

GIVE GIVE GIVE

You treat me so harsh, you treat me so mean
I think you're 'bout the worst man this girl's ever seen
Oh baby, this ain't no way to live
All you ever do is take
And all I do is give give give

I told you not to fuss, I told you not to fight
But then you made me cry and kept me up all night
Oh baby, this ain't no way to live
All you ever do is take
And all I do is give give give

I used to be young, I used to be nice
But then I met you and now I'm payin' the price
Oh baby, this ain't no way to live
All you ever do is take
And all I do is give give give

I'll never know why you do this to me
But even if I leave you I will never be free
Oh baby, this ain't no way to live
All you ever do is take
And all I do is give give give
All you ever do is take
And all I do is give give give
