

If I Die In A Nuclear War

Calman Hart

If I die in a nuclear war
Will it be quickly like lightning
Or will I just fade till I am no more
If I die in a nuclear war

If I die from a shot in the street
Will it be someone who knows me
Or someone whose target is indiscreet
If I die from a shot in the street

Why should I worry how my dying breath is spent
For when I'm dead and gone will it matter to me how I went

If I die alone in my bed
Will it be peaceful or frightening
Will I remember the life I led
If I die alone in my bed
