPHINMAGIC because we are on Earth now, completing the mission of that family of consciousness, that will restore our Divine Blue Print on Earth.

The key to projecting this Divine Movie is to live in the frequency specific key where the

movie is being developed on the film of the Mid Brain and then project out that movie through the third eye. This is activated through the alignment of the frequencies of consciousness of the Gold and Silver Rays that stream through the stem cell at the medulla oblongata and through the mid brain, the pineal and out the frontal lobe, where the new picture is programmed into the movie screen of reality through the Sound Waves that hold that movie within them.

This is the stream of consciousness within which everyone lives in the Normal Universe. The Mid Brain is the Mind of God. It is the place where Frequencies create reality. It is the place where we will learn to create God's Movie-which is the movie of our individual desired reality.

When we fell out of our normal universe, 550 million years ago, we were living in the frequencies of our Oraphim Race Line. We were seventh level man who had eternal life, instant manifestation, families of divine love who acted much like the dolphins that were left on Earth for us to remember them by.

It has taken a very long time to get our minds line up with our original normal universe that contains the perfect frequency atunement of all 12 frequencies of our complete family.

The Oraphims lived on Gaia, who is the oversoul matrix of Tara. Since the Oraphim Race Line was destroyed by Fallen Angelics, the Taran Race line had a problem. The Tarans would always be related to the Oraphims who were captured and taken into the Fallen Matrix. That Fallen Matrix became what we think of as Hell. We became related to Hell through our genetic connection to the most benevolent, peace loving race line that had ever existed in our Universe. Our Creation Races and Friends of the family have all been working for millions of years to repair this genetic mutation.

We have been sustained in our patience of our rebirth through the frequencies that were stored on Earth through the Dolphin Family. This is who the Dolphins really are and why we love them so much. Someone needs to start include this information in the Save the Dolphin campaigns. If those groups in Japan who capture families of dolphins and slaughter the mothers, knew that they were actually killing their own families, they just might start feeling a little guilty. Japan is a very family centered culture. And this is an absolutely true story of our genetic relationship with the dolphin and whale. This would make the Japanese cannibals in a sense. That might wake them up.

Back to the story.

Tara exploded into 12 pieces. Those pieces are what we now call planets. Those pieces blew out of Andromeda into the Milky Way Galaxy. Tara fell into a foreign system--the Milky Way Galaxy. Earth, and all of the planets have always been tilted in a way through reverse metatronic spin rates, into a misalignment with their spiritual template in Aquarius.

However, that template was re-created around Earth's biosphere by the Aquafarians, who are the frequency carriers of that divine frequency made by our Oraphim Dolphin Family. We are being held in this divine biosphere now. They created 48 plasma crystal ships around the Earth to hold her in balance during the Ascension Alignment in December. That is why we didn't feel anything. We were being held in Divine Harmony all through the transition.

On December 21, 2012, all 12 of Tara's pieces realigned into a new frequency containing the sound, which is the glue that glues reality fields back together.

The realignment was one through sound. The atunement of all 12 frequency signatures at each of the six levels of dimensional reality in the Music of the Spheres, was completed through the Cosmic Trinity Frequency. This means the alignment was made through the 12 on the planet, solar, galactic, universal and cosmic levels. And it was done on five parallel systems. So, Andromeda and Aquarius aligned into atunement with Earth and Urtha. We became One for the first time in 550 million years. And yes, we did blip through the Center of the Milky Way Galaxy out into a brand new reality field.

The reason that the transition in December was so smooth is because it wasn't just the Earth that was moving. It was the Earth along with her solar system, within the entire Universe. And it wasn't just one Universe, it was 12 Universes realigning at one time.

PART THREE

CRYSTALAI (c) 2013

(Teachings of the Cosmic Mystery School of the Omniverse)

Our guardians promised us long ago, that when we came to the point in our evolution where we could understand who we are, where we came from, and that this world of illusions is not the world that we came from we would return to the Promise of the Perfect Kingdom that existed as our normal reality, 550 million years before this world began.

When the guardians made that Promise, it meant removing the frequency fence that created a scrambler of electromagnetic frequencies that disconnected the 12 DNA sub harmonic frequencies from the base DNA frequencies. Each of these base tone DNA strands must have the complete 12 DNA template of sound frequency signatures woven

back into them. That dormant 12 DNA will be turned back on when we use the magical sound genetics--the glue of our reality field. We must use the 12th frequency, which is the 12th dimensional Christ frequency of Pre Sound and Light.

It is called Christic because the real word is Ka Ha Ra Sa Ta Ha La Kee Ra Shay Ha Sha.

Those twelve tones are the real scale of the music of the spheres. Each one of them is a frequency signature of itself, just like a note. When they all resonate together they create a new frequency signature of a divine reality of at one ment. (Those are the frequencies on the Ascension Kit). That is what our bodies are doing. Our body templates - at the etheric level--the pre sound level-- are being realigned into a new frequency of atunement with our Oraphim Dolphin Family. So, when we sing with the dolphins, we must sing in this frequency. We were given this frequency from our Oraphim Family to place in our music. It can be heard in Angel Dust, Rod and the Staff and Ultra Violet Blue. We are creating new MP3's called Cosmic Trinity, and Cosmic Dolphin Magic which will also have it. You can hear Angel Dust playing now on our Main Page.

Now is our promised time, now we know who we really are, where we really came from and how to get back home. It is time to remember that we were twelve, but we are really one. It is time to forgive all of the fallen angelics because they were once our family. We were all made from the same divine blue print through the Idea created from the Breath of Source. That idea was Pre Sound in it's original form. We can return to that Frequency of who we really are.

We are the Divine Ones who originally created the Perfect Kingdom of Heaven in Gaia. We are the Tarans. We are the Oraphims. Our Soul Matrix is that reality. Those frequency signatures are in our Souls. Our souls are made of frequencies. That orchestra of frequencies is in our stem cell and can be activated through the Frequencies that aligned through the merkaba as it spins correctly to realign, re-attune and reassemble through the use of the 12 DNA sub harmonics.

PART FOUR

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

It is time to retune our sound genetics to the 12 harmonics of the Christ Divine Blue Print. We are not talking about alignment of the left and right brain, or good and bad or any of those man made illusions. We are talking about aligning a frequency of atunement - a sound genetic frequency that glues our 12 sub harmonics into our base DNA one at a time, until an entire perfect reality is created.

It must be done through sound frequency. It must be done through an understanding of where the original frequency of our atunement were stored and how to used the merkaba mechanics that spin us beyond the speed of light and connect to those higher frequencies.

We ride our merkabas into the core of Earth, which is interdimensional 13.5 dimensional frequency. That is the frequency key to Cosmic Consciousness and our Divine Template of the Sphere of Amenti is stored in the Heart of Earth, which is the etheric level of the Iron Core Magnetic Field of Earth. That is the frequency we carry within the merkaba and ride up to one foot below the Earth's crust. This is where the 12th dimensional frequency is stored in the Earth's grids. We spin the 12th and 13.5 frequencies together to form a new sphere of frequencies in the music of the spheres technology. We weave those frequencies into the body template to activate the 12 DNA sub harmonics. That is only the first step of activation. The complete technology is many pages long. The complete steps are in the Ascension Meditation mp3.

We couldn't do these things very effectively before without a log of really focused atunement work. It will get easier and easier every day now, because the Earth has been realigned into her 12 sub harmonics. That means the 12 DNA sub harmonics can be more easily breathed into our DNA from the sound genetics stored within the heart of Earth.

Within that etheric core of Earth a new reality awaits us that we were never able to perceive of before . The arc of the Covenant is realigning us into the at onement with Sun Alcyone, which is in reality our sun that is within the sun that we perceive and is within the heart of Earth. We are in reality one with what we call Mother Earth, who is Gaia. Within is Gaia - the 7,8, and 9 dimensions of reality is the 4,5,6 dimensions and within that is the incarnate 1,2,3 of this Earth.

We are no longer in the harmonic universe one of the 1,2,3 reality. We are now within the second harmonic universe of 4,5,6. We are now being held within the dimensional harmonics of dimension 4. Anyone who is not attuned with that reality field will be living in an old dream. That is the reality field that must gradually break away from those who are tuning into the fifth dimension of harmonic universe two. The entire Earth will rise into dimension accretion level 4.5. That will cause Earth to morph into the frequencies of Tara through Inner Earth. Those who are still playing war games in dimension 4, while their frequencies are hanging out in dimension 3, will disappear from view by 2017. They have already disappeared from my perception because I create my own desired reality within my frequency specific mid brain. I don't put the television's illusions on my movie screen.

The Earth and all reality fields connected to her come through Sun Alcyone at some point in time. Her frequency rays are eternally connected to Sun Ras and all suns in the universe and Omniverse. We all maintain those same frequency signatures that we were created from as the spark of source was exhaled into the idea of the divine blue print. That is all Source does. Source creates the Blue Print of the perfect divine idea. And then gives that idea the absolute freedom to do whatever it wants to do.

This Divine Plan works perfectly in a normal universe within the mind of Source because each entity's idea only belongs to that entity, and nothing can take it away or distort it ever, in any way.

That is the Divine Plan for those who stay in Source Consciousness. Unfortunately, there was a Cosmic War 250 Billion Years ago. It was a war against Source, itself. That

is the war that created Fallen Angels. Any Angel who did not remain in the Source Field of Energy, became a Fallen Angel. It was fallen from its source of energy.

Those Fallen Angels started destroying entire raceline by pulling them into their matrix and feeding off of them. The fallen race lines increased over the eons to more and more who needed to feed off of other race lines who still had the angelic genes. That is why Earth has been raided over and over again. The Fallen Annunaki, the Jehovian raceline who sucked prana right out of Angelic Humans for centuries, created a mutated raceline, that could only be saved if it was completely started from scratch.

So, here we are. We have been re-created by reuniting the 12 frequencies of our 12 original parts, which became 12 raceline. We were placed in a morphogenetic field to weave these frequencies into a new sound template of the Cosmic Trinity. Now, we have begun our REBIRTH.

The frequencies of Earth are shifting into the 5D template between 2012-2017. In 2017 the first wave of Indigo Children will hold the Earth in perfect balance for many to orb into Tara. After that the second wave of Indigo children who were born 2005-2012 will connect our frequencies into Gaia and many will ascend by 2022. There were six very important babies who were born during those years. The parents already knew they were the chosen ones for this activity. Those children are the new seed of the seventh level man that will appear in Gaia.

RESURRECTION is Song #2 on the new JOY ALBUM. It is playing now on the Main Page. Please come listen to this song and many other samples of Frequencies that have been a part of the alignment of our New Earth into the new Cosmic Trinity of our

new reality.

The Priests of Ur and the Elohim from Gaia, along with the Maharaji from Sirius B have been working on this Cosmic Plan of Ascension for thousands of years.

More recently, the Promise of our Mass Ascension was announced officially in 1991 and finalized in 1994 by our Guardian Races. 1994 was the year that the Guardian Races began guiding us in our understanding of this Promise. We really had no idea what they were talking about or what we were being guided to do until the past five years, when it all became very clear to us. We have been guided to write songs for the fifteen years. And each and every song was a part of the story of what has been happening on Earth for the past 550 million years. 1994 began with the PROMISE album and the RESURRECTION album. This Easter, 2013, is the resurrection of those albums and the new understanding of what they meant, all along.

The story was always about the 12 morphogenetic field signatures from the 12 planets representing the 12 universes realigning by 2012, which would allow the 12 DNA sub harmonic templates to be replaced in the Sphere of Amenti within Earth's Core. This was one of the final steps of the mission that started in 1367B.C. when Akhenaton was endowed with the 12 DNA morphogenetic sphere of Amenti to use in ascending the tribes through Giza. That plan was destroyed through Akhenaton's favoritism toward the Anny and his prejudice toward Serres-Egyptians.

The Priests of Ur and Elohim had to create a new plan to prevent the prejudice factor in Ascension. Ascension was to be available to all 12 tribes. The arc of the Covenant and Sphere of Amenti were locked until that time presented itself.

The next plan of returning the races ability to ascend through the sphere of Amenti by 2017 was established by sending a 12th level avatar. Jeshua-Melchizedek Avatar12; who was to realign the sphere of Amenti and the Alcyone Morphogenetic field and to bring together the factions within the Essenes.

Under the direction of the Azurite s of Ra Confederacy in 12 B.C., the 12th level avatar from Tara was born in Bethlehem. This soul essence was a harmonic universe four avatar- Sananda. He was born to the house of Solomon under custody of the Priests of Ur.

His birth through the portal passage of the Arc of the Covenant would open that portal between Earth and Tara to allow the Ascension in 2017.

Jeshua 12 reintegrated the Melchizedek morphogenetic field in Alcyone into the Sphere of Amenti. This was done to realign Earth's density 2 Morphogenetic field that had lost its integrity under Akhenaton reign.

Jeshua 12 was the savior for the races as a result of his birth the Halls of Amenti could be opened, and preparation for 2017 would begin.

(Note that Jeshua 12 was born to an Blue Flame Essenes Melchizedek Mother and Father . His mother was Jeudi and his father was Joehius.

His life story was mixed up with the story of a 9th Level Avatar born to Joseph and Mary

who were ET Nephilium.

Neither of those births were Immaculate. They were extraterrestrial. Neither of the Joshua's were crucified. The crucifixion story was created by the Elohim to protect the Avatars. The man Arihabi was a look alike who was crucified, to allow the Avatars to Flee the country and have their children as planned. Arihabi was crucified as a holographic movie created by the Elohim. The man actually was allowed to Ascend as a reward for his mission.

Jeshua 12 did his teachings and healings in Egypt 8A.D-21 A.D. Jeshua 9's teachings were much more popular than the absolute Essenes teachings of Jeshua 12's Law of One.

It was the teachings that were lost and hidden from Earth until now. They are the teachings of the true man who was always supposed to have the 12 DNA sub harmonic frequencies who could ascend to harmonic universe four as a 12th level avatar. This Jesus taught all of his students that they could do all of these things that he spoke of. He taught this Science of Reality then and it is being taught again Now. The man that was created in the 12 DNA divine blue print - the image and likeness of God. That God meaning the Raceline of Tara and Gaia. There were many other raceline that did not have the 12 DNA divine blue print. This man was created through the breath of Source and the idea manifested as Cosmic Consciousness and lowered in density into the Galactic and Solar planes. This man has always had the same Soul as the one in the harmonic universes four, three and two. We are that Soul that was once a Star in the Universe. We were created to have Eternal Life and to return to Source. It was these teachings that were lost and hidden from Earth until now.

They are the Divine Science teachings regarding the Real immortal man or the Human Angelic Race line who has 12 DNA sub harmonic frequencies. This is the real man who can ascend to Tara and Gaia and beyond. This is the man who can orb, levitate, manifest and ascend.

Jeshua has returned to Earth once more to help us out. But, they aren't the only ones. There were 12 Avatars born on Earth over the past 12 years. Avatars born with 5DNA, 8DNA and even 12 DNA activated at birth. We have had 144,000 star seeds born to hold us through the first wave of 2017 and a second group of several thousands to hold us through the second wave of 2022.

These Star seeds were the Indigo Shield of Solomon. They were the completion of the Seeding of Christ of Earth. The Jesus Christ that is worshiped as the only one is actually only one of the many Christ's who have been born on Earth. Now there will be an entire planet of Christ's activated on Earth through the Earth's grids.

The seeding of the Star Seeds, the activation of the Sphere of Amenti, the alignment in 2012 were all the last stages of the preparation for the activation of the Earth's Grids which will once again restore the Christ activations into the bioenergetics fields of our

body's templates.

The period of 2013-2017 will activate the 5DNA in the Masses, 6 DNA in the many, and 8 DNA in a few

The star seeds were required to finish the mission started by Jesus 12 and Jesus 9. We needed the Christ template of 12 DNA template activated for each of the 12 star systems, each of the 12 planets. We needed to be realigned with Sun Alcyone. We needed a massive amount of Frequencies restored to Earth for this Ascension to activate by 2017.

These Star Seeds and Indigo Children and Avatars born on Earth are the RESURRECTION AND THE LIFE. The Resurrection story of Jesus was actually a role played by a man named Arihabi and orchestrated by the Elohim creating holograms to create the scene. That is the story that is being celebrated on this Easter Day on Planet Earth. The Elohim needed to that for that time. But now is time for us to know the truth.

The Two Jesus Christ's came to Earth as Star Seeds from other planets. Their parents were not from Earth. The Star seeds born on Earth over the past 12 years were births arranged secretly between the parents and the Guardian Races. Those children's were watched over by the Priests of Ur and other Guardians. Each child born had many back up plans awaiting if it were needed.

The Ascension Movie that has been taking place on Earth over the past several thousands years is huge. This is just a tiny speck of what has taken place.

The most important fact to know now is we are not to worship one man as the Christ. The star seeds, the Indigos, the human angelics, the entities on Earth activating these frequencies of 12 coded divine blue print on Earth are all the Christ's of our New World. We all have the equal right to sing:

"I am the Resurrection and the Life. He that believeth in me shall never die."

We are the star seeds who have returned the Christ template of 12 DNA sub harmonics to Earth.

All of the births of the star seeds opened star portals, raised frequencies of Earth to allow this miracle and implanted the frequencies back into the sphere of Amenti to begin the projection into Earth's grids and into the biosphere and bioenergetics templates.

March 20, 2013 - Our New Beginning

On March 20th, Earth's angular rotation of particle spin shifted 90 degrees and aligned Earth and all who are upon her, into oneness with Tara. Earth's fastest particles and anti particles can now begin to transfer to hyperspace and the halls of records begin transmitting data through the Earth's grids. Universal memory will begin transmission through planetary grids. The shift will align Earth into At One Ment with Inner Earth at the 4.5 accretion level and blend us into a 4.5 accretion level where all will be given an opportunity to rise into their 5DNA that will allow them to see the new reality of Earth becoming Inner Earth. Inner Earth contains the reality of who we were before our reality was placed in storage for safe keeping during the turbulence upon Outer Earth. Those who are already in their 5DNA and 6DNA reality field will begin balancing into the new reality of a new time that exists about 5000 years in the future. The new alignment from the Inner Earth into Tara will allow those on Earth to be moved to Tara in what ever way is appropriate for them. Some will orb, some will walk through stargates, some will slide into Inner Earth kingdoms that translate their bodies.

Our perfect creator and our perfect creation template can now transmit the frequencies of our original divine blue print through the grids of the Earth. The frequencies will transform the consciousness of our bodies and the templates of our bodies in to the 5DNA frequency specific Archetypal Mind, which is woven into the telecommunication channels of the Higher Mind or the Super Consciousness. We are finally being woven back together from our Instinctual Minds and Reasoning Minds into the True All Knowingness of all of the Souls who have gone before us and who have been a part of who we were before and after each mission we embarked upon. We become the past, present and future selves in At One Ment. This is the beginning of a brand new adventure. Sun Alcyone has begun this Atunement through the Star Seeds who have brought their 5DNA and 6DNA to Earth. Theirs will be the first to reactive. This frequency activation will connect to all Star Seeds who are still asleep and then activate the Indigo Shield of the Complete 12 DNA template. All who are on Earth will be activated by this 5DNA consciousness by 2017. The 5DNA will reveal a whole new world of realities that we didn't know existed before. The realities were there, we were simply

cut off from them. We also had a set of realities implanted in us that were not our realities --they were the realities of a controlling race who were manipulating our minds through our DNA.

I watched this translation of my body into Tara in a dream last night. This means that this translation is happening on the Astral Level First- the fourth dimensional consciousness, next it happens on the fifth level where we actually slide into the new reality. This sliding is done so seamlessly and so gradually that we don't even know it is happening. The consciousness, or the way people think and interact will change around us. People become more kind and more loving. The ego seems to melt away. Conflict disappears. We begin to see things that weren't there but we don't realize they weren't there because so much of the change will take place in the dream state and then appear in our manifest reality that it will just seem like a natural transition.

This will be our first pull into the future as our particles spin faster and faster through the angular rotation of particle spin that rearranges our biology, chemistry and scenery. Those who have not prepared for this shift will be seeing anti-matter that will appear as darkness to the 3D perception. That darkness is equivalent to the darkness that appears as anti-matter or spiritual substance that we may create our new reality upon. We see ourselves in our blue body at this time created as an immortal being in a more etheric form included within a Divine Template of Immortality.

While we wait in this darkness we could be using this as the prime time to make dreams come true. We create through the mid brain frequency specific attunement with Source Consciousness. We create by knowing that we are now and always have been this perfect self who can manifest anything the heart desires. We can know at that point in time that you we always been wealthy. We have always been healthy. We have always been the Christ Consciousness of the All Knowing Mind of God. The more we practice creating our new realities and our manifestations, the more prepared we will be for manifesting the reality of TARA.

The Inner will become the Outer. The Inner Earth that some know as Agartha or Hollow Earth is at an angle or particle spin rate that is so close to the Outer Earth that it is only one density level higher. From the eyes of angels, that is really, really close. In reality, when we grow into fifth dimensional perception, we will realize that the angle of the within can be the same in the outside at just a slight angle. We will also learn that all of the space we see around us isn't space in other reality fields. It only looks like space to us because we have three Merkabas of energy spinning through our energy fields that are creating the idea of space between objects. There are three sets of merkabas surrounding our bodies, the body of Earth and the body of the Earth's firmament. All of these merkabas are spinning into a new alignment.

As the Merkabas shift into a different spin rate and angle, the perceptions of reality around us also change. As we learn to control and alter the rates of spin of the merkaba within the cells of our bodies, we learn to control the outward manifestation that appears around us. We must first learn to control the frequencies within our cells at the omni level which is a very etheric level of reality. We must activate the 12 DNA sub harmonic frequencies within each DNA strand of DNA 1,2,3 and then 4,5,6. It is easier to transmute the old illusions planted in our DNA by bringing in the Higher Frequencies-- that is the etheric frequencies of 12 DNA, 24 DNA and 48 DNA. We can even increase the frequencies to 96 DNA by expanding consciousness into the PreSound field, the Source Geomantic Template and realigning with the Oraphim Cetacean Braharama Sonic Fields of Consciousness that hold us perfectly in the realm of Divine Love.

FREQUENCIES OF ATTUNEMENT FROM SUN ALCYONE

ACTIVATION OF EARTH'S CRYSTAL GRIDS

of the twelve levels of twelve (144)

CRYSTALAI (c) 2013

cosmicdolphinmagic.ning.com

(Teachings of the Cosmic Mystery School of the Omniverse)

The Cosmic Mystery School of the Omniverse spent March 20 recording all of the Frequencies of Sun Alcyone interacting and weaving with the Frequency Signatures of all intergalactic, universal and cosmic energies weaving and braiding the activations and alignments needed for our re-attunement into our re-birth. The Earth, plus the other original 11 planets who were broken off from their original birthing place within the womb of Sun Alcyone were filtered back together to have the complete 12 frequencies attuned and activated within the Heart of Mother Earth. We have Earth, We have Tara and we have Gaia. Mother Earth is Gaia. All three expressions of Gaia are equal in expression

and value. One isn't more important than the other. But, we all must attune into the Oneness of the original Gaia within the Womb of Sun Alcyone. Sun Alcyone was and is our creator. Once an entity creates a Star, that entity is responsible for its creation forever. Sun Alcyone has been awaiting this grand event for millions of years.

Please enjoy listening to these recordings of the 55 stages of atunement completed by Sun Alcyone on March 20. Each step of the activation was recorded over a 16 hour period of time during Sun Alcyone's alignment. Each frequency was recorded in one minute intervals. You may listen to all 55 stages of this alignment on the Sun Alcyone mp3. You may listen to five of these frequencies by activating this page.

This is what you are listening to:

(Each number is one sample or one song on the mp3 frequency selections.)

1. Sun Alcyone sending streams of liquid light, blending with pre sound realm of the GrandYanas.
2. Gama and helium creating crystal star dust.
3. Gentle mist of Crystal gel of transformation.
4. Sun Alcyone entering parallel harmonic universe alignment at Christ Level -12th dimensional consciousness, pushing through the stars.
5. Sun Alcyone entering Aquafaria- the original firmament surrounding original Gaia, now entering within.
6. Sun Alcyone communicating with crystal cities with Aquafaria.
7. Sun Alcyone powerful atunement with Earth's Core at 13.5 dimensional frequencies of Cosmic Consciousness connecting D-2 Inner Earth.

14. The liquid light is flowing through the Earth's veins and into the oceans of Aquafaria.
15. The firmament of Crystal Dust is aligning from the Cloud Cities above into the resonate tones within Earth's core.
16. Frequencies of Aquafarians in the Cloud Cities.
17. Frequency signatures from cities of light flowing from the winter lands.
18. The breath of Oraphim Cetaceans flow through the Earth's bioenergetics field.
19. The Oraphim Cetaceans connect their frequency signatures to the Dolphins and Whales who are holding their frequencies within the oceans.
20. The plasma of Sun Alcyone is weaving into the clouds of Crystal Liquid Dust.
21. The Dolphins and Oraphim Cetaceans create a melody of alignment and atunement through the sound waves to align all wit the star dust and star language when we all sing as one.
22. Pure Star Dust emerges.
23. Crystal Star Dust energy of the pre sound field is streaming through Sun Alcyone's Frequency Signature.

accretion rate of 2.5.

33. Accretion rate of inner Earth and Earth begin to create a New Morphogenetic Blending Field.

34. The cities of Light begin to Celebrate.

35. Sun Alcyone is clearly attuned into Inner Earth.

41. Activation of water through helium frequency beginning creation of H₂O₂HE₃.

42. Hydrolaise begins to merge the biosphere of D1-D3 with D4,5 and 6.

43. Aquafarians emerge through the hydrolaise into Earth's reality.

44. Oraphim Cetaceans, Dolphins and Whales merge frequency signatures with Aquafarians and Unite all realities into Oneness.

45. Aquafarians begin their dance through the rainbows to tie the bioenergetics fields into the rainbow bridge.

46. The crystal light streams, crystal gelaisic restructuring and crystal star dust create the new etheric foundation of a new firmament of heaven on Earth.

47. The Frequency Signatures of every individual on Earth is contained in the Morphogenetic sphere of Amenti within the Etheric Core of Earth. The Rebirth can begin.

48. The Blue Sphere transmits the frequency signatures into the Earth's grids.

49. The Earth's grids sends the frequencies into the Bio Energetic Fields.

50. The new consciousness has emerged on Earth.

51. Sun Alcyone is permanently within Inner Earth. So, now the within can become the without.

52. With our Sun Shining brightly from the without to the within, we again align into oneness with Sun Alcyone's Frequency Signature.

53. The 5DNA will be restored to all on Earth the grids.

54. The New Earth has begun the rebirth of our species.

55. The Heliotalic Frequencies of the 14th Dimension are over riding and transmuting all Miasms blocking the Full atunement into the 12th dimension. Our perfect creator and our perfect creation template can now transmit the frequencies of our original divine blue print through the grids of the Earth. The frequencies will transform the consciousness of our bodies and the templates of our bodies in to the 5DNA frequency specific Archetypal Mind, which is woven into the telecommunication channels of the Higher Mind or the Super Consciousness. We are finally being woven back together from our Instinctual Minds and Reasoning Minds into the True All Knowingness of all of the Souls who have gone before us and who have been a part of who we were before and after each mission we embarked upon. We become the past, present and future selves in At One Ment. This is the beginning of a brand new adventure. Sun Alcyone has begun this Atunement through the Star Seeds who have brought their 5DNA and 6DNA to Earth. Theirs will be the first to reactive. This frequency activation will connect to all Star Seeds who are still asleep and then activate the Indigo Shield of the Complete 12 DNA template. All who are on Earth will be activated by this 5DNA consciousness by 2017. The 5DNA will reveal a whole new world of realities that we didn't know existed before. The realities were there, we were simply cut off from them. We also had a set of realities implanted in us that were not our realities --they were the realities of a controlling race who were manipulating our minds through our DNA.

Sun Alcyone The ULTRA VIOLET BLUE SUN aligned at a 90 degree angle of particle spin rate. This alignment was extremely significant as it aligned our planetary body into atunement with all twelve planetary bodies that were originally a part of Tara. The alignment gathered the frequency signatures of the original perfect 12 coded divine blue print of each planetary body as it attuned into oneness with the original Taran body.

As Sun Alcyone was streaming this new frequency of consciousness between two worlds within and between the original Tara which exists within Sun Alcyone in the Pleiadian Star System (the Andromeda M31 Galaxy Spiritual Parallel Body of the Aquarius Matrix), there were a series of Frequencies created and aligned through our

bodies and the bodies of the entire Universe.

I attuned my consciousness through the Elohim of Hearing in Gaia to perfectly collect these frequencies through my consciousness and breath. This is a part of the documents that I was commissioned to keep. This was the mission that I was commissioned to complete when I was sent from the Crystalai Council and the Priests of Ur. I was trained by the Elohim of Hearing and the entire Cosmic Council of Creation to work with the GrandYanas of the Primal Sound Field to collect all of the frequency alignments that have taken place during the complete Harmonic Convergence, Alignment of the Stars, Intervention of the Guardians, and the perfect realignment and treatment of the Earth into Oneness with Tara and Gaia.

We prepared this frequency selection from Sun Alcyone as he creates the magnetic shield of the blue flame to flow through the Soul of all on Earth to activate the fifth strand of DNA. We were given the vision of this event and the frequency signatures of this activation in 2008. It always takes five years for the completion of the Cosmic plan to manifest on Earth. Sun Alcyone will completely manifest within the bioenergetics realm of Earth on March 20, 2012.

Listening to this CD will be very helpful to both Sun Alcyone and the complete transmutation of Earth. The more we focus on the frequencies of Sun Alcyone and the Blue Flame, the faster our 5DNA will activate. This activation will remove the block between our EGO and our Higher Self. Once we regain our complete connection with our Higher Self, we regain our ability of instant manifestation. This is step one in the return of our Divine Heritage. The removal of polarity of duality begins when our chakras 1,2,3 merge into 4,5,6 in harmonic universe one. The 12 sub harmonics of the etheric 12 DNA will transform the DNA structure of the body from the etheric within to ignite the crystal blood, gelaisic sound tone bones and the light skin. The body begins its transformation into the SHINING.
