

# Stoop to Your Level

Key of E, modulates to F#

Lyrics by Abbey Killin

Music by Kyle Herridge

## Intro

E C#m A B

E C#m A B

## Verse 1

E C#m A B

Well if I paid attention to what you say,

E C#m A B

I'd be a sad lady, no I'd go crazy.

E C#m A B

You can try to get under my skin

E C#m A B

But I'll tell you exactly why you won't win.

## Pre-Chorus

A B7

Because all I'm hearing is, blah blah blah,

A B7

When you're standing outside my invisible wall.

## Chorus

E C#m A B

And I'm not gonna stoop to your level

E C#m D A

It doesn't matter what you do to me.

E C#m

Play your games, call me names,

A B E C#m

I could not care less what you think.

A B E

Looking at you, you're a drama queen.

C#m A/B B/C#

## Verse 2

F# D#m B C#

And you can pass your opinions all you want

F# D#m B C#

All you're like to me is a bad paper cut.

F#                    D#m B                    C#  
Every time you snicker, every time you stare,  
                  F#                    D#m                    B                    C#  
You just remind me of how much I don't care.

### Pre-Chorus

                  B                    C#7  
Because all I'm hearing is, blah blah blah,  
                  B                    C#7  
When you're standing outside my invisible wall.

### Chorus

                  F#                    D#m                    B                    C#  
And I'm not gonna stoop to your level  
                  F#                    D#m                    E                    B  
It doesn't matter what you do to me.  
                  F#                    D#m  
Play your games, call me names,  
B                    C#                    F#                    D#m  
I could not care less what you think.  
B                    C#                    F#  
Looking at you, you're a drama queen.

D#m B C#

### Outro

                  F# B                    F#                    A#7 D#m                    B                    F#                    B/C#  
You are a D-R-A-M-A,                    D-R-A-M-A,                    drama queen. No, no, no. (Continue until end)
