

# ABC (The Writing Song)

(By Sean McCollough)

## **CHORUS:**

A B, ABC, ABCDEFG

H I J K LMNOP

QRS, TUV, WXYZ

A B, ABC, ABCDEFG

Somebody long ago made up the alphabet  
So we could write down all the things in our head  
Switch the letters all around, find yourself the perfect sound  
To make the words to speak your mind leave your troubles all behind

## **CHORUS**

Write a story, write a song, write a poem, you can't go wrong  
Write a verse in perfect rhyme, but let that verse be free sometimes  
Write a novel thick and sturdy, paint a sign that's not too wordy  
Try your hand at a haiku, just seventeen syllables and you

## **CHORUS**
