PAST PERFORMANCE

DEPARTMENT OF STATES/U.S. EMBASSY

The *American Music Abroad* program communicates America's rich musical contributions to the global music scene by fostering cross-cultural communication to global audiences. The program focus on younger and underserved audiences, with little or no access to American music, in over 140 countries around the globe.

In support of this program, JTG, dba Déja Grün Band, collaborated with local musicians and music schools to provide live demonstrations, workshops, and jam sessions. Our tour culminated with a live concert for over 500 U.S. embassy staff and distinguished guests.
