Membership fees (Cdn. funds):

Canadian member: \$30; Foreign Member - \$30; Canadian Family (one vote) - \$30

## CODE OF ETHICS

1. Members will consider the welfare of their dogs and that of the breed above any personal gain.
2. Members will be expected to conduct themselves in a manner representative of the principles upon which the Canadian Bloodhound Club is founded. Members will demonstrate good sportsmanship in the conformation and obedience ring and at field events. Members will pledge to help educate the public as to the attributes of the Bloodhound and will help educate the novice whenever and wherever they can with training, breeding and in general care.
3. Members will attempt, as breeders to breed for improvement of the breed as exemplified by the Canadian Kennel Club Standard.
4. Members shall breed selectively by mating only sound dogs of good type according to the CKC Bloodhound Standard and with natural ability to reduce faults to a minimum and thereby attempt to produce puppies with these attributes that will be a credit to the breed.
5. Members will keep accurate and complete records of their stock, their matings and their pedigrees.
6. Members shall, when breeding: mate only healthy, mature animals of sound temperament, which can be guaranteed to be registered or registerable with the CKC, free of clearly defined and understood congenital defects, and free of other permanent disqualifying faults set out in the Official Standards of the CKC.
7. a) Members will refuse to have a commercial relationship with unethical breeders, pet shops or wholesalers, and will attempt to place puppies in a home with adequate facilities where they will receive proper attention and care.  
b) Members who knowingly deal with said groups shall be subject to discipline under **Article V** of the Club by-laws.
8. Members will maintain the best possible standards of health and care in all their dogs and will sell puppies that are healthy, free of parasites, with the required immunization and are properly identified by tattoo or microchip (Canadian bred dogs) and will not sell dogs before they are 8 weeks old.
9. Members will maintain and pass onto purchasers, factual health, breeding and registration records and will furnish a Canadian Kennel Club registration certificate as promptly as possible. A three-generation pedigree shall also be furnished to each purchaser. In cases where, because of heredity faults or because of the nature of the sale or at the discretion of the breeder, a non-breeding contract and its terms should be fully and fairly explained to the purchaser. A written agreement containing the terms and conditions, upon which the non-breeding agreement may be released, as well as the conditions of sale and guarantees, will be entered into and signed by both parties. The purchaser will be furnished with completed copies of all agreements immediately.
10. Members will advise purchasers of any faults, as listed in the standard that the dog may have.
11. a) Members will urge the purchaser to have any puppy or adult examined by a veterinarian within 48 hours of receipt. A period of 48 hours is granted to return any dog sold, for reasons of health, provided a signed veterinarian's health certificate is presented.  
b) The Breeder must take full responsibility for said puppy/dog. If resale/adoption occurs, full disclosure to medical/psychological problems must be presented to the new owners. If the puppy/dog is placed in the rescue system the breeder and sire owner will be help responsible for either taking the dog back or aiding the rescue system financially in finding a new home.
12. Members will advertise in an honest and fair manner and will not misrepresent themselves or their stock.
