"If you're one of those people who likes any style done well-- old-school jazz, folk, pop, classical--you'll love this prodigiously talented threesome. Keyboards, brass, all sorts of strings, and beautiful singing make for a dynamic show packed with energy and surprises."

Sarah Craig | Caffè Lena | Saratoga Springs, NY

The Heather Pierson Acoustic Trio—Heather on vocals/piano/strings; Davy Sturtevant on strings/brass and vocals; Shawn Nadeau on bass and vocals—are three NH-based musicians from three generations creating original Americana inspired by the streets of New Orleans and the hills of Appalachia. With their 'traveling music store' of instruments, this trio delivers heartfelt music with instrumental ease, stirring three-part vocal harmonies, wit, and earthy charm.
