Regarding Mary White and Magnolia Drawl

To Whom it May Concern,

Mary White and her band have been performing for the Harvest Festival since 2014. I am the person who does the hiring for the Harvest Festival Company's shows, and I have been very pleased with the performances we have gotten from Magnolia Drawl: a huge variety of lively and beautiful Country/Rock favorites with a variety of current and years back. The music is extremely well done, very entertaining, and very high energy. The music is well received by not only the owner and staff of the festivals and the exhibitors, but also the fans who come to the shows.

At the Harvest Festivals, we are happy that so many folks come to do purchasing of the arts and crafts. But they all stay much longer at our shows when they enjoy the staged performances we present...and the Magnolia Drawl Band definitely fits this category. The band also attracts many of their own fans who come just to hear and watch them, but then stay to shop with our exhibitors.

As a leader, Mary is great to work with: she takes care of the business part of our relationship extremely well, and she is very trustworthy.

I am very glad to have met Mary and her band members, and look forward to enjoying their music for years to come.

Sincerely,

A handwritten signature in black ink, reading "Sue Kroninger", written over a horizontal line.
