*And tonight in Los Angeles, California
Thousands of teenagers will drive up and down Hollywood Boulevard
Endlessly searching for sex*

Hey, c-c-c-come on baby!

Welcome to the temple of the expanded mind!

*Is there anyone out there who believes?
I believe!*

*And tonight in Los Angeles, California
Thousands of teenagers will drive up and down Hollywood Boulevard
Endlessly searching, and endlessly searching, and endlessly searching for Satan
He's the one. He's the only one*

*Oh look what you did
And you did it on purpose!
And you did it on purpose!*

My master and my God, I want no other!
