6. 1 (One) Duplex Power drop + 1 (One) Power Strip (tuner, pedalboard, amp)
7. At least 1 (One) monitor speaker
8. A small table on stage is appreciated

If PA does not meet these standards, please call ASAP to discuss PA set-up.

D. Lighting

1. Professional stage lighting appropriate to the size of the venue

E. Parking

1. VERY IMPORTANT: At least two reserved parking spaces for the band's vehicles outside the stage door. (One for solo performances)

F. Stage Requirements

1. A stage area of 12' x 16' minimum (for trio or full band configurations)

DIRECTIONS: THIS IS IMPORTANT. A map with directions to the venue and hotel should be included with the return of the signed contract and rider. If there are special parking or driving situations we should be aware of, please contact us in advance.

*Thanks for having us!
We're looking forward to playing for you!*

NOTES:

This is not a full contract rider or agreement.

This is only a technical rider provided as a convenient source of helpful information.

Please contact ComboPlate Booking Agency for more information or for complete rider.
