

NANCY SCHARFF

The Love Offering

 Thank you for your interest in a Nancy Scharff Contemporary Christian Concert. Nancy is spreading her music ministry throughout the United States and internationally.

It takes support from the body to run a ministry. The Lord has entrusted Nancy with a special musical talent, and has called her to use her gift for the church. There are great expenses involved in album production, musical equipment, touring and general ministry costs. We must support the ministry gifts the Lord gives to the church. If we don't, who will?

As you give your Love Offering, give generously. You will be planting seed into the good ground of Nancy's ministry and you will be blessed for it.

With your help and support, Nancy will be able to continue presenting concerts of quality and meaning. This is just one more way we can express our love for the Lord, and those He has called to serve.
