*She's got a new way of doing it!*

You're a crystal child  
You're a vile dancer  
You've got a lot of things bottled up inside you

*This boy's gonna see that she gets it!*

You're just the Devil's daughter (just the Devil's daughter)  
And I'm just the Demon's son (we're gonna burn)  
Ya know how to do it nice (do it nice)  
Right out in the sight of view

See your face in my mirror

*The broad's askin' for it!*

The reality's clearer

*The broad's askin' for it!*

*She's got a new way of doing it!*

You're a graveyard dancer  
Violent romancer  
You've got a lot of things bottled up inside you...

You're just the Devil's daughter  
I'm just the Devil's son  
You're just the Devil's daughter  
All innocents undone

*She's got a new way of doing it!*

You've got a lot of things bottled up!
