Luis & The Wildfires were formed in 2007 and over the last 4 years they have developed into one of the world's best Rock'n'Roll bands. The band's live show is an event that if you are lucky enough to witness you will never forget. The bands first record, Brain Jail, has become a modern Rock'n'Roll classic continuing to sell all around the world. This new record shows the ongoing musical development within the band and reaches into all the music influences of the 4 band members. We here at wild records hope you enjoy this record as much as we did making it!
