May God strike me dead if I ever hustled! I stole and I ran up bills I never paid, but I never hustled...

Very deadly you
Very deadly you
Ooh baby ooh! She's expensive when nude
A stranger in time, lonely alley cat temptress
Ooh baby ooh! She's one Hell of a screw
Pay by the hour, she's a sexual actress

Woohoo... Very deadly you
Stuck in a lie from a bad reputation
You baby, you! High class taboo
Suckin' the life out of our situation

Her mind's asleep but her body's on fire
Zombie lover's gonna get ya higher!

Very deadly you
Very deadly you
Ooh baby ooh! She don't play by the rules
Slaughter the night, feed your guilty persuasions
Ooh baby ooh! She ain't got nothin' to lose
On a suicide ride filled with lurid seductions

Woohoo... Very deadly you
Stuck in a lie from a bad reputation
You baby, you! High class taboo
Suckin' the life out of our situation

Yeah she's high class taboo, keep away!
High class taboo... High class taboo

Woohoo... Very deadly you.
Stuck in a lie from a bad reputation
You baby, you! High class taboo
Suckin' the life out of our situation

Her mind's asleep but her body's on fire

Zombie lover's gonna get ya higher!
When she's got a lot of cash she feels alive
That dirty little whore will take you for a ride...
Very deadly you!
