

I Didn't Try

Schnebelen/Braunagel

Album: Badlands

Trampled Under Foot

I remember the day that I saw your face,
Knew you didn't love me the same
'Cuz we've been all alone
Lovin' on the phone
It ain't easy and hearts change

I never thought we'd ever say goodbye
But we just crossed too many lines
I just couldn't, oh I just couldn't live a lie

But it's not like I didn't try
Was fooled by your innocent smile
Broke my heart and mad eye cry
Oh Lord I cried

I thought I knew you well, but I was under some spell
Blind to the tricks you'd pull
It took me so long to see unconditionally
Was only a one way road

I lived fore you so long, pinned under your thumb
Right where you wanted me
Now you run around town rub my name in the ground
Because I'm happy and I'm free
You can air my dirty laundry
Expose me as a fraud of love

But it's not like I didn't try
Was fooled by your innocent smile
Broke my heart and mad eye cry
Oh Lord I cried
