Lazing the day away
Hot in the summer
Trees are starting to sway
Hear the birds chatter

Heaven is in the yard
We can let down our guard
Don't have to work too hard
To be happy

Happiness built for two
Baby that's me and you
We've got nothing to do
So let's be happy

Heaven is here it's true
Look how the sky is blue
Perfect for just us two
Just call us happy

Heaven is in the yard
Don't have to work too hard
It's the new avant-garde
To be happy

Happiness built for two
Baby that's me and you
We've got nothing to to
So let's be happy

Heaven is here it's true
Look how the sky is blue
Perfect for just us two
Just call us happy
