I spent a lot of time looking over my shoulder  
Spent a lot of time looking down  
When it comes to feelin' lonely  
I've been known as the best around

Chorus:

Oh be still my heart, I just wouldn't know where to start  
No words to explain  
And when we're apart, and the road gets to looking dark  
I see her shinin' on the horizon, my Dakota sunrise

In the wee hours of the morning  
You're the fire of a brand new day  
And if my eyes ain't pointed toward you  
I know your color's gonna shine my way anyway

[chorus]

Recycled lives  
Thousands of years wise  
I see it in her eyes  
The sun is on the rise

[chorus]
