

# DELIVER ME

Peter Eldridge

It's been said to find the kingdom of heaven  
You must become like a child and start all over again  
But I don't feel like a child no more  
I guess I've seen way too much to be who I was before

I don't know who to trust or what to believe  
How come the powerful ones got all those tricks up their sleeve  
I'm hungry for truth, looking for some living proof  
Something that makes sense to me

## CHORUS

Please deliver me cause I'm falling  
Please remember me, hear me calling  
I keep looking round and wondering why  
Sometimes you seem so hard to find  
And I fall behind  
I keep falling behind

I look inside, I look around me for grace  
Search for soul and compassion  
Put a spirit to the face  
Is it just being human, to keep hoping for the best  
And always coming up short and settling for less

I don't mean no disrespect  
But is there anything I can expect  
Trying to sift my way through what I can and what I cannot accept  
Do all these questions separate me from you  
Or do they come straight from you?  
Leading me to what's true

## CHORUS

Trying to be true to you and true to myself

Somewhere between standing proud and screaming for help  
I think the best I can do is to keep hoping in you  
And hope that you believe in me  
With your mercy

Deliver Me  
Remember Me . . .
