

“Old school” book catalogue...

So, here it is, the first antiquarian and second-hand book catalogue I have issued in printed form for many a long year. The last one was published so long ago that I have no recollection of the year it was issued or, indeed, what number it was - perhaps someone can enlighten me?

The catalogue includes both baseball and cricket books, mainly the latter, including item 53 (*see illustration to front cover*), an uncommon American publication which relates to both sports - a manual on cricket written by an Englishman who is often referred to as the “Father of Baseball”, namely Exeter-born Henry Chadwick. The inclusion of over 60 baseball books reflects the fact that over the past few years I have become more and more enamoured with the sport: item 264 details my 2019 limited edition booklet *‘Harry’s Mission. The American Baseball Players tour of the British Isles, 1874’*, which recalls a long forgotten tour of the British Isles in 1874 by Boston Red Stockings and Philadelphia Athletics baseball players.

Aside from the 300-plus books listed, 113 of which are signed, the catalogue also includes a large, original photograph of a Nottinghamshire County Cricket Club XI pictured in 1905 on the occasion of JA Dixon’s final match for the county, and several Edwardian cricket postcards.

The final item, number 318, is a most uncommon cabinet card of the Lancashire and England batsman Albert Ward. The photograph was taken when he was professional at Darwen Cricket Club c1886 and was used in a recent limited edition publication of mine, *‘Life Story of Albert Ward: His Recollections of Great Players’*. Number one in my ‘Interviews with famous Lancashire cricketers’ series, this short-run limited edition booklet proved so popular that it sold out within 48 hours!

Finally, forthcoming Red Rose Books limited edition cricket publications due out before the end of the year include a biography of the Lancashire, London County, and New South Wales cricketer Leslie Poidevin by Max Bonnell, and my book on Lancashire’s unbeaten Championship-winning season of 1904.

Meantime, stay safe, keep well, and enjoy what’s left of what has been, thus far, a truly miserable year.

You never know, England might even regain the Ashes!
