

Getaway Car

Written by Jessica Lynn

Got the radio turned on up to ten
And we're ridin' around like wanted men
I ain't never felt like this before
Under all these stars yeah in this 4 door

Chemistry's cranked up to eleven
Yeah being with you's as close to heaven
As I might ever get, I got no regrets
And the night ain't even over yet

((Chorus))

*Boy you got me feelin' kinda reckless
That look you're givin' me is dangerous
But you know just what you're doing
Hey, Woah
Oh no you didn't give me any warnin'
That you'd have me fallin', like this
As you stole my heart
In this getaway car*

Yeah this car ain't the only thing that's racin'
And I'm not really sure quite what we're chasin'
Or what we might be here runnin' from
So let's ride this out yeah until it's done

And they say life's what you make it
And when every second's this amazing
An adventure new every time with you
Ain't nothin' that we couldn't do

((Repeat Chorus))

Na na na na na na na na na na...
And the night ain't even over yet
