

# Song For A Rainy Day (Jonny Walker)

Chords (Capo 2nd fret)

**INTRO:** C G D/F# Em x3  
Am7 D/F#

## CHORUS:

C D/F# G  
And the rain falls harder than

Am7 D/F#  
Before you came

C D/F# G  
And the rain falls harder now

Am7 D/F#  
You've gone away

C G D/F# Em  
I never knew you well, but I knew you more than most

C G D/F# Em  
You're haunting my dreams like a lingering ghost

C G D/F# Em Am7 D/F#  
I'd wait to see you still walking down dark corridors

## CHORUS

We had it in our hands, but we couldn't hold on  
For I had seen you there, but when I turned you had gone  
All of everything was not enough for you

## CHORUS

I bent my ears to hear all the stories that you told,  
You promised me beneath your sheets we'd never grow old,  
But like all empty words, you simply slipped away

## CHORUS

All the things that you said were just lies in your bed  
There are no monsters underneath, cos they were all in your head  
And the more that you take the less you get to keep

## CHORUS

**OUTRO:** C G D/F# Em x3
