It was the day that she started knowing
She had a gift that started showing

The Starmaker pulled his strings
He gave her golden wings
But vicious snakes invade her world
With cigarettes and purple pills

Man on a red horse, man on a red Harley
Girl on a mind-trip, lost on the mindway
She commits to a custom bike guy
Over-sexed, rebel of rubber
Tired, punched and numbered
Off with her head said the King of Lightning!

*There is an occult explosion taking place in the Western world
Would you like to come along for the ride?*
