Bernese Mountain Dog Club of America Draft Test Purpose

The Bernese Mountain Dog Club of America Draft Tests are a series of exercises designed to develop and demonstrate the natural abilities of purebred Bernese Mountain Dogs in a working capacity involving hauling. The Bernese Mountain Dog has historically functioned as a draft dog in various capacities, and performance of these exercises is intended to demonstrate skills resulting from both inherent ability and training which are applicable to realistic work situations. Efficiency in accomplishment of tasks is essential. It is also desirable that the dog evidence willingness and enjoyment of his work in a combination of controlled teamwork with his handler and natural independence.

These are All Eligible Dogs draft tests.

Please remember to be responsible dog owners and pick up after your dog(s).

By participating in or attending this test, you understand and agree to the terms of the Misconduct Disciplinary Procedure. This procedure is a clarification of the Discipline Section of the BMDCA Draft Regulations.

Health & Social Distancing Considerations

Due to the conditions surrounding the COVID-19 pandemic, the BMDCA Draft Working Committee and the local BMD clubs have been working together to make adjustments to draft test procedures in order to make it as safe as possible for all involved. All draft test regulations are still in force. Local government restrictions will also be adhered to and could change after the publishing of this premium. If restrictions do change that affect the test, either a premium update or broad notice will be sent out to all involved. **Each person attending the draft tests will have to sign a COVID19 waiver. Please find it included in this premium and return it signed with your entries.**
