You like Satan! You are a Satan-worshipping devil!

(I will not answer to your gods)

You will burn in Hell, you Satan worshipping devil!

I saw Miss Hate assisting a suicide in fate-colored glasses

She thirsts for beauty, her teeth to the wind

I ran for my life, Lilith my sweet

Come and take me Electrical Soul Wish

Hold me in your arms

A place beyond shame is where we belong

Electrical Soul Wish, Electrical Soul Wish

We met only last night, and still you do not recognize my voice

Give love and receive love

Experience the doors to your mind

No matter how bizarre

You create your own brave new world

I want to turn everybody on

You expect nothing from me

Mecca for all, saying Mecca for all

Slay it with flowers of cruel destiny

Yearning for the last temptation
