## **Application for Purchase of a Labrador Retriever Puppy**

The purchase price of a Cherryacre Labrador puppy is **\$2500.00**, and does include multiple wormings, 1<sup>st</sup> set of vaccinations, an AVID micro-chip with pre-paid registration and an AKC pre-paid registration, puppy folder with copies of both sire/dam clearances, and puppy information as well as a goodie bag for your puppy!

Please complete as much of this form as possible. Each Labrador puppy is as unique and individual as the people who want one. A healthy Lab can live up to 12-14 years. They require and deserve a long-term commitment in terms of love, play, exercise, training, and medical care.

As puppies grow their personalities develop and become more apparent every day. This form will help us match the right puppy for your family. I help select the correct puppy for you based on some of this information you provide so please be as accurate as possible.

Please provide to the best of your ability all of the following information:

**1)Name, 2)Address, 3)Phone Number, & 4)Email Address:**
