

Crazy Idea

Jessica Lynn/Guy Balbaert/Tom Lodewyckx

I spent the summer watching how she broke you down
We stayed up all night talking, tryin' to work it out
I'd never hurt you that way

((CHORUS))

*I've got this crazy idea,
Why don't you call me baby?
I've got this feelin' that you can
really be the one
I've got this cravin' for you
I think you're feelin' it too
So don't be shy now, let's try now
Move a little closer to me*

You put your arms around me, I feel so alive
And then I feel you wanting, kiss me, it's alright
It's taken us way too long,
But now we're where we belong

((REPEAT CHORUS))

I know that this could be
Baby with me you'll see
That just maybe crazy's alright tonight

((REPEAT CHORUS))
