

# I WANT A LOVER

Words and Music  
By Hal Bruni

Key of C

## Verse 1

Two young lovers wild and free  
Laying side by side beneath an old oak tree  
Blanket sprawled out and a picnic basket  
They ain't worried about who's watchin'

## Chorus

I want a lover like that  
Someone who's not afraid of a little romance  
I want a lover like that  
Someone who'll take a chance

## Verse 2

Two old people sittin' in the park  
Feedin' the pigeons just before dark  
Looks like they've been married for years  
And they're still holdin' hands and laughin'

## Chorus 2

I want a lover like that  
Someone who likes takin'

And don't mind givin'

I want a lover like that

Someone who loves livin'

***Bridge***

I ain't no hopeless romantic

I'm just a lonely fool

Lookin' for one special woman

Who's just a little lonely too

***Back into Bridge***

**Chorus 3**

I want a lover like that

Someone who just wants to be together

I want a lover like that

Someone who believes in forever

Someone who believes in forever
