

# The Stoneleighs

The Stoneleighs are the premier Rolling Stones tribute band in Dallas/ Fort Worth, honoring the famous sound and energy of the greatest rock band in history, The Rolling Stones!

The Stoneleighs recreate the sound and feel of the Rolling Stones note for note. With an emphasis on the music and sensation of the Stones, we play the top hits of the Stones in addition to the deep cuts that have been played live in concert. We cover songs primarily from the late 60's to the 90's. Each gig is a recreation of a specific live show the Stones played...song for song. So, if you're looking for some satisfaction, let's spend the night together because you know...it's only rock and roll and you like it!

Justin Whitehead embodies the energy, personality and incredible vocal range of front man, Mick Jagger. Justin swaggers, prances, prowls and grooves his way across a set list complete with longstanding crowd-pleasing classics. Justin entered the Dallas music scene in 2006 as the bass player and vocalist for the alternative band Four Left Turns and played bass for Andrew Delaney & The Horse You Rode in On.

Jay Spence plays the role of Keith Richards in The Stoneleighs. He brings a wealth of pop, rock and jazz experience to the band with an emphasis on high energy stage presence. Jay spent 20 years as musical director of 4 Out of 5 Doctors, a Dallas-based improv and sketch comedy troupe. When not performing, Jay works in advertising sales. His career includes Rolling Stone magazine, the Wall Street Journal and Cumulus Media. Jay takes pride in creating the signature sound of the guitarists he is honoring, and Keith Richards is no exception.

Don Dobbs has been with the Stoneleighs for the past nine years recreating the open tunings sound of the Stones as close as possible. His early influences were Chuck Berry, Ron Wood, Jimmy Page, and Ritchie Blackmore. Today, he exemplifies the majestic tones and bluesy riffs of Ron Wood. Don graduated from Oklahoma State University in Stillwater with a degree in Electrical Engineering and is Director of Engineering with Scripps Media.

John McCormick plays the part of Bill Wyman, also known as "The Quiet One." John has been playing bass for over 40 years, in all styles of music, in Dallas and in Austin, and was Mick Jagger's personal pilot for a day. The Stoneleighs captivating performance is held together by the rock-solid foundation provided by John's bass guitar work. When not on-stage playing music, John can be found flying airplanes or riding motorcycles.

Brad Bartlett started playing drums at the age of six years at the urging of his mother who was a big band singer with Count Basie on the USO Tours of WWII. Brad earned his Master of Music Performance from North Texas State. Brad has toured with Al Green, The Pointer Sisters, Roberta Flack, The Spinners, and Michael Buble'. Most recently he has performed with Jeff Beck, Gino Vannelli, The Fab Four, 1964 The Tribute, and most importantly The Stoneleighs where Brad gets to emulate his childhood idol, Charlie Watts.

Gene Perry is one of the founding members of The Stoneleighs which has been together for the past ten years. Gene is a professional touring and session musician in the North Texas area playing with groups including The Breakfast Club, 1121, Pub Monkeys, and The Chuck Ligon Band.

Whether with The Stoneleighs, or playing jazz, fusion, Latin, classical, reggae, blues or Broadway, Michael Johnson is a formidable sax player with a warm sound, strong rhythmic feel and creative improvising ability. With excellent reading, section playing and soloing skills, Johnson performs at ease in a variety of music.
