

## Elyse Aeryn - Short Bio

Elyse Aeryn is emerging on the east coast music scene with a fresh yet nostalgic sound, reminiscent of 90s alt-pop with a hint of rock & roll. Her 2020 EP, *Shades of Blue*, was produced entirely by Aeryn from her Cape Breton home. She has legitimized herself as a CBC Searchlight Top 100 artist, a regional finalist in the Jim Beam Talent Search 2020, and with a #1 song on the 97.5 Community Radio East Coast 30. The live-off-the-floor video performance of her single *East Coast Winter*, now with >200k Facebook views, has become an anthem for east coasters across the country. Aeryn is currently working on her next album with her band, diving into a more organic, alt-rock atmosphere, with an expected release of mid-2022.
